TCS, Chief Executives for Corporate Purpose, and PYXERA Global Unveil New Programming for Digital Empowers Initiative

Tata Consultancy Services' Technology for Social Good Effort to Develop Digital Solutions for Key Societal Challenges; Feature Full Slate of Events Over Next 12 Months

EDISON, NEW JERSEY, April 14, 2022: Tata Consultancy Services (TCS) (BSE: 532540, NSE: TCS) in partnership with Chief Executives for Corporate Purpose (CECP) and PYXERA Global, announced a new slate of programs and events for Digital Empowers, a groundbreaking initiative that brings together organizations from different sectors to explore how transformative digital innovations can solve local and global challenges.

Digital Empowers' inaugural event will take place on Thursday, April 21, from 1:00 pm to 2:00 pm ET. Titled "*Systemic Change Powered by Digital Innovation,*" it will feature Balaji Ganapathy, Global Social Responsibility Officer, TCS; Minerva Tantoco, Chief AI Officer, NYU McSilver Institute; Deirdre White, CEO, PYXERA Global; and Susan Walsh, CTO, US Retail and Consumer Goods, Microsoft. *Register here to join.*

"*Digital Empowers is one of the only technology forums that brings together leading organizations from across different sectors to explore how digital innovations of all types can lead to transformative solutions to local and global challenges,"* said **Balaji Ganapathy, Global Social Responsibility Officer, TCS**. "*TCS is thrilled to welcome back this initiative with our new partners, CECP and PYXERA Global. Their leadership ensures we'll break barriers and exceed expectations*."

"*CECP is honored to be part of Digital Empowers to help create evidence based solutions and methods that solve some of the world's most pressing problems*," said **Daryl Brewster, CEO, Chief Executives for Corporate Purpose (CECP)**. "*This innovative partnership will work to collectively create positive change for all stakeholders as we look to build a better world through business*."

"*Our systems are changing in monumental ways*," said **Deirdre White, CEO, PYXERA Global**. "*Today, more than ever, technology has the potential to accelerate positive, constructive, and sustainable change. It requires leadership and coordinated effort from across business, government, and nonprofit organizations. Digital Empowers brings leaders together from across the sectors to move towards technology-based solutions to some of the most pressing issues of our time*."

TCS' Digital Empowers was launched in 2018 with the goal to raise awareness of digital technologies and social issues, explore the art of the possible, and foster cross-sector partnerships. The initiative convenes corporate leaders, subject matter experts, non-profit implementers, and innovative entrepreneurs across in-person and virtual events, live facilitated collaborations, and online mediums. Technology has the power to enable and scale solutions that address critical global issues equitably, transparently, and inclusively. Digital Empowers provides the kind of leadership, vision, and collaboration required to renew energy and harden commitments to move forward and create change.

New in 2022 is the Digital Empowers Collaborative, an invitation-only cohort of 15 to 20 individuals chosen from business, government, and civil society who will engage to build a cooperative approach towards sustainable and circular solutions**.** Request an invitation to join the Collaborative by contacting northamerica.csr@tcs.com.

The redesigned Digital Empowers website features a series of five discussion boards focused on the circular economy, the future of work, food security, the digital divide, and healthcare equity. Register here to join a conversation, network with like-minded individuals, and gain insights on technology innovations for social impact.

To learn more about Digital Empowers and register for the inaugural event on April 21st, visit

https://on.tcs.com/SystemicChangeEvent This event is free of charge and open to the public.

About Tata Consultancy Services

Tata Consultancy Services is an IT services, consulting and business solutions organization that has been partnering with many of the world's largest businesses in their transformation journeys for over 50 years. TCS offers a consulting-led, cognitive powered, integrated portfolio of business, technology and engineering services and solutions. This is delivered through its unique Location Independent Agile™ delivery model, recognized as a benchmark of excellence in software development.

A part of the Tata group, India's largest multinational business group, TCS has over 592,000 of the world's best-trained consultants in 46 countries. The company generated consolidated revenues of US $25.7 billion in the fiscal year ended March 31, 2022, and is listed on the BSE (formerly Bombay Stock Exchange) and the NSE (National Stock Exchange) in India. TCS' proactive stance on climate change and award-winning work with communities across the world have earned it a place in leading sustainability indices such as the MSCI Global Sustainability Index and the FTSE4Good Emerging Index. For more information, visit **www.tcs.com**

About Chief Executives for Corporate Purpose (CECP)

CECP is a CEO-led coalition that believes that a company's social strategy — how it engages with key stakeholders including employees, communities, investors, and customers —determines company success. Founded in 1999 by actor and philanthropist Paul Newman and other business leaders to create a better world through business, CECP has grown to a movement of more than 200 of the world's largest companies that represent $11.2 trillion in revenues, $23 billion in societal investment, 14 million employees, and $21 trillion in assets under management. CECP helps companies transform their social strategy by providing customized connections and networking, counsel and support, benchmarking and trends, and awareness building and recognition. For more information, visit http://cecp.co.

About PYXERA Global

Our goal is simple: to enrich lives and livelihoods worldwide, inclusively and sustainably.

For over thirty years, PYXERA Global has leveraged the unique strengths of corporations, governments, and social sector organizations to create groundbreaking partnerships that leverage the innovation in each to create meaningful change worldwide. For more information, visit https://www.pyxeraglobal.org
