TCS Crystallus™ Launched to Help Enterprises Accelerate SAP S/4HANA Transformations

Tata Consultancy Services Launches Set of Pre-configured Industry Solutions to Ensure Superior Business Outcomes from SAP S/4HANA Transformations

MUMBAI, June 15, 2020: Tata Consultancy Services (TCS) (BSE: 532540, NSE: TCS), a leading global IT services, consulting and business solutions organization, announced the launch of TCS Crystallus™, a set of pre-configured industry solutions that accelerate SAP S/4HANA-enabled digital transformations, giving enterprise customers a competitive edge.

Built using TCS' vast domain knowledge and proven best practices, TCS Crystallus caters to various industries, including life sciences, hi-tech, professional services, and travel and transportation. For instance, TCS Crystallus for life sciences includes business solutions like the Intelligent Field Inventory Management solution that uses IoT and blockchain to provide real time visibility of surgical kits to all the ecosystem partners, ensuring right availability at the end point of usage and timely monetization.

The ready-to-deploy solutions include assets and accelerators that kick-start enterprises' digital transformation journeys leveraging intelligent technologies and SAP S/4HANA as the digital core and enable faster time-to-market by up to 20 to 30 percent. Additionally, the solutions ensure faster and superior business outcomes with reduced risks and assured business continuity during the transformation.

"*Continuous marketplace disruptions and unforeseen crisis situations have made it an imperative for organizations to accelerate their digital transformation journeys,*" said **Akhilesh Tiwari, Global Head, Enterprise Application Services, TCS.** "*TCS is focused on developing innovative solutions that help our customers be adaptive and resilient today and in the future. With TCS Crystallus, we offer customers our proven experience packed into assets, accelerators and best practices to ensure full adoption, value realization and improved return on their SAP transformation investments*."

TCS' SAP services portfolio encompasses interactive design, advisory, consulting, implementation and other support services. The company helps customers evaluate digital offerings such as SAP S/4HANA, SAP C/4HANA®, SAP® SuccessFactors®, SAP Intelligent Spend Management, and SAP Cloud Platform, and define their roadmap, architecture, and strategy. TCS' solutions are built on contextual knowledge and SAP best practices and enable enterprises to confidently embrace digital technologies as part of their ecosystems so they can benefit from innovation, agility and precision.

About Tata Consultancy Services Ltd. (TCS)

Tata Consultancy Services is an IT services, consulting and business solutions organization that has been partnering with many of the world's largest businesses in their transformation journeys for over 50 years. TCS offers a consulting-led, cognitive powered, integrated portfolio of business, technology and engineering services and solutions. This is delivered through its unique Location Independent Agile™ delivery model, recognized as a benchmark of excellence in software development.

A part of the Tata group, India's largest multinational business group, TCS has over 448,000 of the world's best-trained consultants in 46 countries. The company generated consolidated revenues of US $22 billion in the fiscal year ended March 31, 2020, and is listed on the BSE (formerly Bombay Stock Exchange) and the NSE (National Stock Exchange) in India. TCS' proactive stance on climate change and award-winning work with communities across the world have earned it a place in leading sustainability indices such as the Dow Jones Sustainability Index (DJSI), MSCI Global Sustainability Index and the FTSE4Good Emerging Index.
