Three UK Partners with TCS to Accelerate 5G Network Rollout

*Tata Consultancy Services to Help Three Configure and Maintain its Next-generation Mobile Network;
Leverage Automation Technology to Ensure First Time Right Network Operations*

LONDON | MUMBAI, January 18, 2021: Tata Consultancy Services (TCS), (BSE: 532540, NSE: TCS) a leading global IT services, consulting and business solutions organisation, announced that it has been selected by Three UK, one of the UK's leading mobile network carriers, to help the latter configure its mobile network for its ongoing rollout of 5G services.

Three is in the process of deploying a new 5G radio access network which is already live in 175 towns and cities in the UK, across more than 1,000 sites, providing its customers with access to next generation 5G connectivity. It selected TCS as its partner to manage the configuration of a new core next generation mobile network, and ensure it integrates correctly with the 5G radio access network. This work will include configuring the core network for new site deployments, site upgrades, performance management, and 3G and 4G tuning changes.

TCS' software will speed-up configuration checking and reduce manual errors, ensuring first time right network configuration. TCS is also providing 24x7 support across the network for configuration corrections and ad-hoc site testing. These improvements will help Three deliver faster, secure and more reliable 5G services to its customers.

"Three UK's 5G roll-out is underpinned by our agility in bringing services to market. Our decision to partner with TCS was based on this need to deliver at pace whilst being flexible to changing demands. TCS were able to rapidly mobilise and are now embedded in our 5G delivery to support our 5G journey," said **Carlo Melis, Chief Networks Officer, Three UK.**

"We look forward to expanding our work with Three as we enter this exciting new period of widespread 5G consumer availability in the UK. Providing customers with the best possible network access is at the heart of Three's mission and we are thrilled that they have chosen TCS' unrivalled network management and configuration solutions to help them achieve this," said **Carol Wilson, Head, Communications, Media and Information Services Business – Europe and UK, TCS.** *"With our deep telecommunications industry expertise and continued investments and innovation in 5G, we are the ideal partner to make this a success. Our new partnership will help Three's network to continue to provide the standout experience their customers have come to expect."*

TCS has been Three UK's trusted partner for the past 15 years, working with a wide variety of business units and has been instrumental in supporting the company's ambition of becoming the world's first telco, to host all its applications entirely on the public cloud.

About Three

Three launched in 2003 as the UK's first 3G only network, laying its foundations as the network that was born to be different. Today Three is a connectivity company that connects people to people, people to things and things to things and has 9.5 million customers.

An average Three customer uses 3.5 times more mobile data than the industry average and its network today covers 99% of the UK population.

Three launched 5G in August 2019 and also has the UK's leading 5G spectrum holdings with more than the rest of the industry combined. Three is the only operator able to meet the International Telecoms Union (ITU) 2020 standard for full 5G services.

Three is the official shirt sponsor of Chelsea FC men's and women's teams.

Three was voted the Best Network for Data at the Mobile Choice Consumer Awards, as well as Best Network for Roaming by uSwitch, and the Best High Street Retailer at the Mobile Industry Awards.

Three UK is part of the CK Hutchison Holdings Ltd group of companies which has mobile operations in 11 countries. We employ more than 4,800 people across our offices in Maidenhead, Glasgow and Reading and our 311 retail stores.

About Tata Consultancy Services Ltd (TCS)

Tata Consultancy Services is an IT services, consulting and business solutions organization that has been partnering with many of the world's largest businesses in their transformation journeys for over 50 years. TCS offers a consulting-led, cognitive powered, integrated portfolio of business, technology and engineering services and solutions. This is delivered through its unique Location Independent Agile™ delivery model, recognized as a benchmark of excellence in software development.

A part of the Tata group, India's largest multinational business group, TCS has over 469,000 of the world's best-trained consultants in 46 countries. The company generated consolidated revenues of US \$22 billion in the fiscal year ended March 31, 2020, and is listed on the BSE (formerly Bombay Stock Exchange) and the NSE (National Stock Exchange) in India. TCS' proactive stance on climate change and award-winning work with communities across the world have earned it a place in leading sustainability indices such as the Dow Jones Sustainability Index (DJSI), MSCI Global Sustainability Index and the FTSE4Good Emerging Index.
