Lockdown Feat: TCS Deploys Digital Solution Remotely to Help Adani Ports Transform Mundra Operations

Tata Consultancy Services' DynaPORT Solution, Implemented Through Secure Borderless Workspaces™, to Help APSEZ Automate and Optimize Operations

Mumbai, June 23, 2020: Tata Consultancy Services (TCS), (BSE: 532540, NSE: TCS), a leading global IT services, consulting and business solutions organization, announced that it has successfully deployed TCS DynaPORT, a state-of-the-art terminal operating system at the Mundra CT4 terminal for Adani Ports and Special Economic Zone (APSEZ) Limited, India's largest private port operator and end-to-end logistics provider. The deployment was completed remotely, while under a lockdown, leveraging TCS' Secure Borderless Workspaces™ (SBWS™) model.

APSEZ operates 11 strategically located ports and terminals that represent 24 percent of India's port capacity. As part of the company's growth and transformation journey, it chose TCS to deploy the DynaPORT solution at the Mundra terminal, a multipurpose port that serves as a major economic gateway.

DynaPORT, currently powering more than 80 terminals across the globe, is a one-stop solution for order-to-invoice processes and supports multi-modal (vessel, rail, truck and barge) and multi-purpose (container, break-bulk, liquid bulk, dry bulk and ro-ro) requirements by leveraging digital platforms to address key challenges.

India's countrywide lockdown due to the COVID-19 pandemic meant that port operations, and the implementation, ground to a halt. The TCS team switched to SBWS, a transformative operating model that allows organizations to fully and seamlessly transition to virtual workspaces, and proceeded to implement DynaPORT at CT4.

With DynaPORT, APSEZ can expect to reduce its total cost of ownership, improve terminal performance, accelerate business transformation and ensure resource optimization. The success of this remote implementation is viewed as a gamechanger that will enable terminal operators to roll out applications faster.

Capt Unmesh Abhyankar, Joint President, CEO Office, APSEZ, said, "*The abnormal becomes normal. With the announcement of 75% work from home by TCS, it gave us the inspiration, and the site team was also up to the mark to take it forward. As I have said, I will continue my belief in TCS to deliver against all odds, and your product is proving it*."

Sridharan Narayanan, Global Head – Ports & Cargo, Travel, Transportation and Hospitality unit, TCS, said, "*As a growth and transformation partner, we are committed to bringing together the very best of TCS to help our customers meet their business objectives even in uncertain times. This implementation is a testament to the effectiveness of the Secure Borderless Workspaces model, and to our customer-centricity.*"

About Adani Ports and Special Economic Zone

Adani Ports and Special Economic Zone (APSEZ), a part of globally diversified Adani Group, is the largest integrated logistics player in India. In less than two decades, the company has built a formidable presence

in port infrastructure and logistics services. APSEZ's 11 strategically located ports and terminals — Mundra, Dahej, Kandla and Hazira in Gujarat, Dhamra in Odisha, Mormugao in Goa, Visakhapatnam in Andhra Pradesh, and Kattupalli and Ennore in Chennai — represent 22% of the country's total port capacity, handling vast amounts of cargo from both coastal areas and the vast hinterland. The company is also developing a transhipment port at Vizhinjam, Kerala and a container Terminal at Myanmar.

About Tata Consultancy Services Ltd. (TCS)

Tata Consultancy Services is an IT services, consulting and business solutions organization that has been partnering with many of the world's largest businesses in their transformation journeys for over 50 years. TCS offers a consulting-led, cognitive powered, integrated portfolio of business, technology and engineering services and solutions. This is delivered through its unique Location Independent Agile™ delivery model, recognized as a benchmark of excellence in software development.

A part of the Tata group, India's largest multinational business group, TCS has over 448,000 of the world's best-trained consultants in 46 countries. The company generated consolidated revenues of US $22 billion in the fiscal year ended March 31, 2020, and is listed on the BSE (formerly Bombay Stock Exchange) and the NSE (National Stock Exchange) in India. TCS' proactive stance on climate change and award-winning work with communities across the world have earned it a place in leading sustainability indices such as the Dow Jones Sustainability Index (DJSI), MSCI Global Sustainability Index and the FTSE4Good Emerging Index.
