## TCS Named a Leader in AWS Services in the US by ISG

*Tata Consultancy Services' Innovation-Driven Approach, Secure & Scalable Solutions, and Broad Spectrum of AWS Consulting Services, Cited as Key Strengths*

**NEW YORK | MUMBAI, January 24, 2022:** Tata Consultancy Services (TCS) (BSE: 532540, NSE: TCS) has been recognized as a Leader in the ISG Provider Lens™ AWS Ecosystem Partners report for the US across Managed Services, SAP Workloads, Internet of Things, Migration Services and Consulting Services.

According to the report, TCS' strength lies in its innovation approach, strategic value enablement and its Business 4.0™ capabilities combined with its technology offerings. It goes on to say that TCS' ability to manage large-scale complex AWS migrations and 360-degree cloud consulting services have demonstrated significant impact both on strategic and operational outcomes of clients.

*"TCS leverages its deep contextual knowledge, comprehensive portfolio of industry solutions, and investments in innovation to help customers leverage new scalable business models and drive their multi-horizon transformation journeys on AWS,"* said **Krishna Mohan, Global Head, AWS Business Unit, TCS**. *"This Leadership position in the US is a reflection of our vision complemented by our strategic investments across a broad set of offerings on AWS Cloud."*

TCS' [AWS Business Unit](#) is a full-stack, multidisciplinary business unit that offers global enterprise customers customised end-to-end services and solutions around cloud migration, application and data modernisation, managed services, and industry-specific innovation leveraging the AWS cloud. TCS is an AWS Premier Consulting Partner, AWS Public Sector Partner, AWS Solution Provider Partner and AWS Public Sector Solution Provider.

TCS' large pool of AWS cloud-ready professionals leverage their domain knowledge and AWS technology building blocks to create transformational solutions contextualised to specific industry sub-verticals. Furthermore, TCS' rich portfolio of leading-edge, industry-centric products like the TCS BaNCS™ suite in financial services, TCS Optumera™ in retail, TCS HOBST™ in telecom, TCS ADD™ in life sciences, TCS Aviana in airlines and Water Cloud in utilities is available on AWS, driving synergies across the enterprise value chain and impacting every stakeholder.

At the recently concluded AWS re:Invent, TCS launched its [Assessment and Migration Factory](#), a set of proprietary tools, accelerators, and services that enable customers to accelerate the migration of their on-premise mainframe workloads to the new AWS Mainframe Modernization platform.

*"TCS AWS services cover the broadest spectrum of cloud technologies with a 360-degree view, integrating deep services knowledge and new technology competencies. This consulting-led, business-first approach to cloud adoption enables large and complex client tech landscapes resembling a spaghetti of legacy and hybrid infra and apps stacks, to take a giant leap to cloud, in a cost-effective as well as risk-managed and governance-assured manner,"* **Tapti Bandopadhyay, Principal Analyst, ISG Research**.

TCS was recently named the AWS 2021 Rising Star Partner of the Year (Global System Integrator) in the US. TCS' decade-long strategic partnership with AWS enables it to provide a holistic cloud experience and clear value path to enterprises, delivering full-stack enterprise transformation to the cloud.
