TCS iON Opens its National Qualifier Test to All Corporates

Tata Consultancy Services' Strategic Unit Launches New Standardized Test to Help Millions of Job Seekers Find Dream Jobs while Providing Corporates with Access to Qualified Talent at Speed and Scale

MUMBAI, September 28, 2020: TCS iON™, a strategic unit of Tata Consultancy Services (TCS) (BSE: 532540, NSE: TCS), a leading global IT services, consulting and business solutions organization, announced that its National Qualifier Test (NQT) will now be a common gateway test for several participating corporates for their fresher recruitment programs. This standardized test will provide candidates with access to open positions at multiple corporates, while helping corporates get an in-depth understanding of applicants' cognitive abilities, and reduce evaluation overheads.

Young professionals with up to two years of experience, as well as students from any stream, currently enrolled in pre-final/ final year of undergraduate or postgraduate programs, can apply for the test and gain an edge in a competitive job market. The test acts as a single window for job opportunities across leading organizations in IT, BFSI, manufacturing, pharma, and FMCG sectors, including TCS.

Candidates can take the test from the comfort of their homes. To ensure inclusion, candidates who do not have access to the necessary infrastructure at home, can take the test from a TCS iON center.

The test will focus on general abilities covering verbal, numerical and reasoning abilities to arrive at the normalized NQT Score that can be presented to corporates as a demonstration of the candidate's cognitive abilities. A subject NQT, focused on programming is also being planned, keeping in mind the huge demand for this skill in the IT industry. TCS iON intends to continuously improve the test design to provide employers with a better understanding of candidates' abilities.

"*With the launch of this unique National Qualifier Test, we are giving millions of young jobseekers an opportunity to work for India's top corporates. This high-quality standardized test will provide subscribing corporates with a well-rounded evaluation of candidates' abilities, and access to quality talent across the nation at speed and scale*," said **Venguswamy Ramaswamy, Global Head, TCS iON**.

The NQT will be conducted every quarter and the score will be valid for two years. The first test, which will be available for free, will be held from October 24-26. Registrations are open until October 17. Candidates can take the test multiple times to improve their scores.

About TCS iON

TCS iON is a strategic business unit of Tata Consultancy Services focused on enabling institutions, government departments and organizations from multiple industry sectors to be efficient in their recruitment/admissions process, learning and skilling and overall business operations with the use of 'Phygital' platforms. These are platforms that overlay digital technologies over physical assets. TCS iON delivers this with a unique IT-as-a-Service model that provides easy-to-use, secured, integrated, and hosted solutions in a build-as-you-grow and pay-as-you-use business model. Serving clients with the help of best practices gained through TCS' global experience, deep domestic market exposure along with industry leading technology expertise.

About Tata Consultancy Services Ltd. (TCS)

Tata Consultancy Services is an IT services, consulting and business solutions organization that has been partnering with many of the world's largest businesses in their transformation journeys for over 50 years. TCS offers a consulting-led, cognitive powered, integrated portfolio of business, technology and engineering services and solutions. This is delivered through its unique Location Independent Agile™ delivery model, recognized as a benchmark of excellence in software development.

A part of the Tata group, India's largest multinational business group, TCS has over 443,000 of the world's best-trained consultants in 46 countries. The company generated consolidated revenues of US $22 billion in the fiscal year ended March 31, 2020, and is listed on the BSE (formerly Bombay Stock Exchange) and the NSE (National Stock Exchange) in India. TCS' proactive stance on climate change and award-winning work with communities across the world have earned it a place in leading sustainability indices such as the Dow Jones Sustainability Index (DJSI), MSCI Global Sustainability Index and the FTSE4Good Emerging Index.
