## **Digitate's ignio™ Named Best Overall AI Platform at AI Breakthrough Awards**

*Digitate Won the Award for its Autonomous Enterprise Platform ignio's Advanced Machine Learning and AI Capabilities*

**SANTA CLARA | MUMBAI, August 31, 2020:** Digitate, a software venture of Tata Consultancy Services (TCS), (BSE: 532540, NSE: TCS) a leading global IT services, consulting and business solutions organization, announced that its flagship product ignio™ has won the AI Breakthrough Award, 2020, in the category Best Overall AI Platform.

The AI Breakthrough Awards recognize artificial intelligence related technology innovators, leaders and visionaries from around the world. The annual awards program honors AI excellence, innovation, and success in a range of AI and machine learning categories. All award nominations are evaluated by an independent panel of AI experts. ignio won the award for its advanced machine learning and AI capabilities as well as rapid growth and market leadership.

Launched in 2015, the ignio suite consists of five standalone software products – ignio AIOps, ignio AI.WorkloadManagement, ignio AI.ERPOps, Cognitive Procurement and ignio AI.Digital Workspace. It is a closed-loop, autonomous enterprise platform that uses advanced machine learning and AI capabilities to bring contextual intelligence to IT and business operations.

The software continuously learns within an enterprise environment to effectively mitigate anomalies, automate tasks, and predict the impact of proposed continuous improvement initiatives. ignio does this while also improving assurance, resiliency, agility, stability, and efficiency. Businesses in retail, banking, telecommunications, aviation, and utilities rely on ignio to deliver improved customer experiences and optimize costs associated with business and IT operations.

**Akhilesh Tripathi, CEO, Digitate,** said: *"ignio is unique among AI-driven platforms in the way it combines AI, machine learning and automation to create a closed-loop, predictive IT and business operations environment for over 160 global customers. We believe this award validates our business strategy of delivering AI-driven products that create exponential value across enterprise business and IT functions."*

*"This year's program attracted more than 2,750 nominations from over 15 different countries throughout the world. The hype that has surrounded AI is quickly being replaced by a more tangible reality, as machine learning, neural networks and advanced AI technologies makes significant strides in improving business and customer experiences,"* said **James Johnson, Managing Director, AI Breakthrough.**

---

### **About Digitate**

Digitate is a software venture of TCS. Launched in 2015, Digitate's ignio™ is an award-winning solution that reimagines enterprise IT operations with its unique and innovative design that blends artificial intelligence, machine learning, and advanced software engineering to quickly and autonomously resolve issues when they arise, and preempt incidents wherever possible. ignio has been adopted by large, global enterprises, mostly Fortune 500 and Global 2000 corporations, which are leaders and innovators in their respective industries. Digitate is headquartered in the heart of the Silicon Valley in Santa Clara, California, USA and Pune, India. ### About Tata Consultancy Services Ltd (TCS)

Tata Consultancy Services is an IT services, consulting and business solutions organization that has been partnering with many of the world's largest businesses in their transformation journeys for over 50 years. TCS offers a consulting-led, cognitive powered, integrated portfolio of business, technology and engineering services and solutions. This is delivered through its unique Location Independent Agile™ delivery model, recognized as a benchmark of excellence in software development.

A part of the Tata group, India's largest multinational business group, TCS has over 443,000 of the world's best-trained consultants in 46 countries. The company generated consolidated revenues of US \$22 billion in the fiscal year ended March 31, 2020, and is listed on the BSE (formerly Bombay Stock Exchange) and the NSE (National Stock Exchange) in India. TCS' proactive stance on climate change and award-winning work with communities across the world have earned it a place in leading sustainability indices such as the Dow Jones Sustainability Index (DJSI), MSCI Global Sustainability Index and the FTSE4Good Emerging Index.
