TCS Wins 2015 SAP® Pinnacle Award

SAP Recognizes TCS as Run SAP Partner of the Year for the Third Consecutive Year, and Names TCS a Finalist for the Services Transformation Partner of the Year

New York | Mumbai, April 21, 2015: Tata Consultancy Services (TCS), (BSE: 532540, NSE: TCS), a leading IT services, consulting and business solutions organization, today announced that it has received the 2015 SAP® Pinnacle Award for Run SAP Partner of the Year for the third year in a row, and was a 2015 finalist for the Services Transformation Partner of the Year.

SAP presents these awards annually to the top partners that have excelled in developing and growing their partnership with SAP and helping customers run better. Winners and finalists in 22 categories were chosen based on recommendations from the SAP field, customer feedback and performance indicators in the following umbrella categories: Exponential Growth, Cloud, Platform, and Value Creation.

TCS is among an elite group of only 19 partners worldwide in 2015 to win an SAP Pinnacle Award, and one of only 45 companies out of 12,800 organizations in SAP's broad partner ecosystem (less than 1 percent) shortlisted as an SAP Pinnacle Awards finalist. These accolades showcase TCS' excellence in driving SAP business and co-innovation, and helping SAP and TCS mutual customers to run better.

"Thank you to SAP for honoring us with this prestigious award. We continue to invest with SAP – to support best practices and co-innovate with new SAP technologies. This recognition acknowledges our leadership and commitment to delivering world-class consulting services," said Akhilesh Tiwari, Global Head of TCS' SAP Practice. "I also want to thank our clients who put their trust in us, and our SAP Practice consultants who consistently deliver outstanding work to our customers."

In addition to these esteemed SAP accolades, TCS was recently recognized by Gartner as a Leader in the Magic Quadrant for Worldwide SAP Application Management Service Providers, and as the third-place provider in large-, midsize- and small-scope and -scale deals in Critical Capabilities.

TCS is a US$15.5+ billion company and one of the largest and fastest-growing partners of SAP with more than 13,500 dedicated SAP consultants. TCS has grown its SAP business 30 percent in each of the last two years alone, and now has more than 450 SAP projects around the world that serve as world-class proof points of the results generated for clients.

TCS' SAP Practice has implemented end-to-end solution operations to dramatically improve the finance, manufacturing, distribution, procurement and other operations of many large global firms. Benefits that TCS' customers have achieved include:

- Reduced operations costs by 15 percent (Swiss provider of forwarding and logistics services)
- Reduced daily interface monitoring efforts by 42 percent (Indian direct broadcast satellite television provider)
- Reduced daily monitoring person hours by 50 percent (premier engineering solution provider)

- Reduced daily manual monitoring efforts from 120 to 30 minutes (global communications technology provider)

"More and more companies are choosing solutions from SAP than ever before, and in many ways, we attribute that to the strength and commitment of our partners," said Rodolpho Cardenuto, president, Global Partner Operations, SAP. "Together, we are working with partners like TCS to help our customers run simply and at their best. TCS exemplifies leadership and a can-do attitude, and we congratulate everyone involved in TCS' organization for this well-deserved 2015 SAP Pinnacle Award."

Award winners will be formally recognized at the SAP Global Partner Summit being held on May 4, in conjunction with SAPPHIRE® NOW, SAP's international customer conference being held in Orlando, Fla., May 5-7. TCS is the exclusive sponsor of the SAP concert at SAPPHIRE NOW with pop superstar Jennifer Lopez.

About the SAP Pinnacle Awards
SAP Pinnacle Awards shine a spotlight on SAP partners' remarkable contributions, acknowledging their dedication to teamwork, innovative approach and capacity to challenge what is possible to help customers achieve their goals. The Run SAP Partner of the Year award bestowed upon TCS is in the Value Creation category. The Value Creation awards recognize partners that extend SAP solution offerings, drive shareholder value, create new and innovative business models, accelerate the impact of technology investments, or help customers transform their business. The Run SAP Partner of the Year award recognizes the SAP partner that has achieved customer successes by implementing and operating SAP best practices for support and demonstrating the value they bring to customers.

The Services Transformation Partner of the Year award, for which TCS was a 2015 finalist, honors the systems integrator/service partner that has demonstrated the largest expansion of its services capacity (SAP trained and certified consultants) in targeted growth markets and high-growth innovation areas.
