Tata Consultancy Services Named One of the "Top 10 Companies with the Best Business Outlook"

Glassdoor Survey Reports High Marks from TCS Employees on Culture & Values, Career Opportunities and Work/Life Balance

NEW YORK, June 4, 2013: Tata Consultancy Services (*BSE: 532540, NSE: TCS*), the leading IT services, consulting and business solutions organization, today announced that it has been named one of the "Top 10 Companies with the Best Business Outlook" by Glassdoor, the online career and workplace resource community.

The report and rankings are the result of a comprehensive online company review and employee satisfaction survey that employees voluntarily and anonymously completed, which included the question: *"Do you believe your company's business outlook will get better, stay the same or get worse in the next six month?"* TCS received an overall score of over three and a quarter stars (3.3) out of five and received high marks in the categories of Culture & Values, Career Opportunities and Work/Life Balance among others.

"TCS is honored to be recognized as one of the Top 10 Companies with the Best Business Outlook by Glassdoor," said Surya Kant, President, North America, UK & Europe. "Our company has delivered a year of strong growth and is confident that 2013-14 will bring even greater opportunities as technology plays an increasing role in reimagining business globally. But, what makes this award particularly special is that it reflects the pride and optimism that our own employees have in TCS and in our company's culture as well as our future success."

Over seven in ten (72%) of respondents at the company would recommend the company to a friend. The full list can be found here: http://www.glassdoor.com/blog/top-10-companies-business-outlook/.
