TCS Recognized as a Leader in Magic Quadrant for Oracle Application Implementation Services, Worldwide by Gartner

Evaluation based on Completeness of Vision and Ability to Execute

NEW YORK | MUMBAI, December 16, 2014: Tata Consultancy Services (TCS), (BSE: 532540, NSE: TCS), a leading IT services, consulting and business solutions organization, today announced it has been recognized by Gartner, Inc. as a "Leader" in its "Magic Quadrant for Oracle Application Implementation Services, Worldwide" report, by Alex Soejarto and Susanne Matson, December 3, 2014.

Gartner analysts note that providers designated as Leaders "are performing well today, gaining traction and mind share in the market. They have a clear vision of the market's direction and are actively building competencies to sustain their leadership position in the market." Gartner evaluated 14 service providers, including TCS, on their ability to execute and completeness of vision.

"We believe TCS' position in the Leaders Quadrant reflects the great value we deliver every day to clients who rely on our implementation service offerings for the design, development, integration, and deployment of processes and functions within an enterprise," said Sunder Singh, Global Head, Oracle Practice, for TCS. "Our portfolio of implementation services, combined with deep industry expertise and decades of experience, has resulted in enabling business growth and competitive advantage for numerous clients by helping them achieve optimal value from their Oracle products and applications."

As an alliance partner with Oracle globally, TCS has more than 14,000 consultants around the world who help clients achieve their business goals with Oracle solutions. TCS has been a partner with Oracle for more than 25 years and is a Diamond level member in Oracle's PartnerNetwork (OPN) – the highest level available. TCS recently launched a Co-Innovation Center onsite at Oracle's U.K. headquarters in Reading to develop leading business innovations with Oracle products.

Earlier this year, TCS was recognized with three 2014 Oracle Excellence Awards for Specialized Partner of the Year – Middle East in Applications, Specialized Partner of the Year – North America in Global System Integrator Customer Experience (CX) Applications, and Specialized Partner of the Year – APAC in Database.
