TCS Positioned in Leaders Quadrant for Finance & Accounting (F&A) BPO by Gartner

Mumbai, June 18, 2013: Tata Consultancy Services (TCS), (BSE: 532540, NSE: TCS) a leading IT services, consulting and business solutions organization, announced that it has been designated as a Leader in Finance & Accounting (F&A) BPO by Gartner, the prominent global market intelligence firm. *[Gartner, Magic Quadrant for Finance and Accounting BPO, Analyst Cathy Tornbohm, published 29 May 2013]* This report offers a deep analysis of the competitive positioning for comprehensive F&A BPO services by evaluating the relative placing of the main players in the market according to a variety of criteria, and by offering detailed strengths and cautions for each of the included vendors.

Gartner identifies providers in the "Leaders" quadrant as those that are are performing well today, both with a clear vision of market direction and by actively building competencies to sustain their Leaders position in the market. The comprehensive F&A BPO players in this quadrant generally share superior market understanding, and they have a global client base, an extensive network of well-distributed and highly populated global delivery centers catering for multiple languages, a good balance of transactional and high-end F&A delivery, and innovative well-communicated and marketed sales offerings.

TCS believes that its deep industry domain experience, technology expertise and its capabilities to generate analytics and insights from business and operations data, have positioned TCS uniquely in the market place. TCS' capabilities allow its customers to benefit from the best practices adapted to their industries and their unique needs.

"We have enabled CFO's to increasingly contribute towards strategy and growth of their business by innovating the finance processes delivery," said Abid Ali Neemuchwala, Global Head, TCS Business Process Services. "Our FORE™ transformation methodology helps CFOs reduce risk and improve predictability through analytics, while enhancing process effectiveness and efficiencies by leveraging technology. We believe that our leadership position in the Magic Quadrant is a testimonial to this approach and the trust and confidence that CFO's place in our execution capability."

TCS' track-record of winning and delivering large global transformational deals has helped it being recognized as the partner of choice by customers across industries. With TCS, customers experience certainty, certainty of results, partnership in transformation and leadership in their field of business.

About the Magic Quadrant

Gartner does not endorse any vendor, product or service depicted in its research publications, and does not advise technology users to select only those vendors with the highest ratings.
