Tata Consultancy Services Wins Prestigious Oracle Excellence Awards for Specialized Partner of the Year – North America and Asia-Pacific in Engineered Systems Solution

Oracle Recognizes TCS' Expertise in Delivering Specialized Solutions

New York | Mumbai, October 26, 2015: Oracle today awarded Tata Consultancy Services (TCS), (BSE: 532540, NSE: TCS), a leading global IT services, consulting and business solutions organization, with its 2015 Oracle Excellence Awards for Specialized Partner of the Year – North America and Asia-Pacific in Engineered Systems Solution. These awards recognize TCS for their commitment to deliver innovative, specialized solutions and services based on Oracle software and hardware.

TCS was presented with the 2015 Oracle Excellence Awards for Specialized Partner of the Year – for North America and Asia-Pacific in Engineered Systems Solution for demonstrating an outstanding and innovative solution based on Oracle products. TCS' Oracle Exadata Database Machine Migration capabilities help IT leaders who are confronted by increasing demands for scalability and performance from their information architecture. Oracle Exadata merges servers, storage and database software into one system for high-volume data warehousing, transaction processing and analytics. This allows global enterprises the ability to analyze data faster and make informed business decisions. It also helps reduce hardware costs, licensing fees, and maintenance and support costs. The final result is improved all-around performance in a mixed workload environment.

The Oracle Excellence Awards for Specialized Partner of the Year encourage innovation by Oracle PartnerNetwork (OPN) members, who use Oracle's products and technology to create value for customers and generate new business potential.

"It is an honor to be recognized by Oracle with these prestigious awards for our expertise in Oracle Exadata solutions," said Sunder Singh, Global Head, TCS Oracle Practice. "TCS was the very first Oracle partner to receive advanced certification in OPN Specialization in Oracle Exadata and one of the first consulting and technology services organizations to launch a global Center of Excellence for Oracle Exadata, dedicated to mitigating risk and speeding up deployment. We continue to invest with Oracle to support best practices and co-innovate with new Oracle technologies to bring speed, agility and mobility to the modern global enterprise."

"TCS has demonstrated an outstanding level of innovation in delivering proven, Oracle Exadata-based solutions that can solve our joint customers' most critical business challenges," said Bill Swales, Group Vice President, North America Alliances and Channels Sales, Oracle. "We

congratulate TCS in achieving the 2015 Oracle Excellence Awards for Specialized Partner of the Year – in both North America and in Asia-Pacific in Engineered Systems Solution. This achievement is a testament to their dedication to excellence and to providing customers Oracle Exadata solutions that drive real business value and results."

In addition to this esteemed Oracle accolade, TCS was awarded the 2015 Oracle Excellence Award for Specialized Partner of the Year – Asia Pacific in Telecommunications Industry and was recently recognized by Gartner as a Leader in its Magic Quadrant for Oracle Application Implementation Services, Worldwide, and as a Leader in its Magic Quadrant for Worldwide Oracle Application Management Service Providers.

TCS is a US$15.5 billion company with a long standing relationship with Oracle, dating back to 1987 (28 years). Today, TCS is a Diamond level member of OPN with more than 15,000 dedicated Oracle certified specialists, who are supported by TCS' Centers of Excellence — eleven dedicated to Oracle technologies alone — which serve joint TCS Oracle customers in Asia Pacific, Europe, South Africa, the Middle East and North America.

Award winners were formally recognized at Oracle OpenWorld 2015 (OOW) on October 25 in San Fransicso. TCS is a Premier sponsor of OOW 2015 and sponsor of its Appreciation Night on October 28. TCS is the exclusive sponsor of High Technology and Manufacturing Summit @ Oracle Executive Summits and Service at CX Central.
