TD Power Systems Receives Hydro Generator Supply Orders from a Global Major

Bangalore, 13th March 2013: TD Power Systems Limited (TDPS), a leading manufacturer of AC Generators that also undertakes execution of captive and independent power projects, has received orders from a reputed German Hydro equipment manufacturer for five hydro-generators aggregating to a value of over Rs. 20 crore for export to Panama and Columbia in Central/South America.

The generators are to be delivered in the next twelve months and range from 1 MW to 25 MW rated capacity in both horizontal and vertical designs, demonstrating TDPS' ability to design and manufacture a wide array of machines to global standards.

Commenting on the order wins, Mr. Nikhil Kumar, Managing Director, said,

"These orders will provide excellent references for our growing business in the Americas where we have existing orders and are setting up direct presence to support the business visibility."

About TD Power Systems Limited (TDPS)

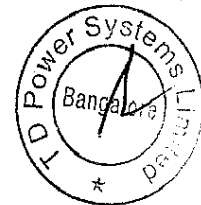

TDPS (BSE: 533553, NSE: TDPOWERSYS, Reuters: TDPS.BO, Bloomberg: TDPS:IN) is one of the leading manufacturers of AC Generators with output capacity in the range of 1 MW to 200 MW. The company's focus is on manufacturing custom-designed generators for its global customers.

In addition to manufacturing AC Generators, TDPS also executes Turbine Generator island projects for steam turbine power plants with output capacity up to 52 MW using a Japanese turbine combined with its own generator. The company's subsidiary, DF Power Systems Private Limited, is in the business of Engineering, Procurement and Construction, executing Boiler-Turbine Generator island projects with output capacity from 52 MW up to 150 MW.
