### **TechD Cybersecurity Takes TECHD ONE Nationwide: 10-City Roadshow Announced in Association with Enterprise IT World CIO500 Conference & Awards 2026**

*India's AI-native unified platform for security, compliance and privacy to be showcased to 1,500+ CIOs and CISOs across Chennai, Hyderabad, Bengaluru, Kolkata, Ahmedabad, Pune, Mumbai, Kochi, Coimbatore and Delhi from July to September 2026*

Ahmedabad, India — 9 July 2026 — TechD Cybersecurity Limited (NSE Emerge: TECHD), a CERT-In empanelled and ISO/IEC 27001:2022 certified managed security services provider, today announced a nationwide roadshow for its flagship TECHD ONE platform, to be conducted across ten Indian cities in association with the Enterprise IT World CIO500 Conference & Awards 2026.

TECHD ONE is an AI-native unified platform for security, compliance and privacy, purpose-built to give enterprises a single pane of glass across attack surface monitoring, human risk, software supply chain integrity and OT/ICS security. The roadshow series is expected to be attended by over 1,500 CIOs and CISOs from across sectors and companies in India — spanning BFSI, manufacturing, IT/ITeS, healthcare, energy and government — giving TechD a platform to demonstrate TECHD ONE live to the technology leaders who own enterprise security decisions in every major technology hub in the country.

#### **Products on Showcase**

- **DarkVector AI** — Monitors attack surfaces and external threats to proactively identify risks before adversaries can exploit them.
- **HumanTrust AI** — Reduces human-centric cyber risk through behavioral risk intelligence, targeting the largest attack vector in most enterprises.
- **Provenance AI** — Enhances software supply chain security by detecting vulnerabilities and strengthening code integrity across the development lifecycle.

- **OTshield AI** — Secures OT and ICS environments with advanced vulnerability intelligence for manufacturing, energy and critical infrastructure.

### Roadshow Schedule

City	Date
Chennai	10 July 2026
Hyderabad	17 July 2026
Bengaluru	24 July 2026
Kolkata	7 August 2026
Ahmedabad	14 August 2026
Pune	19 August 2026
Mumbai	21 August 2026
Kochi	16 September 2026
Coimbatore	18 September 2026
Delhi	25 September 2026

*“Indian enterprises are done buying ten disconnected tools to solve one connected problem. TECHD ONE brings security, compliance and privacy onto a single AI-native platform, and there is no better stage than CIO500 to put it directly in front of the leaders who own that decision. Over ten weeks and ten cities, we will show — live — how DarkVector, HumanTrust, Provenance and OTshield work as one,”* said Sunny Vaghela, Founder, Managing Director & CEO, TechD Cybersecurity Limited.
