PRESS RELEASE

Techera Engineering (India) Limited Achieves Indian Air Force Registration for Aerospace Tooling and Precision Manufacturing

Pune, June 15, 2026 — Techera Engineering (India) Limited is pleased to announce its official registration with the Indian Air Force (IAF) under 1 Central Industrial Maintenance Depot (1 CIMD), Air Force Station, Ojhar, Nasik. This marks a significant milestone in the company's journey as a trusted partner to India's defence and aerospace ecosystem.

The registration covers the company's core competencies in designing, manufacturing, and supply of aerospace tooling, precision machining, and automation solutions. Techera Engineering is recognised for supporting leading aerospace and defence organisations including HAL, Airbus, and Boeing, delivering assembly tooling, MRO (Maintenance, Repair & Overhaul) tooling, Ground Support Equipment (GSE), and scaffolding solutions.

About the Registration

The IAF registration acknowledges Techera Engineering's capabilities across the following domains:

- Aerospace tooling design and manufacturing
- Precision machining
- Industrial automation
- Assembly and MRO tooling for defence platforms
- Ground Support Equipment (GSE) and scaffolding solutions

The registration is valid for a period of five years and reinforces Techera Engineering's standing as a qualified vendor within India's defence supply chain.
