Tech Mahindra Wins 2014 Land Transport Excellence Awards for Best ICT Solution Delivery Partner

Singapore – April 25, 2014 – Tech Mahindra Ltd. a specialist provider of connected solutions to the connected world, today announced that it has been named Best ICT Solution Delivery Partner for 2014 by Singapore's Land Transport Authority (LTA).

Rohit Gandhi, Head – Asia Pac, India, Middle East & Africa, Tech Mahindra (Enterprise), received the award from Mr. Michael Lim Choo San, Chairman, LTA at the gala awards ceremony in Singapore recently.

The biennial awards recognize industry partners and individuals who have played a pivotal role in developing and transforming Singapore's transport system, widely regarded as one of the most innovative and advanced in the world. The awards honor organizations which display industrial best practices, good project management and quality service provision.

In conferring the award, LTA said: *"Tech Mahindra has consistently delivered quality ICT solutions that create new value and has been innovative and pro-active in deploying technology to support LTA's ICT strategic initiatives."*

Tech Mahindra said that the award *"affirms the decision to use the latest technology in IT solutions to help customers add value. We hope that this partnership with the LTA will continue to develop to greater heights."*

Rohit Gandhi said, *"Tech Mahindra is honoured to receive this award, which recognises our trusted partnership with LTA in innovation and joint-development of world-class ICT-related solutions. We remain deeply committed to this partnership which underscores our long involvement in ICT development for Singapore's public sector."*

Over the past decade Tech Mahindra has supported LTA in a variety of ICT-related innovations from proof-of-concept to full implementation. These include business process automation and enhancement to feedback and appeals processing; streamlining of cost control and contract management, enabling project collaboration and integration works and transforming enterprise resource system, to improve productivity and efficiency.
