Press Release

Tech Mahindra's Connected Solution for Automotive Industry

Connected Vehicle Solution combines infotainment features, with navigation and diagnostics features, all connected to the manufacturer's enterprise systems.

Barcelona – February 26, 2014 – Tech Mahindra Ltd. a specialist provider of connected solutions to the connected world demonstrates connected vehicle solution at the Mobile World Congress.

Tech Mahindra offers end-to-end integrated connected car/vehicle services and solutions to address the needs of the automotive industry. With over fourteen years of experience in design, development, verification and validation of automotive subsystems, Tech Mahindra offers innovative connected vehicle integrated solutions and services including embedded system solutions, validation services, standalone reusable components and System Integration capabilities.

Karthikeyan Natarajan, Global Head, Integrated Engineering Solutions, Tech Mahindra said, *"The connected vehicle solution seamlessly connects 'in-vehicle' systems with enterprise computational platforms including vehicle to infrastructure communication, enhancing driver assist/alert, analytics to aid diagnostics/prognosis, comfort, convenience and safety. We believe this solution will transform the user experience - for all the stakeholders (driver, dealer, OEMs, Tier1s, insurance provider, etc) providing the required value-add."*

Tech Mahindra's automotive engineering practice has been providing a broad range of engineering services and solutions to the global automotive industry leaders for over 15 years. We have partnered with several major original equipment manufacturers (OEMs) and Tier 1 suppliers across the globe on various programs across the value chain and sub-systems. Our significant experience in the automotive industry enables us to understand the challenges that the industry is facing and provide technologies and solutions to address them

Tech Mahindra and Mahindra Comviva will jointly host the customers and analysts at their "Connectivity Suite" in Hall No. 5; Stand 5G51 at the Mobile World Congress which will be happening from 24 – 27 February, 2014 at Barcelona.

About Tech Mahindra

Tech Mahindra represents the connected world, offering innovative and customer-centric information technology services and solutions, enabling Enterprises, Associates and the Society to Rise™. We are a USD 2.9 billion company with 87,300+ professionals across 49 countries, helping over 605 global customers including Fortune 500 companies. Our Consulting, Enterprise and Telecom solutions, platforms and reusable assets connect across a number of technologies to derive tangible business value.

We are part of the USD 16.7 billion Mahindra Group that employs more than 180,000 people in over 100 countries. The Group operates in the key industries that drive economic growth, enjoying a leadership position in tractors, utility vehicles, after-market, information technology and vacation ownership.
