Tech Mahindra Expands its Presence in Germany

*Inaugurates its global delivery center at Düsseldorf towards its commitment of
building customer centricity*

Germany – March 20, 2014 – Tech Mahindra Ltd. a specialist provider of connected solutions to the connected world, today announced the inauguration of its 3rd near shore delivery center in Düsseldorf, Germany. The Company already serves its European customers through 26 offices across 31 cities.

The Düsseldorf 50-seat center is an important milestone in Tech Mahindra's increasing network of delivery centers in Europe (last year saw the opening of 2 Centers in Den Haag and

Brussels). This will bring us closer to some of our key customers in the Nordrhein-Westfalen (NRW) region. The center is well supported by the German recruitment, Human Resources and Accounts teams and will be fully integrated with its global delivery infrastructure. The Company aims to ramp-up its presence in the region significantly within the next few months. The center also plans to engage with local academia to provide work experience to the students.

Speaking at the inauguration ceremony **Vishaal Gupta, Head (Telecom) - Europe, Tech Mahindra** said, *"The Düsseldorf delivery center reinforces our commitment to key customers in Germany and will enable us to bridge the cultural and language gap. This delivery center, in the heart of NRW will also help us attract and retain local talent which is crucial to the next phase of our growth in the region."*

Tech Mahindra derives 31% of its revenues from European markets and this is an important milestone in the growth journey.
