Tech Mahindra Achieves Automotive SPICE® Level 3 Certification

Certified under the PATHFINDER™ assessment and certification scheme for process capability and organizational maturity

Bengaluru - February 12, 2015 – Tech Mahindra Ltd a specialist in digital transformation, consulting and business re-engineering today announced that its Automotive Group has achieved **Automotive SPICE™ Organisation Capability Level 3 certification** under the PATHFINDER™ certification scheme for process capability and organizational maturity.

A team of Assessors from Impronova AB (Sweden) performed the assessment. The assessment was led by Mr. Alec Dorling, Principal Assessor and the international Project Leader of the SPICE (Software Process Improvement and Capability dEtermination) ISO/IEC 15504 standard and convener of the ISO group developing ISO/IEC 15504.

Commenting on the assessment, **Alec Dorling** said *"Tech Mahindra joins the select group of companies that have achieved certification to Automotive SPICE® under the PATHFINDER™ scheme. This is a significant achievement and reaffirms Tech Mahindra's commitment to implementing best practices in developing software for the automotive industry."*

Tech Mahindra's implementation of best-in-class processes and measures that support the quantitative understanding and innovation in knowledge management, establishes it as a world leader and trusted partner in the development of embedded solutions for automotive applications.

"It is indeed a moment of pride for Tech Mahindra Automotive Electronics practice to be certified at Organization Capability level 3," said **Karthikeyan Natarajan, Global Head – Integrated Engineering Solutions, Tech Mahindra**. *"This certification and significant experience in the automotive industry aligns us to the challenges that the industry is facing and reaffirms our commitment to deliver best in class services to our customers in Automotive Electronics."*

Tech Mahindra's Automotive Engineering practice has been providing a broad range of engineering services and solutions to the global automotive industry for over 15 years. It has partnered with several major original equipment manufacturers (OEMs) and Tier 1 suppliers across the globe on various programs ranging from Body Engineering, chassis Systems, infotainment/telematics and system integration.
