● INDUSTRY BODY RESPONDS TO DRAFT TELECOM BILL

OTT norms will hit startups: IMAI

FE BUREAU
New Delhi, November 25

THE LICENSING PROVISIONS for over-the-top (OTT) service providers in the draft telecom Bill will present an existential threat to the startup ecosystem in the country, according to the Internet & Mobile Association of India (IAMAI).

The industry association, which represents startups and other technology companies, said regulation of OTTs will create an entry barrier for startups in the sector. Further, proposal for a revenue-sharing mechanism between OTTs and telcos would also leave the startup ecosystem vulnerable to compliance costs even when they may be pre-revenue, IMAI said.

“Not only would this mean that aspiring Indian startups which are still evolving and developing their business and monetisation models will risk massive compliance costs in their infancy, but also would

■ The draft Bill consultation betrays a “wilful misinterpretation or a fundamental lack of understanding” of how the digital economy works

mean that foreign investors bullish on Indian startups may experience a chilling effect owing to the drastic policy uncertainty,” IMAI said in a letter to the department of telecommunications.

According to the association, the recently concluded consultation on the draft telecom Bill betrays either a “wilful misinterpretation or a

fundamental lack of understanding” of how the digital economy works.

The comments from IMAI come after the Cellular Operators Association of India (COAI) proposed a framework for OTT communication apps such as WhatsApp, Signal, and Telegram to compensate telcos for using their network to provide services.

“Contribution of OTTs to network costs can be based on assessable criteria like volume of traffic, turnover threshold, number of users, etc,” COAI had said in its comments on the draft telecom Bill.

In contrast, IMAI has urged the government to review the scope of telecom communication services and limit it to companies which control

telecom spectrum. “The time-tested distinction between telecom spectrum-controlling entities and spectrum-using companies should be maintained as it has been the basis that has allowed innovation and deeper penetration of the internet in India,” IMAI said.

“Certain policy experts continue to propagate fantasies about equitable contributions from stakeholders within the OTT layer, which would only seem to strengthen the gate-keeping abilities of the owners of the infrastructural layer on which OTT services operate,” the association said.

Earlier, the Broadband India Forum (BIF) that represents big tech companies had also proposed taking OTT players out of the ambit of telecommunication services. According to the forum, regulation of OTT apps would give the government exclusive rights and privileges to decide, build, develop, and operate the apps.

Hero to hike prices by up to ₹1,500 from Dec 1

FE BUREAU
Mumbai, November 25

HERO MOTOCORP, INDIA'S largest two-wheeler maker, will raise ex-showroom prices of its motorcycles and scooters by up to ₹1,500 due to inflationary cost pressures.

The new prices will become effective from December 1. The quantum of the increase will vary based on models and markets, said the company. It did not specify the exact model-wise increase.

The 100cc, budget motorcycle segment is the largest segment for the Delhi-based, with a major part of the volume coming from rural and semi-rural pockets.

Niranjan Gupta, chief financial officer, Hero MotoCorp, said, “The upward revision of the prices has been necessitated due to overall inflationary costs. We will continue to provide innovative financing solutions in order to cushion the impact on the customers.”

“We have also put in place accelerated savings programmes, which will help us offset any further cost impact, and drive improvement in margins. Moving forward the economic indicators are favourable to a growth in demand, and we expect industry volumes to pick up in coming quarters,” Gupta said.

Funskool eyes ₹250-cr turnover

SAJAN C KUMAR
Chennai, November 25

FUNSKOOL INDIA, AN MRF Group company and one of the largest toymakers in the country, is strengthening its facilities for aggressive domestic and international growth.

It has set up a product development team in Chennai to work on the new line-up of launches and an engineering

exports markets,” he said. The company is looking at closing the current fiscal with a turnover of over ₹250 crore against ₹231 crore in FY22.

On the domestic front, especially in rural areas, it has been appointing dealerships for the last few years. It is also looking at overseas expansion. “We are present in over 30 countries and we will be adding 10 more countries in Africa and Europe ones

into the export basket by the end of the current fiscal, taking the total countries to 40.” The company already has distribution arrangements in countries such as the US and the UK.

Jeswant said the company is aggressively looking at growing certain categories where it does not have much presence, such as electronics and wooden toys.

“We have some electronics being built into our products, but we want to get full-fledged into that category,” he said.

Tata Consumer bets on innovation to drive sales

FE BUREAU
Bengaluru, November 25

INNOVATION IS ONE of the key enablers for growth for Tata Consumer Products going ahead, and the company has set a target of achieving 5% of sales through innovation in the next two-three years, said Vikas Gupta, head of global R&D at the company.

In FY22, innovations contributed 2.7% of sales. In the first half of the current fiscal, Tata Consumer launched three products a month on an average, doubling the acceleration in number of

Vikas Gupta, global head, R&D, TCPL

launches compared with the previous year.

There have been launches in the spices and protein segments, ready-to-drink beverage

ages and the Gold franchise in the packaged tea segment. In terms of products, new launches this year include Tata Salt Immuno, Tata Sampann Hing, Tata Sampann Pure Spices in south market, Tata Soulfull Masala Oats+ and Tata Soulfull Improved Millets Muesli.

Innovations were in the mass as well as premium categories. While some were in niche categories like Tata GoFit and Tata Coffee gold, others were in mass categories like salt fortified with zinc, grains and pulses.

Tata Consumer has accelerated the pace of innovations

to expand its food and beverage segment. At present, it derives around 75% of its consolidated sales from beverages and around 25% from the food business. Its key beverage brands include Tata Tea, Tetley, Eight O'Clock Coffee, Tata Coffee Grand, Himalayan Natural Mineral Water, Tata Water Plus and Tata Gluco Plus. Its foods portfolio includes brands such as Tata Salt, Tata Sampann and Tata Soulfull.

Gupta said the company targets 15-20% launches that are disruptive in nature. For instance, zinc fortified salt is a

disruptive product for the company, as is the cold coffee offering to provide customers a cafe experience at home, or an instant coffee, he said.

New Pune airport terminal to be ready by May

Jyotiraditya Scindia, civil aviation minister

FE BUREAU
Pune, November 25

THE NEW INTEGRATED terminal at Pune airport will be ready by May 2023, Union civil aviation and steel minister Jyotiraditya Scindia said in Pune on Friday.

The Airports Authority of India (AAI) is investing ₹500 crore in this airport expansion project. There are plans to add domestic and international cargo terminals at the existing airport, Scindia said.

Till the proposed international airport at Purandar near Pune is completed, efforts will be made to upgrade the existing airport, the minister said.

International connectivity from Pune is also being resumed, with flights to Bangkok and Singapore restarting on December 1, the minister said. He was hopeful of connectivity to Europe and the US from Pune taking off.

As part of the airport expansion plan, the minister inaugurated the ₹120-crore, 5,00,000 sq ft Aeromall. Built as a public-private partnership project between AAI and Pebbles Infra-tech, Aeromall comprises of a multi-level car park, and retail, food court and commercial space.

Retail brands that have opened in the space include Croma, Zudio, Forest Essentials, Sugar Cosmetics, Go Colours, Quench Botanics, Dr DIY, Skyway, Indian Terrain and food brands Starbucks, McDonald's, Pizza Hut, Subway, Wow Momo, Keventers, Baskin Robbins, Blue Tokai and Mexican Tapas Bar.

mean that foreign investors bullish on Indian startups may experience a chilling effect owing to the drastic policy uncertainty,” IAMAI said in a letter to the department of telecommunications.

According to the association, the recently concluded consultation on the draft telecom Bill betrays either a “wilful misinterpretation or a

fundamental lack of understanding” of how the digital economy works.

The comments from IAMAI come after the Cellular Operators Association of India (COAI) proposed a framework for OTT communication apps such as WhatsApp, Signal, and Telegram to compensate telcos for using their network to provide services.

“Contribution of OTTs to network costs can be based on assessable criteria like volume of traffic, turnover threshold, number of users, etc,” COAI had said in its comments on the draft telecom Bill.

In contrast, IAMAI has urged the government to review the scope of telecom communication services and limit it to companies which control

telecom spectrum. “The time-tested distinction between telecom spectrum-controlling entities and spectrum-using companies should be maintained as it has been the basis that has allowed innovation and deeper penetration of the internet in India,” IAMAI said. “Certain policy experts continue to propagate fantasies about equitable contributions from stakeholders within the OTT layer, which would only seem to strengthen the gate-keeping abilities of the owners of the infrastructural layer on which OTT services operate,” the association said.

Earlier, the Broadband India Forum (BIF) that represents big tech companies had also proposed taking OTT players out of the ambit of telecommunication services. According to the forum, regulation of OTT apps would give the government exclusive rights and privileges to decide, build, develop, and operate the apps.

Hero to hike prices by up to ₹1,500 from Dec 1

FE BUREAU
Mumbai, November 25

HERO MOTOCORP, INDIA'S largest two-wheeler maker, will raise ex-showroom prices of its motorcycles and scooters by up to ₹1,500 due to inflationary cost pressures.

The new prices will become effective from December 1. The quantum of the increase will vary based on models and markets, said the company. It did not specify the exact model-wise increase.

The 100cc, budget motorcycle segment is the largest segment for the Delhi-based, with a major part of the volume coming from rural and semi-rural pockets.

Niranjan Gupta, chief financial officer, Hero MotoCorp, said, “The upward revision of the prices has been necessitated due to overall inflationary costs. We will continue to provide innovative financing solutions in order to cushion the impact on the customers.”

“We have also put in place accelerated savings programmes, which will help us offset any further cost impact, and drive improvement in margins. Moving forward the economic indicators are favourable to a growth in demand, and we expect industry volumes to pick up in coming quarters,” Gupta said.

Funskool eyes ₹250-cr turnover

SAJAN C KUMAR
Chennai, November 25

FUNSKOOL INDIA, AN MRF Group company and one of the largest toymakers in the country, is strengthening its facilities for aggressive domestic and international growth.

It has set up a product development team in Chennai to work on the new line-up of launches and an engineering team in Goa to take care of all aspects from prototype to product launches.

The company, which has two production units in Ranipet, Tamil Nadu, and one in Goa, is expanding the units. R Jeswant, CEO, Funskool India, in an interaction with *FE*, said: “We will be adding 1.38 lakh sq ft space at our two units at Ranipet and will be bringing in new machines at the facilities including Goa. We are looking to grow our business both in domestic and

exports markets,” he said. The company is looking at closing the current fiscal with a turnover of over ₹250 crore against ₹231 crore in FY22.

On the domestic front, especially in rural areas, it has been appointing dealerships for the last few years. It is also looking at overseas expansion. “We are present in over 30 countries and we will be adding 10 more countries in Africa and Europe ones into the export basket by the end of the current fiscal, taking the total countries to 40.” The company already has distribution arrangements in countries such as the US and the UK.

Jeswant said the company is aggressively looking at growing certain categories where it does not have much presence, such as electronics and wooden toys.

“We have some electronics being built into our products, but we want to get full-fledged into that category,” he said.

Tata Consumer bets on innovation to drive sales

FE BUREAU
Bengaluru, November 25

INNOVATION IS ONE of the key enablers for growth for Tata Consumer Products going ahead, and the company has set a target of achieving 5% of sales through innovation in the next two-three years, said Vikas Gupta, head of global R&D at the company.

In FY22, innovations contributed 2.7% of sales. In the first half of the current fiscal, Tata Consumer launched three products a month on an average, doubling the acceleration in number of

Vikas Gupta, global head, R&D, TCPL

launches compared with the previous year.

There have been launches in the spices and protein segments, ready-to-drink bever-

ages and the Gold franchise in the packaged tea segment. In terms of products, new launches this year include Tata Salt Immuno, Tata Sampann Hing, Tata Sampann Pure Spices in south market, Tata Soufull Masala Oats+ and Tata Soufull Improved Millets Muesli.

Innovations were in the mass as well as premium categories. While some were in niche categories like Tata GoFit and Tata Coffee gold, others were in mass categories like salt fortified with zinc, grains and pulses.

Tata Consumer has accel-

erated the pace of innovations to expand its food and beverages segment. At present, it derives around 75% of its consolidated sales from beverages and around 25% from the food business. Its key beverage brands include Tata Tea, Tetley, Eight O’Clock Coffee, Tata Coffee Grand, Himalayan Natural Mineral Water, Tata Water Plus and Tata Gluco Plus. Its foods portfolio includes brands such as Tata Salt, Tata Sampann and Tata Soufull.

Gupta said the company targets 15-20% launches that are disruptive in nature. For instance, zinc fortified salt is a

disruptive product for the company, as is the cold coffee offering to provide customers a cafe experience at home, or instant coffee, he said.

New Pune airport terminal to be ready by May

Jyotiraditya Scindia, civil aviation minister

FE BUREAU
Pune, November 25

THE NEW INTEGRATED terminal at Pune airport will be ready by May 2023, Union civil aviation and steel minister Jyotiraditya Scindia said in Pune on Friday.

The Airports Authority of India (AAI) is investing ₹500 crore in this airport expansion project. There are plans to add domestic and international cargo terminals at the existing airport, Scindia said.

Till the proposed international airport at Purandar near Pune is completed, efforts will be made to upgrade the existing airport, the minister said.

International connectivity from Pune is also being resumed, with flights to Bangkok and Singapore restarting on December 1, the minister said. He was hopeful of connectivity to Europe and the US from Pune taking off.

As part of the airport expansion plan, the minister inaugurated the ₹120-crore, 5,00,000 sq ft Aeromall. Built as a public-private partnership project between AAI and Pebbles Infra-tech, Aeromall comprises of a multi-level car park, and retail, food court and commercial space.

Retail brands that have opened in the space include Croma, Zudio, Forest Essentials, Sugar Cosmetics, Go Colours, Quench Botanics, Dr DIY, Skyypr, Indian Terrain and food brands Starbucks, McDonald’s, Pizza Hut, Subway, Wow Momo, Keventers, Baskin Robbins, Blue Tokai and Mexican Tapas Bar.

INDUSTRY BODY RESPONDS TO DRAFT TELECOM BILL

OTT norms will hit startups: IAMAI

FE BUREAU
New Delhi, November 25

THE LICENSING PROVISIONS for over-the-top (OTT) service providers in the draft telecom Bill will present an existential threat to the startup ecosystem in the country, according to the Internet & Mobile Association of India (IAMAI).

The industry association, which represents startups and other technology companies, said regulation of OTTs will create an entry barrier for startups in the sector. Further, proposal for a revenue-sharing mechanism between OTTs and telcos would also leave the startup ecosystem vulnerable to compliance costs even when they may be pre-revenue, IAMAI said.

“Not only would this mean that aspiring Indian startups which are still evolving and developing their business and monetisation models will risk massive compliance costs in their infancy, but also would

KEY OBJECTIONS

■ As per the industry body, aspiring startups still developing business and monetisation models will risk massive compliance costs

■ Foreign investors bullish on Indian startups may be

discouraged by drastic policy uncertainty

■ The draft Bill consultation betrays a “wilful misinterpretation or a fundamental lack of understanding” of how the digital economy works

mean that foreign investors bullish on Indian startups may experience a chilling effect owing to the drastic policy uncertainty,” IAMAI said in a letter to the department of telecommunications.

According to the association, the recently concluded consultation on the draft telecom Bill betrays either a “wilful misinterpretation or a

fundamental lack of understanding” of how the digital economy works.

The comments from IAMAI come after the Cellular Operators Association of India (COAI) proposed a framework for OTT communication apps such as WhatsApp, Signal, and Telegram to compensate telcos for using their network to provide services.

“Contribution of OTTs to network costs can be based on assessable criteria like volume of traffic, turnover threshold, number of users, etc,” COAI had said in its comments on the draft telecom Bill.

In contrast, IAMAI has urged the government to review the scope of telecom communication services and limit it to companies which control

telecom spectrum. “The time-tested distinction between telecom spectrum-controlling entities and spectrum-using companies should be maintained as it has been the basis that has allowed innovation and deeper penetration of the internet in India,” IAMAI said.

“Certain policy experts continue to propagate fantasies about equitable contributions from stakeholders within the OTT layer, which would only seem to strengthen the gate-keeping abilities of the owners of the infrastructural layer on which OTT services operate,” the association said.

Earlier, the Broadband India Forum (BIF) that represents big tech companies had also proposed taking OTT players out of the ambit of telecommunication services. According to the forum,

regulation of OTT apps would give the government exclusive rights and privileges to decide, build, develop, and operate the apps.

Hero to hike prices by up to ₹1,500 from Dec 1

FE BUREAU
Mumbai, November 25

HERO MOTOCORP, INDIA'S largest two-wheeler maker, will raise ex-showroom prices of its motorcycles and scooters by up to ₹1,500 due to inflationary cost pressures.

The new prices will become effective from December 1. The quantum of the increase will vary based on models and markets, said the company. It did not specify the exact model-wise increase.

The 100cc, budget motorcycle segment is the largest segment for the Delhi-based, with a major part of the volume coming from rural and semi-rural pockets.

Niranjan Gupta, chief financial officer, Hero MotoCorp, said, “The upward revision of the prices has been necessitated due to overall inflationary costs. We will continue to provide innovative financing solutions in order to cushion the impact on the customers.”

“We have also put in place accelerated savings programmes, which will help us offset any further cost impact, and drive improvement in margins. Moving forward the economic indicators are favourable to a growth in demand, and we expect industry volumes to pick up in coming quarters,” Gupta said.

Funskool eyes ₹250-cr turnover

SAJAN C KUMAR
Chennai, November 25

FUNSKOOL INDIA, AN MRF Group company and one of the largest toymakers in the country, is strengthening its facilities for aggressive domestic and international growth.

It has set up a product development team in Chennai to work on the new line-up of launches and an engineering team in Goa to take care of all aspects from prototype to product launches.

The company, which has two production units in Ranipet, Tamil Nadu, and one in Goa, is expanding the units. R Jeswant, CEO, Funskool India, in an interaction with *FE*, said: “We will be adding 1.38 lakh sq ft space at our two units at Ranipet and will be bringing in new machines at the facilities including Goa. We are looking to grow our business both in domestic and

exports markets,” he said. The company is looking at closing the current fiscal with a turnover of over ₹250 crore against ₹231 crore in FY22.

On the domestic front, especially in rural areas, it has been appointing dealerships for the last few years. It is also looking at overseas expansion. “We are present in over 30 countries and we will be adding 10 more countries in Africa and Europe ones into the export basket by the end of the current fiscal, taking the total countries to 40.” The company already has distribution arrangements in countries such as the US and the UK.

Jeswant said the company is aggressively looking at growing certain categories where it does not have much presence, such as electronics and wooden toys.

“We have some electronics being built into our products, but we want to get full-fledged into that category,” he said.

Tata Consumer bets on innovation to drive sales

FE BUREAU
Bengaluru, November 25

INNOVATION IS ONE of the key enablers for growth for Tata Consumer Products going ahead, and the company has set a target of achieving 5% of sales through innovation in the next two-three years, said Vikas Gupta, head of global R&D at the company.

In FY22, innovations contributed 2.7% of sales. In the first half of the current fiscal, Tata Consumer launched three products a month on an average, doubling the acceleration in number of

Vikas Gupta, global head, R&D, TCPL

launches compared with the previous year.

There have been launches in the spices and protein segments, ready-to-drink beverages

and the Gold franchise in the packaged tea segment. In terms of products, new launches this year include Tata Salt Immuno, Tata Sampann Hing, Tata Sampann Pure Spices in south market, Tata Soufull Masala Oats+ and Tata Soufull Improved Millets Muesli.

Innovations were in the mass as well as premium categories. While some were in niche categories like Tata GoFit and Tata Coffee gold, others were in mass categories like salt fortified with zinc, grains and pulses.

Tata Consumer has accelerated the pace of innovations to expand its food and beverages segment. At present, it derives around 75% of its consolidated sales from beverages and around 25% from the food business. Its key beverage brands include Tata Tea, Tetley, Eight O’Clock Coffee, Tata Coffee Grand, Himalayan Natural Mineral Water, Tata Water Plus and Tata Gluco Plus. Its foods portfolio includes brands such as Tata Salt, Tata Sampann and Tata Soufull.

Gupta said the company targets 15-20% launches that are disruptive in nature. For instance, zinc fortified salt is a

disruptive product for the company, as is the cold coffee offering to provide customers a cafe experience at home, or instant coffee, he said.

New Pune airport terminal to be ready by May

Jyotiraditya Scindia, civil aviation minister

FE BUREAU
Pune, November 25

THE NEW INTEGRATED terminal at Pune airport will be ready by May 2023, Union civil aviation and steel minister Jyotiraditya Scindia said in Pune on Friday.

The Airports Authority of India (AAI) is investing ₹500 crore in this airport expansion project. There are plans to add domestic and international cargo terminals at the existing airport, Scindia said.

Till the proposed international airport at Purandar near Pune is completed, efforts will be made to upgrade the existing airport, the minister said.

International connectivity from Pune is also being resumed, with flights to Bangkok and Singapore restarting on December 1, the minister said. He was hopeful of connectivity to Europe and the US from Pune taking off.

As part of the airport expansion plan, the minister inaugurated the ₹120-crore, 5,00,000 sq ft Aeromall. Built as a public-private partnership project between AAI and Pebbles Infra-tech, Aeromall comprises of a multi-level car park, and retail, food court and commercial space.

Retail brands that have opened in the space include Croma, Zudio, Forest Essentials, Sugar Cosmetics, Go Colours, Quench Botanics, Dr DIY, Skyypr, Indian Terrain and food brands Starbucks, McDonald’s, Pizza Hut, Subway, Wow Momo, Keventers, Baskin Robbins, Blue Tokai and Mexican Tapas Bar.

INDUSTRY BODY RESPONDS TO DRAFT TELECOM BILL

OTT norms will hit startups: IAMAI

FE BUREAU
New Delhi, November 25

THE LICENSING PROVISIONS for over-the-top (OTT) service providers in the draft telecom Bill will present an existential threat to the startup ecosystem in the country, according to the Internet & Mobile Association of India (IAMAI).

The industry association, which represents startups and other technology companies, said regulation of OTTs will create an entry barrier for startups in the sector. Further, proposal for a revenue-sharing mechanism between OTTs and telcos would also leave the startup ecosystem vulnerable to compliance costs even when they may be pre-revenue, IAMAI said.

“Not only would this mean that aspiring Indian startups which are still evolving and developing their business and monetisation models will risk massive compliance costs in their infancy, but also would

KEY OBJECTIONS

■ As per the industry body, aspiring startups still developing business and monetisation models will risk massive compliance costs

■ Foreign investors bullish on Indian startups may be

discouraged by drastic policy uncertainty

■ The draft Bill consultation betrays a “wilful misinterpretation or a fundamental lack of understanding” of how the digital economy works

mean that foreign investors bullish on Indian startups may experience a chilling effect owing to the drastic policy uncertainty,” IAMAI said in a letter to the department of telecommunications.

According to the association, the recently concluded consultation on the draft telecom Bill betrays either a “wilful misinterpretation or a

fundamental lack of understanding” of how the digital economy works.

The comments from IAMAI come after the Cellular Operators Association of India (COAI) proposed a framework for OTT communication apps such as WhatsApp, Signal, and Telegram to compensate telcos for using their network to provide services.

“Contribution of OTTs to network costs can be based on assessable criteria like volume of traffic, turnover threshold, number of users, etc,” COAI had said in its comments on the draft telecom Bill.

In contrast, IAMAI has urged the government to review the scope of telecom communication services and limit it to companies which control

telecom spectrum. “The time-tested distinction between telecom spectrum-controlling entities and spectrum-using companies should be maintained as it has been the basis that has allowed innovation and deeper penetration of the internet in India,” IAMAI said.

“Certain policy experts continue to propagate fantasies about equitable contributions from stakeholders within the OTT layer, which would only seem to strengthen the gate-keeping abilities of the owners of the infrastructural layer on which OTT services operate,” the association said.

Earlier, the Broadband India Forum (BIF) that represents big tech companies had also proposed taking OTT players out of the ambit of telecommunication services. According to the forum,

regulation of OTT apps would give the government exclusive rights and privileges to decide, build, develop, and operate the apps.

Hero to hike prices by up to ₹1,500 from Dec 1

FE BUREAU
Mumbai, November 25

HERO MOTOCORP, INDIA'S largest two-wheeler maker, will raise ex-showroom prices of its motorcycles and scooters by up to ₹1,500 due to inflationary cost pressures.

The new prices will become effective from December 1. The quantum of the increase will vary based on models and markets, said the company. It did not specify the exact model-wise increase.

The 100cc, budget motorcycle segment is the largest segment for the Delhi-based, with a major part of the volume coming from rural and semi-rural pockets.

Niranjan Gupta, chief financial officer, Hero MotoCorp, said, “The upward revision of the prices has been necessitated due to overall inflationary costs. We will continue to provide innovative financing solutions in order to cushion the impact on the customers.”

“We have also put in place accelerated savings programmes, which will help us offset any further cost impact, and drive improvement in margins. Moving forward the economic indicators are favourable to a growth in demand, and we expect industry volumes to pick up in coming quarters,” Gupta said.

Funskool eyes ₹250-cr turnover

SAJAN C KUMAR
Chennai, November 25

FUNSKOOL INDIA, AN MRF Group company and one of the largest toymakers in the country, is strengthening its facilities for aggressive domestic and international growth.

It has set up a product development team in Chennai to work on the new line-up of launches and an engineering team in Goa to take care of all aspects from prototype to product launches.

The company, which has two production units in Ranipet, Tamil Nadu, and one in Goa, is expanding the units. R Jeswant, CEO, Funskool India, in an interaction with *FE*, said: “We will be adding 1.38 lakh sq ft space at our two units at Ranipet and will be bringing in new machines at the facilities including Goa. We are looking to grow our business both in domestic and

exports markets,” he said. The company is looking at closing the current fiscal with a turnover of over ₹250 crore against ₹231 crore in FY22.

On the domestic front, especially in rural areas, it has been appointing dealerships for the last few years. It is also looking at overseas expansion. “We are present in over 30 countries and we will be adding 10 more countries in Africa and Europe ones into the export basket by the end of the current fiscal, taking the total countries to 40.” The company already has distribution arrangements in countries such as the US and the UK.

Jeswant said the company is aggressively looking at growing certain categories where it does not have much presence, such as electronics and wooden toys.

“We have some electronics being built into our products, but we want to get full-fledged into that category,” he said.

Tata Consumer bets on innovation to drive sales

FE BUREAU
Bengaluru, November 25

INNOVATION IS ONE of the key enablers for growth for Tata Consumer Products going ahead, and the company has set a target of achieving 5% of sales through innovation in the next two-three years, said Vikas Gupta, head of global R&D at the company.

In FY22, innovations contributed 2.7% of sales. In the first half of the current fiscal, Tata Consumer launched three products a month on an average, doubling the acceleration in number of

Vikas Gupta, global head, R&D, TCPL

launches compared with the previous year.

There have been launches in the spices and protein segments, ready-to-drink beverages

and the Gold franchise in the packaged tea segment. In terms of products, new launches this year include Tata Salt Immuno, Tata Sampann Hing, Tata Sampann Pure Spices in south market, Tata Soufull Masala Oats+ and Tata Soufull Improved Millets Muesli.

Innovations were in the mass as well as premium categories. While some were in niche categories like Tata GoFit and Tata Coffee gold, others were in mass categories like salt fortified with zinc, grains and pulses.

Tata Consumer has accelerated the pace of innovations to expand its food and beverages segment. At present, it derives around 75% of its consolidated sales from beverages and around 25% from the food business. Its key beverage brands include Tata Tea, Tetley, Eight O’Clock Coffee, Tata Coffee Grand, Himalayan Natural Mineral Water, Tata Water Plus and Tata Gluco Plus. Its foods portfolio includes brands such as Tata Salt, Tata Sampann and Tata Soufull.

Gupta said the company targets 15-20% launches that are disruptive in nature. For instance, zinc fortified salt is a

disruptive product for the company, as is the cold coffee offering to provide customers a cafe experience at home, or instant coffee, he said.

New Pune airport terminal to be ready by May

Jyotiraditya Scindia, civil aviation minister

FE BUREAU
Pune, November 25

THE NEW INTEGRATED terminal at Pune airport will be ready by May 2023, Union civil aviation and steel minister Jyotiraditya Scindia said in Pune on Friday.

The Airports Authority of India (AAI) is investing ₹500 crore in this airport expansion project. There are plans to add domestic and international cargo terminals at the existing airport, Scindia said.

Till the proposed international airport at Purandar near Pune is completed, efforts will be made to upgrade the existing airport, the minister said.

International connectivity from Pune is also being resumed, with flights to Bangkok and Singapore restarting on December 1, the minister said. He was hopeful of connectivity to Europe and the US from Pune taking off.

As part of the airport expansion plan, the minister inaugurated the ₹120-crore, 5,00,000 sq ft Aeromall. Built as a public-private partnership project between AAI and Pebbles Infra-tech, Aeromall comprises of a multi-level car park, and retail, food court and commercial space.

Retail brands that have opened in the space include Croma, Zudio, Forest Essentials, Sugar Cosmetics, Go Colours, Quench Botanics, Dr DIY, Skyypr, Indian Terrain and food brands Starbucks, McDonald’s, Pizza Hut, Subway, Wow Momo, Keventers, Baskin Robbins, Blue Tokai and Mexican Tapas Bar.

INDUSTRY BODY RESPONDS TO DRAFT TELECOM BILL

OTT norms will hit startups: IAMAI

FE BUREAU
New Delhi, November 25

THE LICENSING PROVISIONS for over-the-top (OTT) service providers in the draft telecom Bill will present an existential threat to the startup ecosystem in the country, according to the Internet & Mobile Association of India (IAMAI).

The industry association, which represents startups and other technology companies, said regulation of OTTs will create an entry barrier for startups in the sector. Further, proposal for a revenue-sharing mechanism between OTTs and telcos would also leave the startup ecosystem vulnerable to compliance costs even when they may be pre-revenue, IAMAI said.

“Not only would this mean that aspiring Indian startups which are still evolving and developing their business and monetisation models will risk massive compliance costs in their infancy, but also would

KEY OBJECTIONS

■ As per the industry body, aspiring startups still developing business and monetisation models will risk massive compliance costs

■ Foreign investors bullish on Indian startups may be

discouraged by drastic policy uncertainty

■ The draft Bill consultation betrays a “wilful misinterpretation or a fundamental lack of understanding” of how the digital economy works

mean that foreign investors bullish on Indian startups may experience a chilling effect owing to the drastic policy uncertainty,” IAMAI said in a letter to the department of telecommunications.

According to the association, the recently concluded consultation on the draft telecom Bill betrays either a “wilful misinterpretation or a

fundamental lack of understanding” of how the digital economy works.

The comments from IAMAI come after the Cellular Operators Association of India (COAI) proposed a framework for OTT communication apps such as WhatsApp, Signal, and Telegram to compensate telcos for using their network to provide services.

“Contribution of OTTs to network costs can be based on assessable criteria like volume of traffic, turnover threshold, number of users, etc,” COAI had said in its comments on the draft telecom Bill.

In contrast, IAMAI has urged the government to review the scope of telecom communication services and limit it to companies which control

telecom spectrum. “The time-tested distinction between telecom spectrum-controlling entities and spectrum-using companies should be maintained as it has been the basis that has allowed innovation and deeper penetration of the internet in India,” IAMAI said. “Certain policy experts continue to propagate fantasies about equitable contributions from stakeholders within the OTT layer, which would only seem to strengthen the gate-keeping abilities of the owners of the infrastructural layer on which OTT services operate,” the association said.

Earlier, the Broadband India Forum (BIF) that represents big tech companies had also proposed taking OTT players out of the ambit of telecommunication services. According to the forum, regulation of OTT apps would give the government exclusive rights and privileges to decide, build, develop, and operate the apps.

Hero to hike prices by up to ₹1,500 from Dec 1

FE BUREAU
Mumbai, November 25

HERO MOTOCORP, INDIA'S largest two-wheeler maker, will raise ex-showroom prices of its motorcycles and scooters by up to ₹1,500 due to inflationary cost pressures.

The new prices will become effective from December 1. The quantum of the increase will vary based on models and markets, said the company. It did not specify the exact model-wise increase.

The 100cc, budget motorcycle segment is the largest segment for the Delhi-based, with a major part of the volume coming from rural and semi-rural pockets.

Niranjan Gupta, chief financial officer, Hero MotoCorp, said, “The upward revision of the prices has been necessitated due to overall inflationary costs. We will continue to provide innovative financing solutions in order to cushion the impact on the customers.”

“We have also put in place accelerated savings programmes, which will help us offset any further cost impact, and drive improvement in margins. Moving forward the economic indicators are favourable to a growth in demand, and we expect industry volumes to pick up in coming quarters,” Gupta said.

Funskool eyes ₹250-cr turnover

SAJAN C KUMAR
Chennai, November 25

FUNSKOOL INDIA, AN MRF Group company and one of the largest toymakers in the country, is strengthening its facilities for aggressive domestic and international growth.

It has set up a product development team in Chennai to work on the new line-up of launches and an engineering team in Goa to take care of all aspects from prototype to product launches.

The company, which has two production units in Ranipet, Tamil Nadu, and one in Goa, is expanding the units. R Jeswant, CEO, Funskool India, in an interaction with *FE*, said: “We will be adding 1.38 lakh sq ft space at our two units at Ranipet and will be bringing in new machines at the facilities including Goa. We are looking to grow our business both in domestic and

exports markets,” he said. The company is looking at closing the current fiscal with a turnover of over ₹250 crore against ₹231 crore in FY22.

On the domestic front, especially in rural areas, it has been appointing dealerships for the last few years. It is also looking at overseas expansion. “We are present in over 30 countries and we will be adding 10 more countries in Africa and Europe ones into the export basket by the end of the current fiscal, taking the total countries to 40.” The company already has distribution arrangements in countries such as the US and the UK.

Jeswant said the company is aggressively looking at growing certain categories where it does not have much presence, such as electronics and wooden toys.

“We have some electronics being built into our products, but we want to get full-fledged into that category,” he said.

Tata Consumer bets on innovation to drive sales

FE BUREAU
Bengaluru, November 25

INNOVATION IS ONE of the key enablers for growth for Tata Consumer Products going ahead, and the company has set a target of achieving 5% of sales through innovation in the next two-three years, said Vikas Gupta, head of global R&D at the company.

In FY22, innovations contributed 2.7% of sales. In the first half of the current fiscal, Tata Consumer launched three products a month on an average, doubling the acceleration in number of

Vikas Gupta, global head, R&D, TCPL

launches compared with the previous year.

There have been launches in the spices and protein segments, ready-to-drink beverage

and the Gold franchise in the packaged tea segment. In terms of products, new launches this year include Tata Salt Immuno, Tata Sampann Hing, Tata Sampann Pure Spices in south market, Tata Soufull Masala Oats+ and Tata Soufull Improved Millets Muesli.

Innovations were in the mass as well as premium categories. While some were in niche categories like Tata GoFit and Tata Coffee gold, others were in mass categories like salt fortified with zinc, grains and pulses.

Tata Consumer has accelerated the pace of innovations to expand its food and beverage segment. At present, it derives around 75% of its consolidated sales from beverages and around 25% from the food business. Its key beverage brands include Tata Tea, Tetley, Eight O’Clock Coffee, Tata Coffee Grand, Himalayan Natural Mineral Water, Tata Water Plus and Tata Gluco Plus. Its foods portfolio includes brands such as Tata Salt, Tata Sampann and Tata Soufull.

Gupta said the company targets 15-20% launches that are disruptive in nature. For instance, zinc fortified salt is a

disruptive product for the company, as is the cold coffee offering to provide customers a cafe experience at home, or instant coffee, he said.

New Pune airport terminal to be ready by May

Jyotiraditya Scindia, civil aviation minister

FE BUREAU
Pune, November 25

THE NEW INTEGRATED terminal at Pune airport will be ready by May 2023, Union civil aviation and steel minister Jyotiraditya Scindia said in Pune on Friday.

The Airports Authority of India (AAI) is investing ₹500 crore in this airport expansion project. There are plans to add domestic and international cargo terminals at the existing airport, Scindia said.

Till the proposed international airport at Purandar near Pune is completed, efforts will be made to upgrade the existing airport, the minister said.

International connectivity from Pune is also being resumed, with flights to Bangkok and Singapore restarting on December 1, the minister said. He was hopeful of connectivity to Europe and the US from Pune taking off.

As part of the airport expansion plan, the minister inaugurated the ₹120-crore, 5,00,000 sq ft Aeromall. Built as a public-private partnership project between AAI and Pebbles Infra-tech, Aeromall comprises of a multi-level car park, and retail, food court and commercial space.

Retail brands that have opened in the space include Croma, Zudio, Forest Essentials, Sugar Cosmetics, Go Colours, Quench Botanics, Dr DIY, Skypar, Indian Terrain and food brands Starbucks, McDonald’s, Pizza Hut, Subway, Wow Momo, Keventers, Baskin Robbins, Blue Tokai and Mexican Tapas Bar.

INDUSTRY BODY RESPONDS TO DRAFT TELECOM BILL

OTT norms will hit startups: IAMAI

FE BUREAU
New Delhi, November 25

THE LICENSING PROVISIONS for over-the-top (OTT) service providers in the draft telecom Bill will present an existential threat to the startup ecosystem in the country, according to the Internet & Mobile Association of India (IAMAI).

The industry association, which represents startups and other technology companies, said regulation of OTTs will create an entry barrier for startups in the sector. Further, proposal for a revenue-sharing mechanism between OTTs and telcos would also leave the startup ecosystem vulnerable to compliance costs even when they may be pre-revenue, IAMAI said.

“Not only would this mean that aspiring Indian startups which are still evolving and developing their business and monetisation models will risk massive compliance costs in their infancy, but also would

KEY OBJECTIONS

■ As per the industry body, aspiring startups still developing business and monetisation models will risk massive compliance costs

■ Foreign investors bullish on Indian startups may be

discouraged by drastic policy uncertainty

■ The draft Bill consultation betrays a “wilful misinterpretation or a fundamental lack of understanding” of how the digital economy works

mean that foreign investors bullish on Indian startups may experience a chilling effect owing to the drastic policy uncertainty,” IAMAI said in a letter to the department of telecommunications.

According to the association, the recently concluded consultation on the draft telecom Bill betrays either a “wilful misinterpretation or a

fundamental lack of understanding” of how the digital economy works.

The comments from IAMAI come after the Cellular Operators Association of India (COAI) proposed a framework for OTT communication apps such as WhatsApp, Signal, and Telegram to compensate telcos for using their network to provide services.

“Contribution of OTTs to network costs can be based on assessable criteria like volume of traffic, turnover threshold, number of users, etc,” COAI had said in its comments on the draft telecom Bill.

In contrast, IAMAI has urged the government to review the scope of telecom communication services and limit it to companies which control

telecom spectrum. “The time-tested distinction between telecom spectrum-controlling entities and spectrum-using companies should be maintained as it has been the basis that has allowed innovation and deeper penetration of the internet in India,” IAMAI said.

“Certain policy experts continue to propagate fantasies about equitable contributions from stakeholders within the OTT layer, which would only seem to strengthen the gate-keeping abilities of the owners of the infrastructural layer on which OTT services operate,” the association said.

Earlier, the Broadband India Forum (BIF) that represents big tech companies had also proposed taking OTT players out of the ambit of telecommunication services. According to the forum,

regulation of OTT apps would give the government exclusive rights and privileges to decide, build, develop, and operate the apps.

Hero to hike prices by up to ₹1,500 from Dec 1

FE BUREAU
Mumbai, November 25

HERO MOTOCORP, INDIA'S largest two-wheeler maker, will raise ex-showroom prices of its motorcycles and scooters by up to ₹1,500 due to inflationary cost pressures.

The new prices will become effective from December 1. The quantum of the increase will vary based on models and markets, said the company. It did not specify the exact model-wise increase.

The 100cc, budget motorcycle segment is the largest segment for the Delhi-based, with a major part of the volume coming from rural and semi-rural pockets.

Niranjan Gupta, chief financial officer, Hero MotoCorp, said, “The upward revision of the prices has been necessitated due to overall inflationary costs. We will continue to provide innovative financing solutions in order to cushion the impact on the customers.”

“We have also put in place accelerated savings programmes, which will help us offset any further cost impact, and drive improvement in margins. Moving forward the economic indicators are favourable to a growth in demand, and we expect industry volumes to pick up in coming quarters,” Gupta said.

Funskool eyes ₹250-cr turnover

SAJAN C KUMAR
Chennai, November 25

FUNSKOOL INDIA, AN MRF Group company and one of the largest toymakers in the country, is strengthening its facilities for aggressive domestic and international growth.

It has set up a product development team in Chennai to work on the new line-up of launches and an engineering team in Goa to take care of all aspects from prototype to product launches.

The company, which has two production units in Ranipet, Tamil Nadu, and one in Goa, is expanding the units. R Jeswant, CEO, Funskool India, in an interaction with *FE*, said: “We will be adding 1.38 lakh sq ft space at our two units at Ranipet and will be bringing in new machines at the facilities including Goa. We are looking to grow our business both in domestic and

exports markets,” he said. The company is looking at closing the current fiscal with a turnover of over ₹250 crore against ₹231 crore in FY22.

On the domestic front, especially in rural areas, it has been appointing dealerships for the last few years. It is also looking at overseas expansion. “We are present in over 30 countries and we will be adding 10 more countries in Africa and Europe ones into the export basket by the end of the current fiscal, taking the total countries to 40.” The company already has distribution arrangements in countries such as the US and the UK.

Jeswant said the company is aggressively looking at growing certain categories where it does not have much presence, such as electronics and wooden toys.

“We have some electronics being built into our products, but we want to get full-fledged into that category,” he said.

Tata Consumer bets on innovation to drive sales

FE BUREAU
Bengaluru, November 25

INNOVATION IS ONE of the key enablers for growth for Tata Consumer Products going ahead, and the company has set a target of achieving 5% of sales through innovation in the next two-three years, said Vikas Gupta, head of global R&D at the company.

In FY22, innovations contributed 2.7% of sales. In the first half of the current fiscal, Tata Consumer launched three products a month on an average, doubling the acceleration in number of

Vikas Gupta, global head, R&D, TCPL

launches compared with the previous year.

There have been launches in the spices and protein segments, ready-to-drink beverages

and the Gold franchise in the packaged tea segment. In terms of products, new launches this year include Tata Salt Immuno, Tata Sampann Hing, Tata Sampann Pure Spices in south market, Tata Soufull Masala Oats+ and Tata Soufull Improved Millets Muesli.

Innovations were in the mass as well as premium categories. While some were in niche categories like Tata GoFit and Tata Coffee gold, others were in mass categories like salt fortified with zinc, grains and pulses.

Tata Consumer has accelerated the pace of innovations

to expand its food and beverages segment. At present, it derives around 75% of its consolidated sales from beverages and around 25% from the food business. Its key beverage brands include Tata Tea, Tetley, Eight O’Clock Coffee, Tata Coffee Grand, Himalayan Natural Mineral Water, Tata Water Plus and Tata Gluco Plus. Its foods portfolio includes brands such as Tata Salt, Tata Sampann and Tata Soufull.

Gupta said the company targets 15-20% launches that are disruptive in nature. For instance, zinc fortified salt is a

disruptive product for the company, as is the cold coffee offering to provide customers a cafe experience at home, or instant coffee, he said.

New Pune airport terminal to be ready by May

Jyotiraditya Scindia, civil aviation minister

FE BUREAU
Pune, November 25

THE NEW INTEGRATED terminal at Pune airport will be ready by May 2023, Union civil aviation and steel minister Jyotiraditya Scindia said in Pune on Friday.

The Airports Authority of India (AAI) is investing ₹500 crore in this airport expansion project. There are plans to add domestic and international cargo terminals at the existing airport, Scindia said.

Till the proposed international airport at Purandar near Pune is completed, efforts will be made to upgrade the existing airport, the minister said.

International connectivity from Pune is also being resumed, with flights to Bangkok and Singapore restarting on December 1, the minister said. He was hopeful of connectivity to Europe and the US from Pune taking off.

As part of the airport expansion plan, the minister inaugurated the ₹120-crore, 5,00,000 sq ft Aeromall. Built as a public-private partnership project between AAI and Pebbles Infra-tech, Aeromall comprises of a multi-level car park, and retail, food court and commercial space.

Retail brands that have opened in the space include Croma, Zudio, Forest Essentials, Sugar Cosmetics, Go Colours, Quench Botanics, Dr DIY, Skyypr, Indian Terrain and food brands Starbucks, McDonald’s, Pizza Hut, Subway, Wow Momo, Keventers, Baskin Robbins, Blue Tokai and Mexican Tapas Bar.
