Tembo Global Industries Signs MoU with Belgium's Lachaussee SA to Establish Advanced Ammunition Production Line in India

€50 Million Strategic Partnership to Produce 100 Million Rounds of Ammunition Annually

Mumbai, September 7, 2026: Tembo Global Industries Ltd. (NSE: TEMBO), a diversified engineering and manufacturing company, today announced that its subsidiary, **Tembo Classic Engineering Pvt. Ltd.**, has entered a Memorandum of Understanding (MoU) with **Lachaussee SA, Belgium**, to establish a complete production line for two types of ammunition in India.

Under the proposed partnership, Tembo Classic Engineering Pvt. Ltd. will collaborate with Lachaussee SA to set up a complete production line for manufacturing two types of ammunition. The facility is expected to have a production capacity of approximately **100 million rounds per year**. The project is valued at approximately **€50 million**, with deliveries scheduled for **2028** and **2029**.

This MoU marks an important step in Tembo Global Industries' continued expansion into the defence manufacturing sector and further strengthens its engineering, manufacturing and project execution capabilities. The proposed production line also aligns with the broader **Make in India** vision of strengthening domestic manufacturing capabilities and building a robust defence manufacturing ecosystem within the country.

Commenting on the development, **Mr. Sanjay J. Patel, Managing Director, Tembo Global Industries Ltd.**, said:

"The signing of this MOU with Lachaussee SA represents an important milestone in Tembo Global Industries' journey in the defence manufacturing sector. This partnership brings together complementary engineering and manufacturing capabilities to establish a complete ammunition production line in India. We believe this association will further strengthen our presence in the defence manufacturing ecosystem and provide a strong foundation for sustainable growth in this strategic sector. We look forward to working closely with Lachaussee SA towards the successful execution of this project."

About Lachaussee SA

Lachaussee SA, headquartered in Milmort, Belgium, is an engineering and manufacturing company with a history dating back to 1830. The company specializes in designing and manufacturing high-precision machinery and complete production lines for ammunition, primers, detonators, and other pyrotechnic components for defence and related industries. With extensive technical expertise and international experience, Lachaussee provides solutions covering equipment design, manufacturing, installation, commissioning, and technology transfer to customers across global markets.
