Unique, Data Driven Business Process

Thomas Scott is an online focused retailer of major brands across marketplaces like Myntra, Ajio, Tata Cliq, Amazon, Flipkart & our website. With in-house manufacturing facilities, it provides a truly "direct to customer" experience.

Continuously collect data on high volume keywords, high traffic browsing pages, and competitive information on major marketplaces

Identify high demand trends & find online micro-markets with supply-demand gaps through our algorithms

Basis trends, **launch multiple products** across brands with **minimal inventory** then **monitor customer demand & satisfaction**

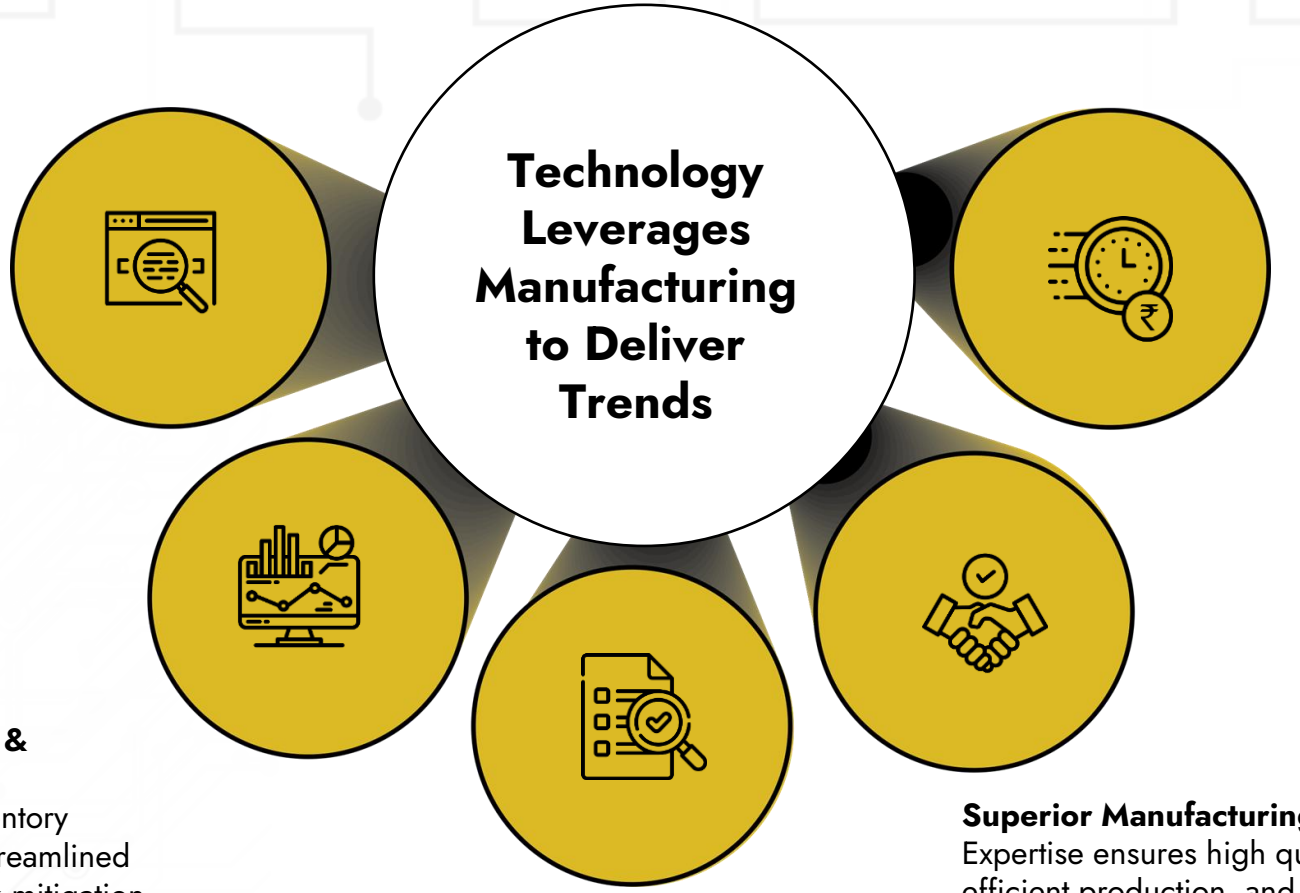

Scale up inventory bets on best-performing products that have high customer satisfaction

Tech-enabled centralized teams operate our process for multiple brands

Operations, Logistics & Fulfilment	Creative, Design & Catalog	Brand Management & Analytics	Finance & Control	Production & Sourcing

Technology Meets Manufacturing

Trend Identification
Using keywords to find trends in micro markets & launch demand-fit products

Cost Effectiveness & Quick Delivery
D2C model lowers costs, improves competitiveness, and reduces markdown losses. Pan-India Fulfilment Centers enable quick 2 day deliveries

Data Analytics & Automation
For optimal inventory management, streamlined workflows & risk mitigation

Superior Manufacturing
Expertise ensures high quality, efficient production, and fewer returns.

High Width – Low Depth Strategy (Small Batch Manufacturing)
Unique Advantage – Ability to pilot test a small batch (~120 MOQ) of new styles.
Successful pilots get scaled up easily

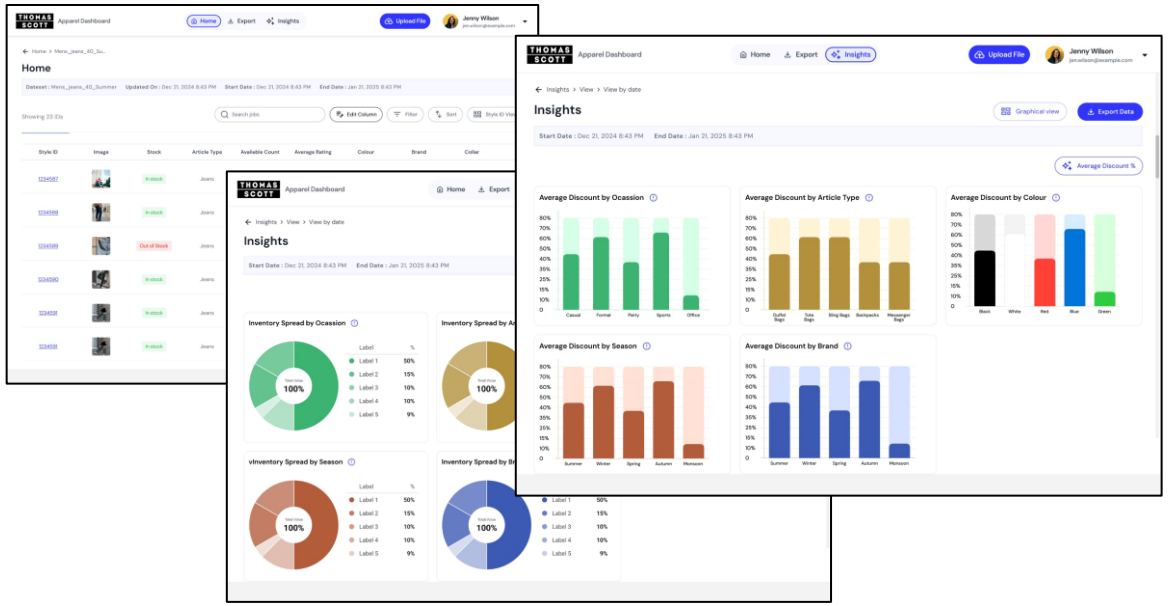

Technological Developments

- TSIL has evolved from a traditional apparel manufacturer into a vertically integrated, tech-enabled online fashion retailer.
- Over the past two years, the company has built built a centralized, data-driven back-end that powers operations, design, cataloguing, brand management, and merchandising for multiple brands, with algorithms guiding key decisions like demand, inventory, pricing, and marketing.
- Now, the focus is on formalizing this advanced technology into a more robust application with an enhanced user experience and integrating cutting-edge Generative AI (GenAI) capabilities.

Two components of the formalized application are in pilot stage:

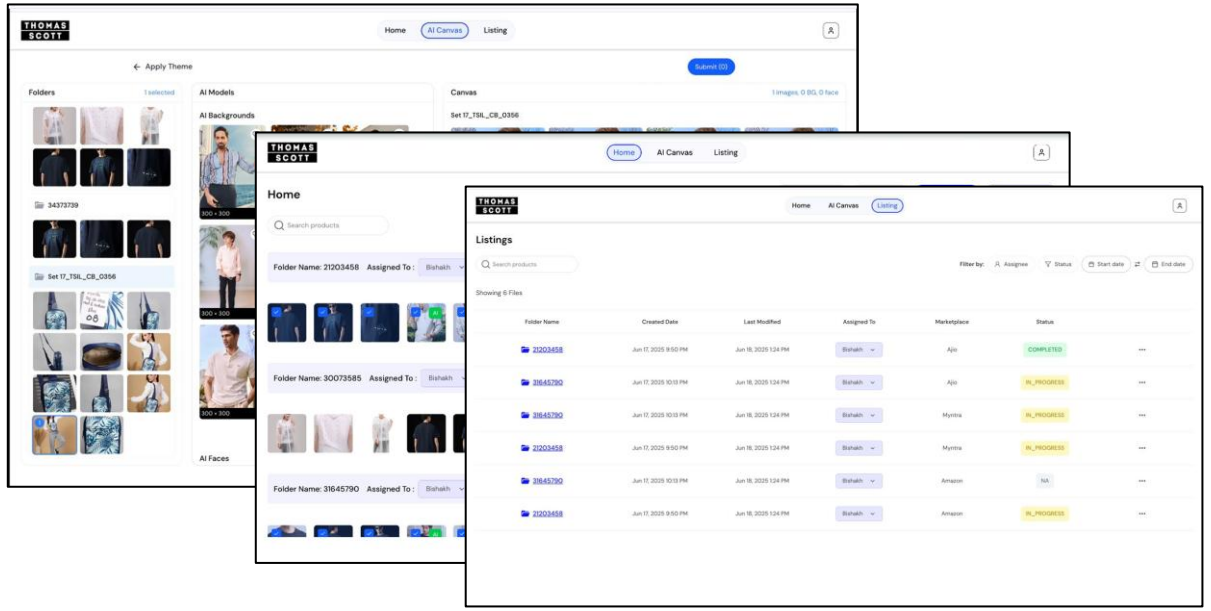

thread.ai

thread.ai is an intelligent co-pilot for fashion and lifestyle. Leveraging cutting-edge GenAI, thread.ai identifies trending and high-demand styles, empowering brands with data-driven insights for design, pricing and merchandising strategy.

catalog.ai

catalog.ai revolutionizes e-commerce visuals and listings. By analyzing high-conversion fashion and lifestyle styles, catalog.ai automates product shoots with AI models and backgrounds, streamlines editing, and intelligently manages e-commerce catalog tasks.

Licensed & Other Brands (B2C)

- TSIL functions as a fully integrated player from designing, sourcing raw material, manufacturing to distributing for various licensed brands that are exclusively sold on different e-commerce platforms.
- TSIL has partnered with various e-commerce platforms like Myntra, Ajio, Namshi etc to manage their licensed brands.
- Some of these include well known global brands like Nautica, Aeropostale, FCUK etc.
- TSIL collects the raw data from e-commerce platforms to identify fashion trends and demand-supply gaps using data analytics and keywords.
- Once the designs/products are finalized, TSIL begins manufacturing.
- Manufactured inventory is then sent to warehouses of TSIL or to local hubs of e-commerce marketplaces.
- Finished goods inventories are kept to minimal levels due to the technology and analytics used by TSIL.
- TSIL aims to scale up this business from e-commerce players by adding more licensed brands to its portfolio.

The Way Forward

Thomas Scott - Own Brand (B2C)	Focus on e-commerce as primary sales channel coupled with "high-width low-depth" strategy to launch trend focused designs
	Expand international sales channels building on the success in GCC region
	Build quick commerce sales channels for the core product range
Licensed & Other Brands (B2C)	Increased focus on "premiumization" of product portfolio by continued expansion of the company's association with international brands
	Expand marketplace footprint through further licensed brand arrangements with e-commerce platforms
	Build on early success in new categories such as kids wear and handbags, to fuel further growth
	Leverage superior insights to capture seasonal demand in segments such as winterwear
Contract Manufacturing (B2B)	Focus on selective long run orders in premium segment including exports
	Continue to service longstanding clients
Technology	Pilot the first two components of our application viz. thread.ai and catalog.ai for internal use.
	Further formalization of our technology especially for areas of pricing strategies, regionalization and replenishment
	Explore technology pilots for external users and develop monetization strategy for the same
