Tiger Logistics to Execute 310 MT Project Cargo in Three Air Charter Flights for HPCL

Key Highlights

- **310 MT of specialized project cargo** to be transported in **Three chartered flights** planned for seamless movement of the cargo.
- **Project includes 80 MT from France and 210 MT from Saudi Arabia** to Visakhapatnam, India.
- **End-to-end logistics scope** covering air freight, customs clearance and local transportation from origin in France and Saudi Arabia to Visakhapatnam, India.
- Strengthens Tiger Logistics' air cargo handling capabilities for PSUs, building on experience with BHEL and renewed trust from HPCL.

Tiger Logistics (India) Ltd., a leading end-to-end international logistics solutions provider, has secured two major air import contracts from Hindustan Petroleum Corporation Limited (HPCL) for the transportation of approximately 310 MT of cargo, to Visakhapatnam. The contracts, representing a business value of approximately ₹8.8 crore, will be executed through three chartered flights, with approximately 80 MT being transported from France and 210 MT from Saudi Arabia.

Under the contracts, Tiger Logistics will manage the shipments on an end-to-end ex-works basis, covering the complete logistics chain from origin to destination. The scope includes air freight, customs clearance and local transportation, ensuring seamless handling and delivery of the specialized cargo from the origins in both countries to the designated destination in Visakhapatnam, India.

The scale and nature of the assignment underline Tiger Logistics' growing capabilities in handling time-sensitive and specialized air cargo movements for large public sector undertakings. The contracts further strengthen Tiger Logistics' growing expertise in air imports for PSUs, building on its experience of executing specialized logistics assignments for leading public sector enterprises, including Bharat Heavy Electricals Limited (BHEL). The renewed trust placed by HPCL reflects the company's ability to manage complex, high-value and specialized cargo movements with operational precision.

Commenting on the development, Harpreet Singh Malhotra, Chairman & Managing Director, Tiger Logistics (India) Ltd., said, “Securing these two contracts from HPCL is a strong endorsement of our capabilities in handling complex air cargo project movements using chartered aircrafts. Such handling requires stringent planning, regulatory compliance and seamless coordination across multiple touchpoints. Our ability to provide an end-to-end logistics solution allows us to manage such assignments with greater control and reliability. We are confident that our growing experience with PSUs will enable us to deepen these relationships and undertake larger and more specialised logistics projects in the future.”
