Dear Sir/S,

Sub: Movement in Price

Ref. No.: NSE/CM/Surveillance/16764

With reference to above subject, this is to submit that the Tamilnadu Telecommunications Limited (TTL) being a joint venture sick company itself is not responsible for movement in share prices. The movement observed in share prices might be due to the activity undertaken by the promoter, as they have decided to sell their share of stake in TTL. In this regard, they have floated tender to find prospective buyer to sell the shares. These people might be searching for prospective buyer through newspaper advertisements and other means.

This information is already in public domain. The promoter is govt. company and all this activity is being undertaken with the consent of Govt.

Submitted for necessary action please

 Thanking You,
Yours Faithfully,

 Swapnil Gupta
