3. The company is engaged in the business of manufacturing of alcoholic beverages. There are no reportable segments other than alcoholic beverages, which singly or in the aggregate qualify for separate disclosure as per provision of the relevant Ind AS 108 "Operating Segments".
4. During the quarter ended June 30, 2021, there was a surge in the spread of COVID-19 in India and various state governments imposed restrictions ranging from curfew / lockdown to contain the spread of COVID19. Business commenced in April 2021 on a good note but a spurt in infections and related Government restrictions towards the second week of April in our main market of Madhya Pradesh and our other markets resulted in a loss of season. The impact of COVID 19 has now affected the operations of the company for two consecutive seasons. The next two months of the quarter witnessed subdued business with some recovery towards the early part of June as the markets started to gradually open. The business operations of the Company have been significantly impacted by way of interruption of production, supply chain, since the start of the pandemic. The industry outlook remains positive yet remains volatile depending amongst others on the future trajectory of the pandemic as well as the state of the economy. The company continues to actively review costs and focus on working capital management. We remain optimistic about the long-term growth drivers of the industry.
5. Previous period figures have been regrouped and or reclassified, wherever necessary.
6. Shareholders are requested to intimate change of address, if any.
