Transrail order intake momentum continues, secures fresh orders worth ₹927 Crore

Wins anchored by 765kV & 400kV Domestic Transmission Line Projects

Mumbai, October 20, 2026 – Transrail Lighting Limited (BSE: 544317, NSE: TRANSRAILL), one of the leading Engineering, Procurement, and Construction (EPC) players in the Transmission & Distribution (T&D) sector, today announced that it has bagged new orders worth ₹927 crore mainly in its Domestic Power T&D business. Post these fresh orders, the order intake for the year has increased to ₹3,356 crore.

The order wins mainly includes EPC projects in domestic market for 765kV & 400kV transmission lines. It also includes conductor supply orders to USA. With these new jobs, the winning streak has continued for Transrail with more than ₹2,300 crore order declared in last 3 weeks.

Transrail's expanded inhouse manufacturing capabilities for tower and conductors, paired with robust domestic and international T&D demand, positions the Company perfectly to drive sustainable growth.

Mr. Randeep Narang, MD & CEO, quoted,

"The strong momentum in our order inflows underscores Transrail's growing scale and competitiveness in the power T&D sector. Our ability to secure complex transmission EPC projects, backed by our in-house tower and conductor manufacturing capabilities, remains a key differentiator. With a strong foothold in the domestic market and an expanding international business, we are focused on building a well-diversified business across our products and services."

About Transrail Lighting Limited:

Transrail is a leading turnkey engineering, procurement and construction (EPC) company with primary focus on power transmission and distribution business with 4 decades of experience. With its headquarters in India, it is a global enterprise with a footprint in more than 60 countries across 6 continents. It provides turnkey solutions from Designing, Engineering, Supply, Manufacture, Construction, Testing services across all its business verticals which include Transmission Lines, Substations, Civil Construction, Railways, Solar and Pole & Lighting. As part of Power T&D business, Transrail has largescale manufacturing facilities in India for Galvanized Lattice Towers, Overhead Conductors including HTLS and Galvanized Monopoles in addition to a well-accredited Tower testing facility.
