Increasing protein intake can reduce disability risk in elderly

London, Increasing the daily amount of protein intake — known to slow the loss of muscle mass — can help older adults preserve the ability to perform daily activities as well as prevent their risks of disability, showed a research. The study found that eating more protein can delay the risk of disability that can obstruct them in performing basic daily and housekeeping activities independently including self feeding, bathing, dressing and participating in social activities. “Our findings support current thinking about increasing the recommended daily intake of protein to maintain active and healthy

ageing,” said Nuno Mendonca, lead researcher from Newcastle University in the UK. For the study, published in the Journal of the American Geriatrics Society, researchers examined 722 participants in North-East England, of whom 60 per cent were women. They provided researchers with information about their daily diet, body weight, height measurements, overall health assessment (including any level of disability), and medical records. Older adults tend to have a lower protein intake than younger adults due to poorer health, reduced physical activity, and changes in the mouth and teeth.

Ordinance passed to decriminalise minor offences by companies

New Delhi, President Ram Nath Kovind has assented Companies Amendment (Ordinance), 2018 to reduce court cases and decriminalise minor offences by companies, the government said on Friday as it promulgated the ordinance. The ordinance is based on the recommendations of a government-appointed committee to review offences under the Companies Act, 2013 in order to promote Ease of Doing Business along with better corporate compliance. A total of 16 types of corporate offences have been shifted from the special courts to in-house adjudication increasing the scope of in-house assessment from 18 to 34 Sections of the Act, the Ministry of Corporate Affairs said in the statement. This is likely “to reduce the case load of Special Courts by over 60 per cent, thereby enabling them to concentrate on serious corporate offences”, it said. “The penalty for small companies and one person companies has been reduced to half of that applicable to normal companies,” it added. The ordinance also calls for instituting a transparent and technology driven in-house adjudication mechanism on an online platform and publication of the orders on the website. Further, the amendment requires strengthening the in-house mechanism by necessitating a concomitant order for making good the default at the time of levying penalty, to attain the ultimate aim of achieving better compliance. The ordinance seeks to declog the National Company Law Tribunal (NCLT) by enlarging the pecuniary jurisdiction of Regional Director by enhancing the limit up to Rs 25 lakh as against earlier limit of Rs 5 lakh under Section 441 of the Act. It vests in the Central government the power to approve the alteration in the financial year of a company under Section 2(41) and to approve cases of conversion of public companies into private companies.

1,198 corporates admitted under IBC: Official

Kolkata, As many as 1,198 corporates were admitted into the resolution process under the Insolvency and Bankruptcy Code (IBC) by September end, of which 52 yielded resolution while 212 resulted in liquidation, an official said here on Saturday. “As of September 30, 1,198 corporates were under insolvency resolution process. So far, about 52 resolutions have been taken place,” Insolvency and Bankruptcy Board of India (IBBI) Whole Time Member Navrang Saini said. According to the board, about 212 cases resulted in liquidation and 118 were closed on appeal or review. “Maximum cases come from BIFR and that is why number of liquidation is high. We are focusing on resolutions,” he said at a session organised by the Merchants’ Chamber of Commerce and Industry. Saini said average recovery under the corporate insolvency resolution processes was around 50 per cent while in some cases the same was more than 65 per cent or even 100 per cent. IBBI’s Chief General Manager I. Sreekara Rao said around 192 cases, regarding preferential, fraudulent, undervalued and extortionate (PFUE) transactions, have so far been filed before different benches of National Company Law Tribunal (NCLT). At the end of September, a total of 269 corporate persons initiated voluntary liquidation.

Yuva-HallaBol organises panchayats against graft in government jobs

New Delhi, Alleging massive corruption in the procedure for government jobs, Yuva-HallaBol on Friday organised ‘youth panchayats’ across the country on the rising unemployment in the country. In the panchayats, the youth representatives deliberated on the way forward and decided to organise Yuva-HallaBol rallies in more cities. The Yuva-HallaBol is a nationwide youth movement against corruption and lack of job opportunities. “Yuva-HallaBol has in the past protested against SSC (Staff Selection Commission) scam and also organised a rally at Parliament Street. Noted activist and Supreme Court lawyer Prashant Bhushan is now handling the SSC case in the court,” said Yuva-HallaBol leader Anupam. He

said youth panchayats were organized in various cities today to discuss the roadmap for the nationwide movement against unemployment. The cities included Delhi, Kolkata, Patna, Jaipur, Bhopal, Allahabad, Rewari, Bengaluru, Chennai, Pune. “Youngsters have a deep sense of insecurity for their future, which casts a shadow on the country’s future.
