Trom Industries Secures Multiple Rooftop Solar Orders Totalling 42 MW Under PM Surya Ghar Yojana

Gandhinagar, July 11, 2026: Trom Industries Limited (NSE- TROM | INEOSYV01018) a solar EPC and clean energy solutions company, announced the receipt of **three purchase orders** from South Bihar Power Distribution Company Limited for the implementation of 42 MW of Grid-Connected Rooftop Solar Projects under the **CAPEX plus RESCO Mode Utility-Led Aggregation (ULA) Model** of the PM Surya Ghar – Muft Bijli Yojana (PMSG-MBY).

The projects collectively cover **38,561 consumer installations**, each with a capacity of **1.1 KW**, across the **Aurangabad, Bhagalpur and Biharsharif circles** of South Bihar Power Distribution Company Limited (SBPDCL). The orders are scheduled to be executed within **nine months** from the date of signing of the respective Power Purchase Agreements (PPAs).

Order Details

- **Biharsharif Circle:** 17 MW covering **15,335** consumer installations
- **Bhagalpur Circle:** 15 MW covering **13,290** consumer installations
- **Aurangabad Circle:** 10 MW covering **9,936** consumer installations

These projects are being implemented under the **Power Purchase Agreement (PPA) model**, under which Trom Industries will receive recurring revenue from power generation over the tenure of the agreements. This long-term revenue stream is expected to strengthen the Company's business model by improving revenue visibility, enhancing cash flow stability, and creating a sustainable annuity-based income alongside its EPC operations.

These orders further strengthen Trom Industries' participation in large-scale government-backed rooftop solar programmes and reinforce its execution capabilities in the utility-led residential solar segment. The projects are aligned with the Government of India's vision of accelerating distributed renewable energy adoption through the **PM Surya Ghar – Muft Bijli Yojana**.

Commenting on the order momentum, Mr. Jignesh Patel, Managing Director of Trom Industries Limited said: *“These orders represent an important milestone in our participation in India's rapidly expanding rooftop solar ecosystem. The PM Surya Ghar initiative is creating significant opportunities for experienced EPC players, and we are pleased to contribute to this national programme. Our focus remains on timely execution, maintaining high quality standards, and strengthening our presence across government-led renewable energy projects”*

About Trom Industries Limited

Trom Industries Limited (“was formerly known as Trom Solar”) Incorporated in 2011, is an engineering, procurement, and construction (EPC) company specializing in solar energy solutions. Headquartered in Gujarat, the company focuses on residential and industrial solar power plants, Ground-mounted systems, and solar street lighting, with a strong presence across Gujarat and Maharashtra.

The Company serves a diverse portfolio of marquee clients, including RBI, ONGC, GAIL, Honda, Toyota, Vedanta, Amul, Corona Remedies Limited, Ahmedabad Municipal Corporation, ArcelorMittal Nippon Steel India Private Limited, GEDA, Apollo Infratech Private Limited, Royal Castor Products Limited, Vasant Masala Private Limited and Sahajanand Laser Technology Limited. Trom Industries' project portfolio spans government tenders, residential installations, and large-scale industrial and commercial solar projects. Committed to advancing sustainable energy adoption, Trom Industries offers customized renewable energy solutions such as solar rooftop systems, ground-mounted solar projects, solar street lighting, offgrid solutions, solar water purifiers and solar pumps.

With over 100 MW of high-efficiency modules installed, 70 MW of experienced EPC execution, 45 MW of complete operation and maintenance services, and more than 30,000 satisfied customers. Trom Industries leverages technical expertise and local market knowledge to deliver reliable and cost effective renewable energy solutions.

In FY26, the company reported consolidated total income of ₹125 Cr, with an EBITDA of ₹12 Cr and net profit of ₹7 Cr
