Trom Industries Expands Order Pipeline with Municipal Infrastructure and Solar EPC Wins

Gandhinagar, December 19, 2025: Trom Industries Limited (NSE- TROM | INEOSYV01018) a fast-growing solar EPC and clean energy solutions company, has announced the addition of new domestic orders across municipal infrastructure and renewable energy segments, further strengthening its execution pipeline and business visibility.

Recent Order Highlights

₹1.59 Crore – Shakti Metals

- **Scope:** End-to-end execution of a 622.48 kW Solar Photovoltaic (SPV) grid-interactive power plant, including design, supply, installation, testing, and commissioning
- **Segment:** Solar EPC
- **Execution Timeline:** To be completed within the current financial year

₹2.86 Crore – Gandhinagar Municipal Corporation (GMC)

- **Scope:** Empanelment for providing new streetlights and high mast lighting across newly constructed roads and multiple locations
- **Segment:** Municipal infrastructure
- **Execution Timeline:** Completion scheduled within the current year

Order Book Momentum and Growth Outlook

The recent order wins underscore Trom Industries' strong execution capabilities across both public infrastructure and clean energy verticals. While the municipal lighting project strengthens the Company's presence in urban infrastructure, the solar EPC order deepens its renewable energy portfolio. Supported by steady order inflows, diversified project exposure, and a disciplined execution approach,

Trom Industries continues to focus on scalable growth, operational efficiency, and expansion across high-growth clean energy and infrastructure opportunities, positioning the Company for sustained long-term value creation.

Commenting on the order win, Mr. Jignesh Patel, Managing Director of Trom Industries Limited said:

"These orders reflect Trom Industries' growing credibility across both public infrastructure and clean energy segments. The municipal lighting project strengthens our engagement with government bodies, while the solar EPC order reinforces our focus on scalable renewable energy solutions. With a diversified order pipeline and strong execution capabilities, we remain confident of sustaining healthy growth while delivering timely and high-quality outcomes for our clients"

About Trom Industries Limited

Trom Industries Limited (“was formerly known as Trom Solar”) Incorporated in 2011, is an engineering, procurement, and construction (EPC) company specializing in solar energy solutions. Headquartered in Gujarat, the company focuses on residential and industrial solar power plants, Ground-mounted systems, and solar street lighting, with a strong presence across Gujarat and Maharashtra.

The Company serves a diverse portfolio of marquee clients, including RBI, ONGC, GAIL, Honda, Toyota, Vedanta, Amul, Corona Remedies Limited, Ahmedabad Municipal Corporation, ArcelorMittal Nippon Steel India Private Limited, GEDA, Apollo Infratech Private Limited, Royal Castor Products Limited, Vasant Masala Private Limited and Sahajanand Laser Technology Limited. Trom Industries’ project portfolio spans government tenders, residential installations, and large-scale industrial and commercial solar projects. Committed to advancing sustainable energy adoption, Trom Industries offers customized renewable energy solutions such as solar rooftop systems, ground-mounted solar projects, solar street lighting, off-grid solutions, solar water purifiers and solar pumps.

With over 100 MW of high-efficiency modules installed, 70 MW of experienced EPC execution, 45 MW of complete operation and maintenance services, and more than 30,000 satisfied customers. Trom Industries leverages technical expertise and local market knowledge to deliver reliable and cost-effective renewable energy solutions.

In FY25, the company reported consolidated total income of ₹93.91 Cr, with an EBITDA of ₹7.41 Cr and net profit of ₹4.61 Cr
