TVS MOTOR EXPANDS ITS GLOBAL PORTFOLIO WITH TVS CALLISTO 110 LAUNCH IN ISTANBUL

- Features longest seat in the segment, increased legroom, 12-inch alloy wheels, three-step adjustable rear shock absorbers
- It also offers a 33-litre under-seat storage, front-facing fuel filling, an all-in-one lock system and a glove box with mobile charging

Singapore/Istanbul, November 11, 2026: TVS Motor Company (TVSM), part of TVS VENU, and a reputed global manufacturer of two and three-wheelers, today launched the TVS Callisto 110 in Istanbul in partnership with Uğur Motorlu Araçlar. The launch event brought together over 50 attendees, including automobile enthusiasts and representatives from TVS Motor Company and UMA.

This global product is well-suited to the mobility options needed in Istanbul that make everyday rides more convenient. With this launch, TVS Callisto will offer customers the convenience of automatic transmission, fuel-efficiency-focused technology and practical features that will support everyday urban travel. The launch further expands the company's international portfolio, bringing a scooter designed for everyday commutes that is built for real-world mobility.

The TVS Callisto is powered by a 113.3 cc, fuel-injected engine paired with a CVTi automatic transmission. Its Integrated Starter Generator enables silent starting, while the next-generation Stop-Go technology is designed to improve fuel efficiency by switching off the engine during brief stops, improving fuel-efficiency by 10%.

Designed to enhance rider and passenger comfort, the scooter features a longest seat in the segment, increased legroom, 12-inch alloy wheels, three-step adjustable rear shock absorbers and Body Balance Technology and signature infinity head & tail lamp. It also offers a 33-litre under-seat storage compartment capable of accommodating two half-face helmets, front-facing fuel filling, an all-in-one lock system and a glove box with mobile charging.

Commenting on the Turkey launch, **Peyman Kargar, President, International Business, TVS Motor Company**, said, *"Türkiye is an important market in our international growth journey and we are pleased to introduce the TVS Callisto. The product has been developed around the needs of everyday urban riders, bringing together refined performance, comfort and relevant modern design. As we continue to expand our global footprint, we remain committed to strengthening our engagement with customers while building a sustainable foundation for long-term growth in the region."*

With a modern design and a variety of first-in-segment features, TVS Callisto is tailored to offer the best of technology and safety features, including a metal body, Follow Me Headlamp, hazard lamps, automatic turn-signal reset and Emergency Brake Warning. It also features a fully digital colored instrument cluster with connected functions such as Bluetooth connectivity, navigation & voice assistance and call & text notifications.

The TVS Callisto 110 will be available in three attractive colour options: Blue, White and Red, at a starting price of ₺ 132,600.
