TVS MOTOR COMPANY STRENGTHENS ITS PRESENCE IN MAURITIUS LAUNCH OF TVS RONIN AND TVS NTORQ XP

- TVSM also has a new distribution partnership with Le Warehouse

Singapore/Mauritius, November 12, 2026: TVS Motor Company (TVSM), part of TVS VENU, and a reputed global manufacturer of two and three-wheelers, today announced a new distribution partnership with Le Warehouse in Mauritius and 361 as its reseller. This announcement also marked the introduction of two new models – TVS Ronin and TVS NTORQ XP. The event was attended by Osman Mahomed, Minister of Land Transport, Mauritius; Pradeep Chaurasiya, Head of Africa Business, TVS Motor Company; and senior representatives from Le Warehouse and 361.

For more than 10 years, TVSM has established a strong presence in the Mauritian market by contributing to the mobility landscape and earning the confidence of local customers. This new partnership builds on that foundation while bringing renewed ambition to the brand's development on the island. By combining TVS Motor's manufacturing expertise with Le Warehouse's local market knowledge and 361's retail presence, the partnership aims to strengthen the brand's connection with Mauritian customers. This will further support the brand's market growth as customers' mobility needs continue to evolve.

Announcing this new partnership and the launch, **Peyman Kargar, President – International Business, TVS Motor Company** said, *"The launch highlights the importance of the African market in our international business ambition and development as well as TVS Motor's commitment to strengthen its presence in Mauritius. With the introduction of the TVS Ronin and TVS NTORQ XP, we are expanding our portfolio to offer Mauritian customers greater choice across distinct riding segments."*

Speaking at the launch, **Pradeep Chaurasiya, Head of Africa Business, TVS Motor Company**, said, *"Mauritius has been an important market for TVS Motor Company for over a decade, and we are pleased to build on this longstanding association with a renewed focus on strengthening our presence in the country. Our partnership with Le Warehouse and 361 brings together TVS Motor's global manufacturing expertise and a strong local understanding of customer needs. We look forward to working closely with our partners to deepen our engagement with customers and contribute to the evolving mobility landscape in Mauritius."*

As the world's third-largest two-wheeler manufacturer, we bring extensive international experience, proven manufacturing capabilities and deep industry expertise to the Mauritian market. Its established presence across markets with diverse mobility needs provides a strong foundation for strengthening its footprint in the region.

Amit Kantilal Shah, CEO, Le Warehouse, said, *"TVS Motor Company brings together the strength of an established international manufacturer and a strong focus on innovation, performance and value, which aligns well with our own philosophy. Through 361, we have built strong relationships with Mauritian households by making recognised international brands accessible and supporting customers throughout their ownership journey. Extending this experience into mobility marks an important strategic diversification for Le Warehouse and an opportunity to play a greater role in the everyday lives of our customers. With TVSM already having an established presence and an existing community of owners in Mauritius, our focus is to build on this legacy. We will leverage 361's retail network, digital channels and customer relationships to expand the brand's reach, improve product accessibility and offer customers a wider choice of mobility solutions that meet their everyday needs."*

The launch comes against the backdrop of Mauritius's continuing conversation around road congestion and the changing demands of work, family life and personal travel. Two-wheelers offer an additional mobility choice for customers looking for practical and convenient alternatives for their daily commute. With the introduction of the new models, TVSM aims to cater to a wider range of customer preferences, from everyday commuting to personal mobility and leisure riding.

For Le Warehouse and 361, the focus will be on translating TVS Motor's manufacturing expertise into a dependable local ownership experience. This will be supported through greater product accessibility, customer engagement and after-sales support. The partnership will build on TVS Motor's existing legacy in Mauritius and strengthening its retail and distribution network. Together, the companies aim to establish TVSM as an increasingly relevant choice in the country's evolving mobility landscape.

About TVS Motor Company

TVS Motor Company (BSE:532343 and NSE: TVSMOTOR), part of TVS VENU, is a reputed two and three-wheeler manufacturer globally, championing progress through sustainable mobility with four state-of-the-art manufacturing facilities located in India and Indonesia. Rooted in our 100-year legacy of trust, value, and passion for customers, it takes pride in making internationally accepted products of the highest quality through innovative and sustainable processes. TVS Motor is the only two-wheeler company to have won the prestigious Deming Prize. Our products lead in their respective categories in the J.D. Power IQS and APEAL surveys. We have been ranked No. 1 Company in the J.D. Power Customer Service Satisfaction Survey for four consecutive years. Our group company Norton Motorcycles, based in the United Kingdom, is one of the most emotive motorcycle brands in the world. TVS Motor Company endeavours to deliver the most superior customer experience across 90 countries in which we operate.
