TVS MOTOR COMPANY LAUNCHES TVS ORBITER IN SRI LANKA – A SMART, SUSTAINABLE, URBAN EV COMMUTE SOLUTION

- *Delivers an impressive 158 km IDC range (real world range of 115 kms), cruise control, hill hold assist, a spacious 34-litre bootspace*
- *An industry-first 14" front wheel, for enhanced stability and ride comfort*
- *Modern and purposeful design with enhanced aerodynamic efficiency*
- *Superior comfort and utility with straight-line footboard, long platform seat*
- *5 year warranty on battery and motor for complete peace of mind*

Colombo, August 14, 2026: TVS Motor Company (TVSM), part of TVS VENU and a global leader in the two and three-wheeler segments, today launched the TVS Orbiter electric scooter in Sri Lanka. Designed to redefine everyday urban commute, the TVS Orbiter offers an impressive range of **158 km IDC range (real world range of 115 kms), cruise control, 34-litre boot space, hill hold assist**, and advanced connected features. With an industry-first **14" front wheel**, the scooter delivers unmatched comfort, convenience, and performance.

Key Features:

- Enhanced Aerodynamic Efficiency
- Connected Mobile App
- Edge-to-Edge Front Combination Lights with Integrated Indicators
- Front LED Headlamp with Front Visor
- Coloured LCD Connected Cluster with Incoming Call Display
- USB 2.0 Charging with easy access box
- 845 mm Long Platform Seat and 169 mm Ground Clearance
- 290 mm Straight-Line Footboard
- Edge-to-Edge Front Combination Lights with Integrated Indicators
- Front LED Headlamp with Front Visor
- Coloured LCD Connected Cluster with Incoming Call Display
- USB 2.0 Charging with easy access box
- 845 mm Long Platform Seat and 169 mm Ground Clearance
- 290 mm Straight-Line Footboard

The TVS Orbiter is packed with advanced features like the connected mobile app, front LED headlamp with visor, and a coloured LCD cluster with incoming call display, elevating customer delight and convenience. Its **3.1 kWh** battery and enhanced aerodynamic efficiency delivers extended range with stable, efficient performance and ably complemented by the well-established after-sales network of TVS Lanka.

Commenting on the launch, **Peyman Kargar, President, International Business, TVS Motor Company** said, "We are delighted to introduce TVS Orbiter EV in Sri Lanka, marking another important step in our global electric mobility journey. As more markets embrace sustainable transportation, we remain committed to expanding our EV portfolio and bringing innovative mobility solutions to customers worldwide. The TVS Orbiter is purposefully designed to transform urban commuting by making it cleaner, smarter, and more efficient. Combining advanced technology with practical everyday usability, it reflects our vision of creating meaningful mobility solutions that enrich lives while contributing to a more sustainable future."

"The launch of the TVS Orbiter in Sri Lanka marks another important milestone in our global electric mobility expansion. Sri Lanka has one of the highest penetration of electric 2 wheelers globally and presents a strong opportunity for innovative and accessible mobility solutions. We believe

that the TVS Orbiter has the potential to be a game-changer in the market, thanks to its striking design,

*advanced technology, and attractive price proposition. Its blend of everyday practicality, intelligent features, enhanced comfort, and segment-leading innovations make it uniquely suited for the evolving needs of young urban riders. Smart, segment-leading features such as Hill Hold Assist, Cruise Control and Parking Assist in the TVS Orbiter are designed to delight young riders across Sri Lanka. We are confident that the TVS Orbiter will set new benchmarks in electric mobility by combining smart technology, modern design and an aspirational ownership experience, while making sustainable mobility more accessible to a wider audience. Further enhancing customer confidence and peace of mind, the TVS Orbiter comes with a best-in-class warranty of 5 years or 60,000 km, whichever is earlier, on both the battery and motor.” said **Madhu Prakash Singh, Vice President, International Business, TVS Motor Company.***

At the launch **Geethal Anthony, CEO, TVS Lanka** said, “*The rapid growth of the electric two-wheeler segment in Sri Lanka underscores the increasing consumer preference for sustainable and future-ready mobility solutions. As a company committed to driving this transition, we see tremendous potential in the market. Following the remarkable success of the TVS iQube, we are confident that the TVS Orbiter will further strengthen our leadership ambitions in Sri Lanka's lithium-ion EV space. Beyond launching a compelling product, we are investing in a comprehensive ecosystem that includes extensive sales reach, reliable after-sales support, readily available spare parts, and trained EV specialists. Our goal is to ensure that customers across Sri Lanka enjoy not only easy access to the TVS Orbiter but also a best-in-class ownership experience throughout their EV journey.*”

ENGINEERED FOR EFFICIENCY AND CONTROL

Equipped with a 3.1 kWh battery, the TVS Orbiter delivers an impressive IDC range of 158 km (real world range of 115 kms). Its enhanced aerodynamic efficiency improves both stability and energy performance, while the 14” front wheel paired with a dynamic rear configuration ensures exceptional grip, precise handling, and confident manoeuvrability in urban environments. The upright ergonomic handlebar further enhances ride dynamics, offering superior comfort and effortless control.

DESIGN PHILOSOPHY

At its core, the TVS Orbiter follows a modern, endearing and purposeful design philosophy that strikes the perfect balance between aesthetics and function. The 845 mm long platform seat ensures comfort for both rider and pillion, while the 290 mm straight-line footboard provides ample legroom. The wide and upright handlebar offers an ergonomic posture, making rides effortless. It also includes 34 litre under-seat storage, large enough to fit two helmets.

TECHNOLOGY & CONNECTIVITY

The TVS Orbiter offers an intelligent connected riding experience, including:

- **Proactive safety:** Crash, fall, anti-theft, geo-fencing, and time-fencing alerts.
- **Always in control:** Check battery charge and odometer remotely on the mobile app.
- **Smart navigation:** Turn-by-turn guidance with customizable settings.
- **Stay connected:** Calls, SMS, and personalized alerts on the LCD digital cluster.
- **Rider confidence:** Hill Hold Assist, Cruise Control, and Parking Assist.
- **Up-to-date, always:** Effortless OTA updates.
- **Dual modes:** Eco and Power with regenerative braking for range and safety.

SAFETY & ASSURANCE

The TVS Orbiter redefines safety with an advanced suite of connected features including time fence, live location tracking, navigate-to-vehicle, crash and fall alerts, emergency notifications, geofencing, anti-theft and towing alerts – ensuring a truly intuitive riding experience. With 169 mm ground clearance,

PRESS RELEASE

LED headlamp with integrated indicators, edge-to-edge combination lamps, a USB charging port, and robust body balance, the TVS Orbiter inspires unmatched confidence and assurance on every ride.

VIBRANT PALETTE:

TVS Orbiter will be available in 4 vibrant colours in Sri Lanka - **Neon Sunburst, Stratos Blue, Cosmic Titanium and Martian Copper.**

About TVS Motor Company

TVS Motor Company (BSE:532343 and NSE: TVSMOTOR), part of TVS VENU, is a reputed two and three-wheeler manufacturer globally, championing progress through sustainable mobility with four state-of-the-art manufacturing facilities located in India and Indonesia. Rooted in our 100-year legacy of trust, value, and passion for customers, it takes pride in making internationally accepted products of the highest quality through innovative and sustainable processes. TVS Motor is the only two-wheeler company to have won the prestigious Deming Prize. Our products lead in their respective categories in the J.D. Power IQS and APEAL surveys. We have been ranked No. 1 Company in the J.D. Power Customer Service Satisfaction Survey for four consecutive years. Our group company Norton Motorcycles, based in the United Kingdom, is one of the most emotive motorcycle brands in the world. TVS Motor Company endeavours to deliver the most superior customer experience across 90 countries in which we operate.
