TVS MOTOR COMPANY STRENGTHENS EV PORTFOLIO IN NEPAL WITH THE LAUNCH OF TVS KING EV MAX

- Offers 179 kms range, fast charging, battery capacity 9.2 kWh
- Combines long range, smart connected features and superior comfort for modern EV urban transport

Birtamod, May 15, 2026: TVS Motor Company (TVSM) - a leading global manufacturer in the two and three-wheeler segments, today launched its connected passenger electric three-wheeler, **TVS King EV MAX** in Nepal. The TVS King EV MAX brings together cutting-edge technology and eco-friendly innovation that will deliver a smart, sustainable and future-ready urban mobility solution. The product is designed to dominate the streets with its unmatched performance and durability. TVSM continues to drive its leadership in last-mile connectivity with a diverse portfolio of innovative and future-ready ICE & EV three-wheeler mobility solutions across markets.

With a range of 179 kms on a single charge, fast charging in just 2 hours and 15 minutes for 0 - 80% charge and 3.5 hours for 100% charge; Best-in-class acceleration of 0-30 kmph in just 3.7 seconds, smart features like TVS SmartXonnect™, the TVS King EV MAX meets consumer needs in the most economical manner, offers users real-time navigation, alerts and vehicle diagnostics through their smartphones. It combines excellent performance, comfort and connectivity, making it a standout choice for modern urban mobility.

The TVS King EV MAX is powered by a high-performance 11 kW motor, reliable 51.2V lithium-ion LFP battery making it perfect for urban commuting. With a top speed of 60 km/h (ECO Mode: 40 kmph; City: 50 kmph; Power: 60 kmph), the vehicle ensures efficient travel while maximizing passenger comfort through its spacious cabin and ergonomic seating design.

Product Specifications - TVS KING EV MAX	
Peak Power	11 kW
Battery Capacity	9.2 kWh
Range Per Charge	Certified range of 179 kms.
Acceleration 0-30 km/h	3.7 s

Lamp	LED Headlamp and Tail Lamp
Gradeability	31%

Nepal has emerged as one of the fastest-growing EV markets globally, with strong adoption of passenger and commercial mobility solutions, including electric three-wheelers. Due to their lower operating costs and higher efficiency, three-wheelers are increasingly becoming a preferred choice for urban and last-mile transportation.

PRESS RELEASE

Speaking about the launch, **Mr. Peyman Kargar, President, International Business, TVS Motor Company**, said, *“Guided by TVS Motor Company’s vision of transforming lives through mobility solutions that are exciting, responsible, sustainable, and safe, we are proud to introduce our electric passenger three-wheeler TVS KING EV MAX in the Nepal market. This launch reinforces our commitment to delivering innovative and exciting products across international markets and marks the entry of our electric three-wheeler portfolio into a new geography. We are confident that our customers in Nepal will find this customer offering very compelling.”*

“Nepal is an important market for us, with a strong leadership presence in passenger three-wheelers. The launch of the TVS King EV MAX marks a significant step in strengthening and expanding our product portfolio. Powered by advanced EV technology, the TVS King EV MAX offers superior comfort and smart connectivity. Its compelling combination of long range, quick acceleration, top notch reliability and fast charging ensures high uptime — enabling more trips and greater earning potential for our customers. With our authorized distributor Jagdamba Motor Private Ltd’s country wide reach of Sales, Service & Parts network, our customers will have the ultimate peace-of-mind with easy access to world class customer care facilities” said **Mr. Madhu Prakash Singh, Vice President, International Business, TVS Motor Company**.

The TVS King EV MAX is now available across select dealerships in Nepal and will be made available across the channel network by June 2026. It also comes with a best in class **warranty of 6-years / 150,000 km** (whichever is earlier).

About TVS Motor Company

TVS Motor Company (BSE:532343 and NSE: TVSMOTOR), part of TVS Venu, is a reputed two and three-wheeler manufacturer globally, championing progress through sustainable mobility with four state-of-the-art manufacturing facilities located in India and Indonesia. Rooted in our 100-year legacy of trust, value, and passion for customers, it takes pride in making internationally accepted products of the highest quality through innovative and sustainable processes. TVS Motor is the only two-wheeler company to have won the prestigious Deming Prize. Our products lead in their respective categories in the J.D. Power IQS and APEAL surveys. We have been ranked No. 1 Company in the J.D. Power Customer Service Satisfaction Survey for four consecutive years. Our group company Norton Motorcycles, based in the United Kingdom, is one of the most emotive motorcycle brands in the world. Our subsidiary in the personal e-mobility space, TVS Ebike Company AG, has a leading position in the e-bike market in Switzerland. TVS Motor Company endeavours to deliver the most superior customer experience across 90 countries in which we operate. For more information, please visit www.tvsmotor.com
