TAKE - MENE partnership to offer a wide range of strategic solutions and services catering to the growing needs for Drug Safety Solutions in Pharma Emerging Nations

Princeton, NJ, India, Chennai, Nov 15, 2011 - TAKE Solutions Ltd. [BSE: 532890 | NSE: TAKE], a leader in the Life Sciences solutions development, has strengthened its Drug Safety & Pharmacovigilance solutions and services offering to cater to the growing needs of Pharma Emerging nations. The Company has partnered with MENE Research wherein they together will cater to the Drug Safety requirements of Middle East, Europe and West Asian countries.

"We are extremely pleased to partner with MENE Research and are sure that our expertise and global presence will help us to further explore the emerging Pharma markets. We will ensure that clients benefit from highly efficient, proactive and affordable solutions and services to meet global pharmacovigilance needs of sponsor companies, affiliates and agencies. Our engagement with MENE is evidence of TAKE Solutions' comprehensive understanding of the business, the challenges and proven track record of providing intelligent and innovative drug safety operations and pharmacovigilance solutions," said, **Prashanth Visweswaran, Director - Drug Safety Practice, TAKE Solutions.**

Sule Mene, CEO, MENE Research says "When we started talks with TAKE Solutions our main criteria was an entity that offered Pharmacovigilance solutions & services which was in compliance with applicable current regulatory and privacy directives and they completely fulfilled our requirements. TAKE has a deep understanding of how to translate customer's drug safety requirements into specific process steps which ensure compliance and proactive analysis thereby improving patient safety. All these factors made us believe that they will be the most beneficial partners in our endeavor to provide Pharma companies Pharmacovigilance services globally."

Both the companies together will work towards providing the life science industry with strategy, solutions and services for drug safety operations thus ensuring global regulatory

compliance and effective patient safety methodologies is followed. This partnership becomes strong by the fact that TAKE already has to its credit creating a framework - SafetyReady™ along with a thought leadership in Drug Safety and Pharmacovigilance segments and Mene Research's regional expertise in Middle East, Europe, West Asia etc.
