News Announcement

Tecpro Systems Limited receives Coal Handling Plant Packages worth ₹ 208.6 crore from Lanco Infratech Limited

- Order for 3 x 660 MW Lanco Koradi Thermal Power Plant, Maha GENCO worth ₹ 167.0 crore
- Order for 2 x 660 MW Lanco Vidarbha Thermal Power Plant, Mandva worth ₹ 41.6 crore

Gurgaon, February 02, 2011: Tecpro Systems Limited (Tecpro), a key player in the material handling sector, providing turnkey solutions in material handling, coal and ash handling, Balance of Plant (BoP) and which undertakes Engineering, Procurement & Construction (EPC) contracts in the power sector, has announced that it has received two Coal Handling Plant orders worth ₹ 208.6 crore from Lanco Infratech Limited.

Tecpro with high operational expertise in 3 core functional areas of any project i.e. **Design & engineering, Manufacturing and Execution**, will undertake:

1. For Lanco Koradi Thermal Power Plant, the design, engineering, manufacture, inspection & testing at works, proper packing, supply, transportation and safe delivery to project site of complete Coal Handling Plant package along with all auxiliaries & accessories, mandatory spares, special tools & tackles for Conveyor System package, equipment package and Structure packages respectively.
2. For Lanco Vidarbha Thermal Power Plant, the design, engineering, manufacture, assembly, inspection, testing at works, painting, proper packing, loading at works, supply, transportation and safe delivery to project site of Complete Coal Handling Plant package along with all auxiliaries & accessories including all mechanical, electrical, control & instrumentation works and also the supply of mandatory spares, special tools & tackles, start up and commissioning spares.

Commenting on the development, Mr. Amul Gabrani, Vice-Chairman & Managing Director, Tecpro said, *"We are very happy to announce these orders which we have bagged in the Coal Handling space. Tecpro continues to occupy the leadership position in the Coal Handling segment and will remain to benefit, given that coal is likely to remain India's most important energy source for power generation. We are optimistic going forward and will continue to leverage our expertise in Coal & Ash handling to capture the huge demand in the BoP segment in the coming years."*

About Tecpro

Since the commencement of its operations in 2001, Tecpro has been instrumental in executing more than 1,000 material handling orders. The Company designs, engineers, manufactures, sells, commissions and services a range of systems and equipments to provide turnkey projects for the core infrastructure related sectors like power, steel, cement and other industries. In order to expand its scope of services, Tecpro integrated the ash handling business of Tecpro Ashtech Limited (TAL), previously known as Mahindra Ashtech Limited, with its existing material handling operations by way of amalgamation. Today, Tecpro has in-house capabilities for providing comprehensive solutions in material and ash handling systems.

The Company has ventured into various complimentary businesses across different divisions of the power sector with a vision to build an integrated business serving the sector. As per CEA records, Tecpro received the highest number of orders for coal handling plants during the Eleventh Five-Year Plan (2007-2012). The Company also forayed into the EPC segment for thermal power projects in 2007, in which it managed the erection and commissioning of the boiler, turbine and generator (BTG) packages along with undertaking the engineering, design, supply and commissioning of other equipment and services. Leveraging its capabilities in coal and ash handling, the Company has also taken up turnkey BoP contracts in the thermal power generation sector. The business undertaken by the Company broadly comprises four segments viz. material handling solutions, ash handling solutions, BoP/EPC contracts and other businesses such as supply of air pollution control equipment.
