#### News Announcement

### **Tecpro Systems Limited receives order worth Rs.256 crore from NTPC Limited**

**Gurgaon, April 4, 2011:** Tecpro Systems Limited (Tecpro Systems), a leading player in the material handling sector, providing turnkey solutions in material handling, coal and ash handling, Balance of Plant (BOP) and which undertakes Engineering, Procurement & Construction (EPC) contracts in the power sector, has announced that it has been awarded an order worth Rs.256 crore by NTPC Limited for Coal Handling Plant for Pakri Barwadih Coal Mining Block situated at Hazaribagh District, Jharkhand.

Tecpro Systems with high operational expertise in 3 core functional areas of any project i.e. *Design & engineering, Manufacturing and Execution*, will undertake Design, Supply, Engineering, Manufacture, Shop fabrication, Assembly, Testing and Inspection as well as Transportation, Insurance, Installation Services, Testing & Commissioning and conducting Guarantee tests of the complete Coal Handling Plant Package for Pakri Barwadih Coal Mining Block.

Commenting on the development, Mr. Amul Gabrani, Vice-Chairman & Managing Director, Tecpro Systems said, *"We are very happy to announce this Coal Handling order from NTPC Limited. This is one of many repeat orders that we have received from NTPC and is testimony to our customer loyalty. We continue to occupy the leadership position in the Coal & Ash handling space and we are confident of leveraging our core expertise to take advantage of the tremendous opportunities available in the sector to further our growth by bidding for larger BoP and EPC contracts."*

## About Tecpro Systems

Since the commencement of its operations in 2001, Tecpro Systems has been instrumental in executing more than 1,000 material handling orders. The Company designs, engineers, manufactures, sells, commissions and services a range of systems and equipment to provide turnkey projects for the core infrastructure related sectors like power, steel, cement and other industries. In order to expand its scope of services, Tecpro Systems integrated the ash handling business of Tecpro Ashtech Limited (TAL), previously known as Mahindra Ashtech Limited, with its existing material handling operations by way of amalgamation. Today, Tecpro Systems has in-house capabilities for providing comprehensive solutions in material and ash handling systems.

The Company has ventured into various complimentary businesses across different divisions of the power sector with a vision to build an integrated business serving the sector. As per CEA records, Tecpro Systems received the highest number of orders for coal handling plants during the Eleventh Five-Year Plan (2007-2012). The Company also forayed into the EPC segment for thermal power projects in 2007, in which it managed the erection and commissioning of the boiler, turbine and generator (BTG) packages along with undertaking the engineering, design, supply and commissioning of other equipment and services. Leveraging its capabilities in coal and ash handling, the Company has also taken up turnkey BoP contracts in the thermal power generation sector. The business undertaken by the company broadly comprises four segments viz. material handling solutions, ash handling solutions, BoP/EPC contracts and other businesses such as supply of air pollution control equipment.
