**Thinksoft bags "Certificate of Excellence"
from Inc.India magazine**

Rated among the 500 best-performing mid-sized Indian companies

Chennai, February 22, 2011: Financial Software Testing pioneers, Thinksoft Global Services Ltd., was awarded a "Certificate of Excellence" during the Second Annual Inc. India 500 Award ceremony held at New Delhi recently. Inc. India 500 is the flagship event of Inc. India magazine to salute the exciting stories of growth of India's best performing mid-sized enterprises. Thinksoft was rated among India's 500 best performing mid-sized enterprises.

Inc.India is the Indian edition of Inc., the leading US magazine that focuses on entrepreneurship and growth, and serves as a resource base for rapidly-growing, Indian small and mid-size enterprises. The criteria for the award included new standards in ingenuity and determination, and continuous growth, despite an uncertain economic environment. The event was a celebration of the stellar contribution by enterprises to build a new India.

"We have chosen Thinksoft Global for the award as it has been adjudged one of India's best performing mid-sized companies. The award is an acknowledgement of the company's efforts to achieve a consistent performance over the past three years in terms of parameters, such as top line, bottom line, profitability and returns," said Pooja Kothari, Editor, Inc. India magazine.

A.V.Asmini Kumar, Managing Director, Thinksoft Global Services Ltd., said "We are delighted to receive this recognition. This endorsement is an impetus to create more value in our services. It also demonstrates our commitment and consistent performance."

About Thinksoft Global:

Thinksoft is a pure-play software testing company, listed on the National and Bombay Stock Exchanges (NSE & BSE). Thinksoft specializes in helping Global Financial sector firms to significantly improve the quality of their applications, software and systems.

Through our domain focus, structured methodologies, offshore delivery centres and test automation expertise, we help clients realize 'business ready software', compress timelines and reduce software product life cycle costs.
