Notes to Editor

About Tricom India Limited

Tricom India Limited (BSE Code: 531675, NSE Code: TRICOM) is an IT enabled Service (ITeS) provider for global businesses. Tricom is a non-voice Business Processing Outsourcing (BPO) with its prime focus on IT-enabled niche data management & data capturing services.

The company has in-depth expertise in delivering generic document conversion services and process-specific solutions in areas like Legal Support Services, Title Insurance, E-Publishing, Software Services and Health Care Support Services. Tricom services various government bodies, large legal firms, litigation vendors, life & general insurance companies, banking and financial institutions, healthcare institutions, hospitals, medical centers, large publishers & media houses, retail chains etc.

Tricom has presence in India and USA and is listed on the NSE, BSE and Luxembourg Stock Exchange. Tricom is certified ISO 27001:2005 (which is awarded only to those companies who have achieved the highest levels of competency in information security management) and ISO 9001:2008 certification (the international benchmark for quality management and quality assurance).
