UFO Moviez Unveils New Brand Identity to Reinforce its Cinema Advertising Offering

Mumbai, December 12, 2019: UFO Moviez, India's largest digital cinema distribution network and in-cinema advertising platform with 3600+ screens across 1200+ cities, today unveiled a new brand identity, which is intended to explicitly represent the company's core business offering i.e. cinema advertising and add value to its stakeholders.

With this, UFO Moviez is realigning its network, into two powerful channels – PRIME SCREENS (multiplexes and Hollywood release centres) and POPULAR SCREENS (standalone screens and mass appeal screens). With the new channels, insightful business intelligence and a new rate card, advertisers can carry out large screen high impact advertising that can be customized to deliver geo-targeted advertising with zero spill over. The vast network of UFO screens is the largest urban heartland network with 1800+ screens in the PRIME channel and 1800+ screens in the POPULAR channel. UFO - Cine Media Network, is also the leader in metros and Tier 1 cities with over 900+ screens and has virtually no competition in Tier II and III markets.

The new branding effort features the launch of a new & vibrant logo, contemporary montage and an updated company website. The logo brings in modern hues along with establishing the, 'O' of UFO which is a mobius strip to become its symbolic identity in the future. Along with this, the new logo also features a new tagline 'Cine Media Network', to appropriate and re-inforce its leadership position in the in-cinema media space.

The revamped company website (www.ufomoviez.com) has been designed to be a one-stop destination to advertisers, exhibitors, producers and distributors for all their cinema delivery and advertising requirements.

Cinema screens are the one place left, where people still look forward to watching advertisements, it is considered as part of the cinema viewing experience. With affinity to the youth and premium audience, UFO Moviez, helps brands reach and impact a receptive and open-minded audience with 'Skip' less advertising.

In mid 2000s, UFO Moviez optimized the potential of Indian cinema with satellite-based technology that transformed Annual Jubilee into Friday box office collections, slow-chain release into First Day - First Show, one blockbuster after another. It has made cinema into an equal experience for the whole country, making it an instant success with the youth that is already teased with pre-release teasers and trailers.

UFO's innovation driven DNA, empowers it to use technology and business intelligence to minimize content irrelevance by providing relevant content, to the relevant people, at the relevant time!

Commenting on the new development, Mr. Sanjay Gaikwad, Founder and Managing Director, UFO Moviez says, "Indian Media & Entertainment industry is rapidly evolving, and hence we determined that our branding and identity needs to be more vibrant, contemporary, confident and more innovative. We are excited to unveil our new brand identity that is progressive, reflects our core business offering i.e. in-cinema advertising more prominently and is in-line with the industry's evolution. Currently, we are India's leading in-cinema advertising platform by scale and by reach, and the only network to reach the urban heartland audience with our robust network of 3600+ screens including 1800+ Prime screens, which include multiplexes, and release centers of Hollywood films, making UFO the leader in both Premium and Popular segments. As we continue to focus on growing our ad screen network, our new brand identity will help us to grow our ad revenues exponentially".

ABOUT UFO Moviez India Ltd.

We are first one, to enable cinema digitization with satellite technology in India. That also makes us the largest in-cinema advertising platform, with the power to impact almost 1.2 billion viewers through 3600+ screens across 1200+ cities, leading directly into the hearts of India's Urban Heartland.

In the early 2000s, UFO optimized the potential of Indian cinema with satellite-based technology that transformed Annual Jubilee into Friday box office collections, slow-chain release into First Day - First Show, one blockbuster after another. It has made cinema into an equal experience for the whole country, making it an instant success with the youth that is already teased with pre-release teasers and trailers.

UFO is the end to end service provider for all DCI and non-DCI related cinema solutions. As on September 30, 2019, UFO's global network, along with subsidiaries and associates, spans 5,454 screens worldwide, including 5,267 screens across India and 187 screens across USA and Mexico. UFO has created a pan India, high impact in-cinema advertising platform with generally long-term advertising rights to 3,641 screens, with an aggregate seating capacity of approximately 2.1 billion viewers and a reach of 1,269 cities and towns across India, as on September 30, 2019.

UFO's innovation driven DNA empowers it to use technology and business intelligence to minimize content irrelevance by providing relevant content, to the relevant people, at the relevant time! With the same in mind, it launched NOVA Cinemas, a purpose driven, asset-light franchisee model under UFO's subsidiary, Valuable Digital Screens Private Limited (VDSPL). It aims at enabling an environment of content sufficiency to the running cinema infrastructures, as well as to create a one stop solution to set-up local movie theatres through a standardized model both in terms of infrastructure and experience. Apart from this the company also has UFO Framez and Caravan Talkies, the former enables small businesses to use the UFO network to reach the local neighbourhood catchment areas while the latter takes brands to rural India while giving brands an opportunity to reach media dark areas.

UFO's mission is clear - un-biased, undivided, uninterrupted, cinema for all, and in doing so, outshining as the country's largest cinema influencers.
