Dear Sir/Madam,

**Sub.: Submission of Financial Results for the quarter ended June 30, 2024**

This is in reference to your email dated August 14, 2024 under the captioned subject 'Clarification for Financial results - UFO'.

In this regard, we hereby submit our clarifications as under:

Historically, the Company has presented EBITDA and consequently Finance Income is shown separately on the face of the Statement of Profit & Loss rather than combining it with Other Income as we believe it provides a more clear and detailed view of financial performance and helps stakeholder better understand the source of our income and the impact of our financial activities. This approach enhances the comparability and comprehensibility of our financial statements. This presentation approach is also disclosed in our annual financial statements as permitted in the Guidance Note on Division II- Ind AS Schedule III of the Companies Act, 2013.

However we acknowledge that the XBRL (Extensible Business Reporting Language) format, which is predefined, may not present Finance income separately and may only have one section (i.e. "Other Income"). The XBRL taxonomy used for filing financial statements is designed to standardize reporting and may not always align perfectly with the presentation in our published results. Despite this, the underlying financial data remains consistent and accurate across both formats.

This is for your information and records.

Thanking you.

Yours truly,

For **UFO Moviez India Limited**
