- We have appointed marketing representatives in Egypt, Libya and Vietnam to promote our products and expand our market base in these countries. Copy of 'press release' may be viewed on the website of stock exchanges.
- Local approval for new coming up project in Gujarat near Mundra port arranged. Registration of Land already done.

Commenting on the performance Mr Pramod Gupta, Chairman and Managing Director said:

"For the quarter, we witnessed growth of 41% in our Net Income which helped us achieve PBT growth of 32.9% YoY. We currently have an order book of Rs 70 cr, which holds us in good stead for Q4FY22."

While we have gained a significant market share in India, we are now looking to tap into international markets, with an estimated market size of Rs 7,000 crore approx.. For this we have been appointing sales and marketing agents in several key markets such as Egypt, Libya and Vietnam to promote our products and expand our market base in these countries. We are very positive on our international foray, which has given us the confidence to plan an additional manufacturing unit closer to the port at Mundra, Gujarat.

A brief about United Drilling Tools Ltd (UDT) (www.udtltd.com):

- UDT is a global manufacturer of high quality, precision engineered products in Upstream Oil & Gas Exploration.
- It is a single manufacturer of several oil drilling items such as wireline winches, stabilisers and large OD multi-start connectors in India. It is a solution provided with presence in downhole tools, wireline, well service equipment and gas lift equipment. **This has led to a 60% market share in the upstream drilling tools and equipment market in India.**
- Good pedigree management with 4 decades of deep industry experience of serving in the Oil Exploration and Production Sector.
- The company has 4 state of the art and technology focused manufacturing facilities across Gujarat and Noida.
- The company has an integrated value chain from being a stabiliser manufacturer to manufacturing various oilfield drilling and production equipment.
- Revenue break up: 68% - Casing Pipe & Connectors; 10% - Gas lifting valves and mandrels; 3% - Stabilisers; 19% - Wireline Winches.

Recent decisions from Oil Ministry to boost local manufacturing:

- Oil drilling equipment and tools to require 50% local content in the first year, 60% in the next two years and 70% in the next two years after that for getting purchase preference.
- Participation of local companies only for government tenders upto Rs 200 cr.
- Manufacturers meeting local content targets with quoted price will get purchase preference from 15% to 20%.

Future business strategies include

- (a) Increasing registrations in international markets
- (b) Adding footprint in South East Asia Middle East and Africa
- (c) Scaling capacities of all product lines
- (d) Increase product range via organic & inorganic routes
- (e) Reduce cost of production
- (f) Enhance Revenue potential and Profit Margin
