BANK PRIVATISATION

Centre to take up new security clearance framework with RBI

NIKUNJ OHRI
New Delhi, 27 September

The government is set to initiate consultations with the Reserve Bank of India (RBI) to devise a new security clearance framework for screening potential bidders of public sector banks (PSBs) as it kick-starts the privatisation process, beginning with the strategic divestment of IDBI Bank.

As the government is moving ahead with strategic divestment of IDBI Bank and is looking to privatise two PSBs, the Department of Investment and Public Asset Management (DIPAM) is looking to put in place an appropriate framework as the potential buyers will have to meet the RBI's fit and proper criteria, said an official.

The process of bank privatisation would be different from the sale of any other public sector undertaking (PSU), and more restrictions and measures will have to be put in place, the official said. As potential buyers of IDBI Bank and two other PSBs will need to meet the RBI's fit and proper criteria, DIPAM is planning to bring the central bank on board to vet candidates in the first step itself, the official said.

"A mechanism is being considered where the RBI will screen bidders as early as an expression of interest is placed. This would ensure the privatisation process would move ahead only when suitable candidates show interest in acquiring the lender," the official quoted above said. This is being considered so that the process does not fall through at a later stage if bidders fail to meet the RBI's criteria, he added.

The government is looking to sell its 45.48 per cent shareholding in IDBI Bank. Life Insurance Corporation of India (LIC), which owns 49.24 per cent, will also offload its stake to transfer the management control to the new buyer. The quantum of the stake dilution by both the government and LIC will be determined by assessing the market appetite, and in consultation with the transaction advisor and RBI. The government has appointed KPMG India as the transaction adviser for the IDBI Bank sale.

To determine whether a candidate is 'fit and proper' to be a shareholder of a bank, the RBI considers several factors, including the applicant's integrity, reputation and track record in financial matters and compliance with tax laws, ongoing proceedings of serious disciplinary or criminal nature, financial misconduct, among others.

The changes will help in putting a framework in place for the privatisation of the other two PSBs that the government had announced in the Union Budget. Central Bank of India and Indian Overseas Bank are reportedly being considered for privatisation.

THE PROCESS

- More safeguards will be introduced for the bank privatisation process
- RBI may be brought in vet potential buyers of PSBs in the first stage of divestment
- This will ensure the privatisation process would move ahead only when suitable candidates show interest in acquiring lenders
- Potential buyers will have to meet RBI's fit and proper criteria
- Changes in the framework to be a part of IDBI Bank privatisation process, two other PSBs

BPCL privatisation by March-end: Chairman

TWESH MISHRA
New Delhi, 27 September

The disinvestment of Bharat Petroleum Corporation (BPCL) is likely to be completed by March 2022, according to Chairman Arun Kumar Singh.

Speaking at a press meet after the annual general meeting (AGM) of the company on Monday, Singh said, "The government, at many forums and instances, has said it intends to complete the transaction within this financial year. This means by March 2022."

In August 2021, Tuhin Kant Pandey, secretary at the department of investment and public asset management, had said the government plans to complete the privatisation of Air India and BPCL this year. But in the first week of September 2021, Fitch Ratings noted that there may be delays in BPCL's selloff . "Bidders are conducting due diligence, but uncertainty over bidder consortiums and process complexity, including valuation, may lead to potential delays," it said.

BPCL Chairman Arun Kumar Singh says uncertainty over bidder consortiums and process complexity may lead to potential delays

Vedanta, Apollo Global, and I Squared Capital had responded to the Centre's call for shedding its controlling stake in BPCL.

The Centre has 52.98 per cent shareholding in the public sector undertaking. The prospective buyer may have to shell out over ₹50,000 crore for controlling stake at the present valuation.

BPCL's data room was opened in April 2021 to allow bidders access to financial data of the refiner and better assess the valuation. Another aspect that requires clarity is BPCL's stake in Indraprastha Gas and Petronet LNG, in lieu of the imminent privatisation.

Responding to a query on this, Singh said, "We wrote to Securities and Exchange Board of India, seeking waiver for the open offer. But we are yet to hear from them. Based on the response from Sebi, DIPAM, the ministry of petroleum and all government bodies will take a decision on what to do. It is a little early for a firm answer to the Petronet and IGL issues. All these questions start from the open offer issue, and current regulations warrant an open offer should there be an acquisition of BPCL by anyone."

This is a position that BPCL has maintained since August 2021. According to the legal position evaluated by DIPAM, BPCL's acquirer will have to make open offers to the minority shareholders of Petronet LNG and IGL for the acquisition of 26 per cent stake.

All capitalized terms not used and not defined herein shall have the same meaning as assigned to them in the letter of offer dated January 08, 2021 filed with the BSE Limited **("BSE")** and National Stock Exchange of India Limited **("NSE")**, (collectively regarded as **"Stock Exchanges"**) and the Securities and Exchange Board of India **("SEBI")**.

Ministry assessing threshold price to resume LPG subsidy

TWESH MISHRA
New Delhi, 27 September

The Ministry of Petroleum and Natural Gas is evaluating a threshold at which the subsidy on liquefied petroleum gas (LPG or cooking gas) will be reinstated.

According to a senior government official in the know, a survey is being conducted to determine the price at which the highest number of consumers will keep buying domestic cylinders.

An option being considered is to limit subsidy disbursement only to the Pradhan Mantri Ujjwala Yojana (PMUY) beneficiaries.

The need for this was felt after global LPG prices collapsed and the government eliminated LPG subsidies in May 2020.

A domestic 14.2-kg LPG cylinder cost ₹581.50 in Delhi during the time. The price has steadily risen since but LPG subsidy has not returned. A domestic LPG cylinder now costs ₹884.50 in Delhi, the highest ever price for a "subsidised" LPG cylinder.

While there is no subsidy on a domestic cylinder in Delhi, the Centre continues to subsidise freight costs in some states. The amount of subsidy in each case varies, but largely it is less than ₹30 apiece. This is being done to reduce unevenness in the effective price of a domestic cylinder across the country.

"A survey is being conducted to try and figure out the threshold at which consumers can buy domestic LPG. The government intends to continue keeping a check on prices," an official told *Business Standard*.

"The government is monitoring prices and looking for trends that show a dip in consumption. Since PMUY beneficiaries are considered to be financially most vulnerable, an option being considered is to extend any fresh subsidy allocation only to them. A call on the amount of subsidy to be offered and the effective price of a subsidised LPG cylinder will be taken after the outcome of the survey," the official added.

It is expected there will be a little over 300 million LPG consumers in India by March next year. Of these, there will be around 207.2 million non-PMUY (or regular) LPG consumers. Under the present regime, all consumers are bearing the full price of an LPG cylinder for a refill.

To ease the burden on consumers, the government regulates the price of a domestic LPG cylinder sold by public sector undertakings (PSUs) through budgetary subsidy. This subsidy is transferred into the accounts of the consumers after a purchase. The Centre also tends to dictate the price at which domestic LPG is sold by three public-sector companies — Indian Oil Corporation (IOCL), Bharat Petroleum Corporation (BPCL), and Hindustan Petroleum Corporation (HPCL) — that together have over 95 per cent of the market share.

Price for BharatGas consumers under a privatised BPCL

Despite apprehensions over costs being disallowed and notional losses, PSUs adhere to the Centre's diktat on LPG price. But with the privatisation of BPCL on the cards, there is a possibility that the new owner will not listen to the Centre's directives. It's not that oil PSUs do not sell at a margin, but they or any new private entity will seek more.

This puts cooking gas consumers of BharatGas, BPCL's LPG division, in a difficult situation. Of these, many come under the PMUY, indicating even more sensitivity to higher prices.

Speaking at a press meet after the annual general meeting of the company on Monday, BPCL Chairman Arun Kumar Singh told *Business Standard*: "BPCL has roughly 85 million LPG customers, of whom there are 21 million PMUY beneficiaries. Everyone is mindful that whatever happens to BPCL with respect to disinvestment. This (the LPG customer base) is so big a size that it has to be protected. And accordingly, all arrangements are being made."

Oil ministry officials intend to keep BharatGas LPG prices under check. "Whosoever purchases BPCL will have to adhere to prices fixed by the Centre for domestic users eligible for subsidy. BharatGas has a large chunk of the domestic market and consumers are price sensitive," an oil ministry official said.

Foreign trade policy to continue till Mar 31: Goyal

SHREYA NANDI
New Delhi, 27 September

Commerce and Industry Minister Piyush said on Monday that the current foreign trade policy (FTP) is set to be extended by another six months till March 31, 2022.

The FTP — an elaborate policy guideline and strategy to promote goods and services export — came into force on April 1, 2015, and was valid for five years. However, a new FTP was deferred and the existing policy was extended till March 31, 2021, as businesses grappled with the disruption caused by the Covid-19 pandemic. Earlier this year, the policy was extended for the second time till September 30.

"We are notifying it today evening or tomorrow...we have decided to extend the policy until March 31 (2022)... and in the (new) financial year, we can start with the new policy," Goyal said at an event organised by the Federation of India Export Organisations (FIEO). He added that the government hopes Covid-19 issues will be resolved by then.

Business Standard had reported on Monday that officials aware of the matter said the government wants to continue with the existing FTP for another six months and may take some more time till the government finalises a fresh support or any incentive-based scheme for exporters.

Exports

Goyal said at the event that India has exported goods worth more than $185 billion since the beginning of the financial year, according to the latest data collated by the government.

"Export figures have hit $185 billion as of September 21. These figures are very encouraging and I compliment the exporters community for this," Goyal said at an event organised by the Federation of India Export Organisations (FIEO). The current fiscal's export target is $400 billion.

'Festive rate cut not a mispricing of risks'

The outlook for credit offtake, especially in retail, is good at the close of the second quarter, marked by easing restrictions and an uptick in economic activity, says **RAJKIRAN RAI G**, managing director and chief executive officer, Union Bank of India, and chairman, Indian Banks' Association (IBA), to **Abhijit Lele**. But retail can't make up for tepid corporate demand. Edited excerpts:

Many banks have gone for interest rate cuts in the festive season. How do you look at it? Will it lead to mispricing of risks?

Deposits are at much lower costs. The cost of funds has gone down while operating efficiencies have improved with digitisation. So benefits will now go to customers. This is not due to competition among banks. That is important because the economy is recovering from the epidemic. We are not losing money by giving such rebates.

It is not mispricing risks. Earlier loan processing and data collection were manual, now work is systems-driven. So the costs involved are much lower.

We are almost at the end of the second quarter. What are the growth trends in different business segments?

Things are looking up despite disruption in April-May. Collection efficiency is improving. Banks will share their numbers by the end of the quarter.

Retail is doing well. So is agriculture. In micro, small, and medium enterprises (MSMEs), we had stress and to some extent it continues. There is a lot of restructuring happening and it will take some more time for MSMEs to stabilise.

Q&A

RAJKIRAN RAI G
MD&CEO, Union Bank of India, and chairman, IBA

On the corporate loan offtake, what is feedback?

It (increase) is still some time away. The deleveraging that has happened in corporate credit continues even though we are witnessing some green shoots by way of expansion in steel, cement, textiles, and infrastructure. Sanctions are happening, but credit growth is not visible.

Capacity utilisation has not gone up but not so with working capital utilisation. All these things we expect to improve by the end of the third and fourth quarters. This period, also known as the busy season, is marked by festivities. So by the end of the year (FY22) we expect to see overall credit growth in the banking system to be close to 8 per cent.

This growth will be driven by retail this year?

Retail has a role. Vehicle sales have substantially gone up. There is a lot of traction in housing loans. With the kind of concessions and rebates, retail is expected to be better. But it will not push systems-level growth to 8 per cent (year-on-year basis). Retail is less than 20 per cent of the books (of the banking system). So even if I am growing (retail) at 15-20 per cent, the whole books can't grow at 8 per cent.

Corporate credit is more than 50 per cent of the books and has to grow at 5-6 per cent for loan growth to reach 8 per cent. Working capital utilisation going up 10-20 per cent will push up credit growth. We see that happening after the festival season.

Coming back to MSMEs, some loans restructured in the first phase will see the end of the moratorium. Would it push up slippages?

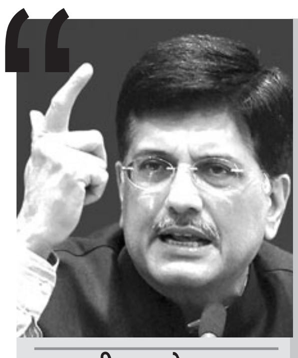
Slippages in the case of MSMEs are incidental. They happen owing to norms like the 90-day default. We have to address inherent issues in MSMEs. They were under stress before the pandemic. The Reserve Bank of India had come up with a restructuring scheme for them in 2019 itself. MSMEs come mid-way between consumers and large firms. When large companies go under, MSMEs face stress. When demand goes down, they are in trouble. They are a very important part of the ecosystem. But at the same time they need to be supported particularly when such disruption happens. They do not have that kind of equity strength.

How do you see interest rates move in the system?

At this point of time, I do not see chances of further rate cuts. A stable interest rate scenario is expected for some more time.

31 मार्च, 2022 तक जारी रहेगी मौजूदा विदेश व्यापार नीति

श्रेया नंदी
नई दिल्ली, 27 सितंबर



पीयूष गोयल
वाणिज्य एवं उद्योग मंत्री

"21 सितंबर तक निर्यात 185 अरब डॉलर पहुंच गया है। ये आंकड़े बहुत उत्साहजनक हैं और मैं निर्यातकों को इसके लिए बधाई देता हूं। मौजूदा एफटीपी को 6 महीने के लिए और बढ़ा कर 31 मार्च तक कर दिया गया है।"

वाणिज्य एवं उद्योग मंत्री पीयूष गोयल ने आज कहा कि मौजूदा विदेश व्यापार नीति (एफटीपी) अगले साल 31 मार्च तक चलती रहेगी। सरकार ने इससे पहले कोविड-19 संकट के कारण एफटीपी 2015-20 को इस साल 30 सितंबर तक बढ़ा दिया था।

गोयल ने कहा कि सरकार की ओर से एकत्र किए गए हाल के आंकड़ों के मुताबिक भारत ने चालू वित्त वर्ष में अब तक 185 अरब डॉलर का निर्यात किया है। फेडरेशन आफ एक्सपोर्ट ऑर्गेनाइजेशन (फियो) की ओर से आयोजित एक कार्यक्रम में गोयल ने कहा, '21 सितंबर तक निर्यात 185 अरब डॉलर पहुंच गया है। ये आंकड़े बहुत उत्साहजनक हैं और मैं निर्यातकों को इसके लिए बधाई देता हूं।' चालू वित्त वर्ष में निर्यात का लक्ष्य 400 अरब डॉलर रखा गया है।

मंत्री ने कहा कि मौजूदा एफटीपी 6 महीने के लिए और बढ़ा दिया गया है। एफटीपी में वस्तुओं और सेवाओं के निर्यात को बढ़ावा देने के लिए नीतिगत दिशानिर्देश होते है, साथ ही इसमें घरेलू व वैश्विक बाधाएं दूर करने की कवायद की जाती है।

मौजूदा नीति 1 अप्रैल, 2015 में आई थी और यह 5 साल के लिए थी। बहरहाल नई एफटीपी टल गई और मौजूदा नीति को ही 31 मार्च, 2021 तक के लिए बढ़ा दिया गया, क्योंकि महामारी के कारण व्यवधान आया और देशव्यापी लॉकडाउन हुआ था।

इस साल की शुरुआत में इस नीति को दूसरी बार 30 सितंबर तक के लिए विस्तार दिया गया था। यह पहले की ही तरह किया गया और सरकार ने विभिन्न निर्यात संवर्धन योजनाओं के तहत मिल रहे प्रोत्साहनों को इस अवधि के लिए जारी रखा है।

मंत्री ने कहा, 'हम इसे आज शाम या कल अधिसूचित कर रहे हैं। हमने इस नीति को 31 मार्च तक बढ़ाने का फैसला किया है और नए वित्त वर्ष से हम नई नीति शुरू कर सकते हैं।' उन्होंने कहा कि सरकार को उम्मीद है कि कोविड-19 से संबंधित मसलों का समाधान तब तक हो जाएगा।

मार्च के अंत तक बीपीसीएल का विनिवेश

त्वेष मिश्र
नई दिल्ली, 27 सितंबर

भारत पेट्रोलियम कॉर्पोरेशन लिमिटेड (बीपीसीएल) के चेयरमैन अरुण कुमार सिंह ने आज कहा कि कंपनी का विनिवेश मार्च, 2022 तक पूरा किया जाना है।

कंपनी की सालाना आम बैठक के बाद आयोजित संवाददाता सम्मेलन में सिंह ने कहा, 'सरकार ने कई मंचों और मौकों पर कहा है कि वह इस वित्त वर्ष में सौदा पूरा करने को इच्छुक है, जिसका मतलब मार्च, 2022 से है। इस तरह से अब तक इस मामले में कही गई स्थिति मार्च तक विनिवेश करने की है।' वह बीपीसीएल की विनिवेश प्रक्रिया पूरी किए जाने संबंधी सवाल का जवाब दे रहे थे।

अगस्त, 2021 में निवेश एवं सार्वजनिक संपत्ति प्रबंधन विभाग (दीपम) के सचिव तुहिन कांत पांडेय ने कहा था कि सरकार ने एयर इंडिया और बीपीसीएल का निजीकरण इस साल पूरा करने की योजना बनाई है।

लेकिन सितंबर, 2021 के पहले सप्ताह में फिच रेटिंग ने कहा कि बीपीसीएल के निजीकरण में देरी हो सकती है। एजेंसी ने कहा, 'बोलीकर्ता इस दिशा में काम कर रहे हैं, लेकिन बोलीकर्ता के कंसोर्टियम और मूल्यांकन सहित प्रक्रिया की जटिलता की वजह से इस काम में देरी हो सकती है।'

हरकत में सरकार

- सरकार ने कई मंचों और मौकों पर कहा है कि वह इस वित्त वर्ष में सौदा पूरा करने को इच्छुक है
- दीपम के सचिव तुहिन कांत पांडेय ने कहा था कि सरकार ने एयर इंडिया और बीपीसीएल का निजीकरण इस साल पूरा करने की योजना बनाई है

बीपीसीएल की हिस्सेदारी खरीदने के लिए केंद्र सरकार की पेशकश पर वेदांत, अपोलो ग्लोबल और स्क्वार्ड कैपिटल ने दिलचस्पी दिखाई है। केंद्र सरकार की इस सार्वजनिक क्षेत्र की तेल शोधन इकाई में 52.98 प्रतिशत हिस्सेदारी है। मौजूदा मूल्यांकन के हिसाब से संभावित खरीदार को सरकार की हिस्सेदारी खरीदने के लिए 50,000 करोड़ रुपये का भुगतान करना पड़ सकता है।

बीपीसीएल का डेटा रूम अप्रैल, 2021 में खोला गया था, जिससे बोलीकर्ता रिफाइनर के फाइनैंशियल डेटा पा सकें और इसका मूल्यांकन हो सके।

बीपीसीएल की हिस्सेदारी की बिक्री में इंद्रप्रस्थ गैल (आईजीएल) और पेट्रोनेट एलएनजी को लेकर भी स्पष्टता की जरूरत है।

इसके बारे में पूछे जाने पर सिंह ने कहा, 'हमने खुली पेशकश के लिए सेबी से छूट की मांग को लेकर लिखा है और अभी उनकी ओर से जवाब का इंतजार है। सेबी की प्रतिक्रिया के आधार पर दीपम, पेट्रोलियम मंत्रालय और सभी सरकारी निकाय यह फैसला करेंगे कि क्या किया जाना है। पीएलएल और आईजीएल के मसले पर अभी कुछ कहना जल्दबादी है। यह सभी सवाल खुली पेशकश के मसले से शुरू होंगे।'

बीपीसीएल अगस्त, 2021 से इस रुख पर कायम है। दीपम द्वारा कानूनी स्थिति के मूल्यांकन से पता चलता है कि बीपीसीएल का अधिग्रहण करने वाले को पेट्रोनेट एलएनजी और आईजीएल में 26 प्रतिशत शेयरों के अधिग्रहण के लिए अल्पांश हिस्सेदारों को खुली पेशकश करनी होगी। बीपीसीएल के नए मालिक पर इसका 19,000 करोड़ रुपये का बोझ पड़ सकता है। इस अतिरिक्त खर्च से बचने के लिए सेबी से छूट की मांग की गई है।

भारत गैस के रसोई गैस उपभोक्ताओं पर नजर

लागत को लेकर कुछ अधिकारों और हानि के बावजूद तेल क्षेत्र के सार्वजनिक उद्यम रसोई गैस के दाम को लेकर केंद्र सरकार के निर्देशों का पालन करते हैं। बीपीसीएल का निजीकरण होने वाला है। ऐसे में संभावना है कि कंपनी का नया मालिक संभवतः केंद्र के दिशानिर्देशों को नहीं सुनेगा।

इसकी वजह से बीपीसीएल के रसोई गैस अनुभाग भारत गैस के उपभोक्ताओं के लिए चिंता की बात है। इनमें से तमाम ग्राहक ऐसे हैं जो पीएमयूवाई के तहत आते हैं, जो कीमतों को लेकर और ज्यादा संवेदनशील हैं।

इस सिलसिले में बीपीसीएल के चेयरमैन अरुण कुमार सिंह ने बिज़नेस स्टैंडर्ड से कहा, 'बीपीसीएल के करीब 8.5 करोड़ उपभोक्ता हैं। इनमें से 2.1 करोड़ पीएमयूवाई के लाभार्थी हैं। हर किसी के दिमाग में है कि बीपीसीएल में क्या होने वाला है। एलपीजी ग्राहकों का आधार बहुत बड़ा है, जिसकी रक्षा करनी होगी। इसके मुताबिक व्यवस्था की जाएगी।'

इस मामले से जुड़े तेल मंत्रालय के एक अधिकारी ने कहा, 'जो भी बीपीसीएल को खरीदेगा, उसे केंद्र सरकार द्वारा तय रसोई गैस की कीमतों का पालन करना होगा। घरेलू बाजार में भारत गैस का बड़ा हिस्सा है और ग्राहक कीमतों को लेकर संवेदनशील हैं।'

बीएस बातचीत

विक्रेताओं के लिए बेहतर साबित होगी दीवाली सेल

एमेजॉन इंडिया के वाइस प्रेसीडेंट **मनीष तिवारी** का कहना है कि कोविड-19 ने ई-कॉमर्स सहित विभिन्न क्षेत्रों में डिजिटलीकरण को रफ्तार दी है। एमेजॉन इंडिया 3 अक्टूबर से द ग्रेट इंडियन फेस्टिवल (जीआईएफ) शुरू करने जा रही है। **पीरजादा अबरार** से बातचीत में तिवारी ने कहा कि इस साल 8,50,000 से ज्यादा विक्रेता ग्राहकों को अपने उत्पादों की पेशकश कर रहे हैं। मुख्य अंश...

जीआईएफ-2021 के लिए किस तरह की तैयारियां चल रही हैं?

पिछले 18 महीनों में महामारी की वजह से ऑफलाइन कारोबार करने वालों की ऑनलाइन में दिलचस्पी बढ़ी है। अब हमारे 8,50,000 से ज्यादा विक्रेता हैं, जिनमें से 3 लाख पिछले 18 महीने में जुड़े हैं। विक्रेता अब एमेजॉन ऐप का इस्तेमाल अंग्रेजी ही नहीं बल्कि हिंदी और दक्षिण भारतीय भाषाओं जैसे बंगाली, मराठी और गुजराती में भी कर रहे हैं। हमने फरवरी, 2020 में लोकल शॉप्स आन एमेजॉन कार्यक्रम शुरू किया। उस समय वह प्रायोगिक योजना थी। लेकिन महामारी के कारण हमने इसमें लोगों की व्यापक दिलचस्पी देखी है। इस दीवाली में 450 शहरों में हमारे 75,000 लोकल स्टोर्स होंगे, जो ऑनलाइन बिक्री करेंगे।

महामारी के कारण इस व्यापक बिक्री योजना में किस तरह की चुनौतियां आई हैं?

निश्चित रूप से लाखों ग्राहकों के जुड़ने से तकनीकी की उन्नयन की चुनौती थी। दूसरा भंडारण की जगह का मसला था। इस दीवाली में एमेजॉन की देश में भंडारण क्षमता 4.3 करोड़ घनफुट से ज्यादा है।

इस साल जीआईएफ से क्या उम्मीदें हैं?

हमारा ध्यान ग्राहकों और विक्रेताओं पर है। हमने सर्वे किया है, जिससे पता चलता है कि ज्यादा विक्रेता तकनीक का इस्तेमाल कर ऑनलाइन बिक्री में रुचि दिखा रहे हैं। इनमें से 90 प्रतिशत इस साल बिक्री बढ़ने की उम्मीद कर रहे हैं। इनमें से 40 प्रतिशत का कहना है कि बिक्री 50 प्रतिशत से ज्यादा बढ़ेगी। हम विक्रेताओं के लिए बुनियादी सुविधाएं बढ़ा रहे हैं।

पिछले साल से इस साल का इवेंट अलग कैसे है?

बड़ा अंतर यह है कि इस साल 75,000 लोकल स्टोर्स जुड़े हैं। मैं इस तरह के कारोबार को लेकर उत्साहित हूं। हमने पिछले साल से सीख ली है और हम छोटे व मझोले कारोबारियों से खरीद पर विशेष प्रोत्साहन दे रहे हैं।

ज्यादा ग्राहकों और विक्रेताओं को जोड़ने के लिए क्या कर रहे हैं?

हमारा इरादा उत्पादों की गुणवत्ता की वजह से पूर्वोत्तर से 50,000 विक्रेताओं को जोड़ने का है। सामान्यतया उन्हें भौतिक खुदरा बिक्री में देश में जगह नहीं मिल पाती। हमने इसके लिए विभिन्न मॉडल के फुलफिलमेंट बनाए हैं। आज विक्रेता के रूप में आप घर से बिक्री कर सकते हैं और हम वह सामान उस जगह से उठा सकते हैं। आप हमारे गोदामों का इस्तेमाल करके भी अपने माल की बिक्री कर सकते हैं। हमारे पास कई मॉडल हैं और यह इस पर निर्भर करता है कि विक्रेता किस मॉडल को प्राथमिकता देता है, जिसे हम पूरी कर सकते हैं। स्थानीय स्टोर (एमेजॉन के) यह फैसला कर सकते हैं कि वस्तुओं की डिलिवरी वे किस तरह करेंगे। अगर वे पेशेवर डिलिवरी (लोगों से) चाहते हैं तो हम ऐसा भी करेंगे।

ज्यादातर कामगारों को मिला पूरा वेतन

निकुंज ओहरी और इंदिवजल धस्माना
नई दिल्ली, 27 सितंबर

पहले संशोधित तिमाही रोजगार सर्वे (क्यूईएस) से पता चलता है कि 25 मार्च से 30 जून, 2020 के दौरान कोविड-19 की पहली लहर के कारण की गई देशबंदी में 9 संगठित गैर कृषि क्षेत्रों ने अपने 81 प्रतिशत कर्मचारियों को पूरा वेतन दिया, जबकि 27 प्रतिशत प्रतिष्ठानों ने नौकरियों में कटौती की।

सोमवार को जारी किए गए सर्वे से पता चलता है कि 69.5 प्रतिशत प्रतिष्ठानों ने देशबंदी की घोषणा के पहले दिन 25 मार्च की तुलना में 1 जुलाई, 2020 को तमाम लोगों की भर्तियां की। इस दौरान करीब 4 प्रतिशत प्रतिष्ठानों ने इस अवधि के दौरान भर्तियां बढ़ाईं।

इससे पता चलता है कि 16 प्रतिशत कर्मचारियों को घटा हुआ वेतन मिला और करीब 3 प्रतिशत लोगों को इस दौरान वेतन नहीं दिया गया। इक्रा में मुख्य अर्थशास्त्री अदिति नायर ने कहा, 'लॉकडाउन के दौरान रोजगार को हुए नुकसान और घटा वेतन मिलने या वेतन नहीं मिलने की वजह से कुल मिलाकर अनिश्चितता बढ़ी और इसकी वजह से वित्त वर्ष 21 की पहली तिमाही में खपत में गिरावट आई।'

सकल घरेलू उत्पाद पर आधिकारिक आंकड़ों के मुताबिक निजी अंतिम खपत व्यय, जिससे अर्थव्यवस्था में मांग का पता चलता है, इस अवधि के दौरान 26 प्रतिशत कम हुआ।
