**26. Overview of the entity's material responsible business conduct issues:**

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format.

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Raw Material Sourcing	Risk	Sugar industry is an agro based industry and its main raw material is sugarcane. In any year, if there is a shortfall in sugarcane production on account of adverse climatic conditions, the amount of sugar produced by the sugar mills is affected adversely. Apart from climatic conditions, the sugar cane crop may also be impacted by the occurrence of crop disease. Proper water management through irrigation during the formative stage of the cane is critical to the sucrose content and overall quality of the cane. In case the quality /quantity of cane is affected by any of the aforementioned conditions, we may not be able to optimally utilize our crushing capacity. This will directly affect our profitability.	We always make sure that sugarcane is sourced on time. When the sugar season begins we source best quality of sugar cane for which we conduct training of farmers. When the season of harvest begins we procure the sugarcane on time.  Out of our four sugar manufacturing units three is located in the state of Uttar Pradesh and one is in Uttarakhand. All the units have been located at the places where risk associated with sugar cane sourcing is minimum.	<b>Negative</b> In case of poor procurement of sugar cane, financials of the company can be impacted. Inefficient procurement practices in raw materials can lead to higher procurement costs and affect profit margins.
2	Raw material (Sugarcane availability)	Risk  Opportunity	Effect of climate change on agriculture produce, cyclic nature of sugar industry (demand supply cycle), Farmers shifting to other crops and urbanization.  Opportunity to increase the sugarcane yield, recovery, Allotment of Additional Cane Area by the Government.	Sourcing of sugarcane produced through sustainable farming practices, Timely payment to farmers.	<b>Negative</b>  <b>Positive</b>
3	Ethanol	Opportunity	Government encouraging the blending of ethanol in petrol and also provide various benefits to increase indigenous production of ethanol. Beyond 20% blending allowable by the Govt, which will further improve the results of the segment.	Not Applicable.	<b>Positive</b> Higher profitability alongwith increase in proportion of more stable segment i.e. Ethanol in revenue mix.
4	Water Management	Risk	Water being a finite resource will pose a risk to the operations of our business.	Uttam Sugar Mills Limited has implemented several measures to mitigate the risks associated with water management.  The company has taken various measures to reduce water consumption in the manufacturing process of Sugar.  In Sugar units, Company is operating with zero ground water extraction.  The Company has also implemented rainwater harvesting systems to store rainwater for use in its manufacturing process.	<b>Negative</b>

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
5	Waste Management	Opportunity	Sustainable waste management practices and recycling can improve environmental performance and reduce dependency on virgin raw materials, while also potentially increasing financial returns.	To do Better our waste segregation and collection processes to improve the efficiency of the process.  All waste generated being used for different purposes.	<b>Positive</b> Uttam's efforts are channelized towards low waste generation in their operations so that cost can be reduced and efficiency can be increased.  Further, proper waste management can lead to increased efficiency in the use of raw materials, as waste can be recycled or reused in production processes and also being used for different purposes.
6	Consumer Welfare	Opportunity	To distinguish ourselves as market leaders and most the preferred consumer brand.	Uttam has established strong market connects and build legacy brands that ensure consumer welfare is ensured	<b>Positive</b> Goodwill amongst consumers will convert into product sales.
7	Health & Safety of employee and workers	Risk	This can lead to decreased productivity. Health and safety risks can result in employee injuries and illness impacting productivity and increase in other related cost. Hazardous operations, employee safety is crucial.	Many efforts and initiatives have been put in place to ensure employee health and safety. We always provide our employees with safety gear and equipment to make sure they are safe.	<b>Neutral</b> Any cost put towards employee health and safety will yield positive results in the long term.
8	Human Capital Development	Opportunity	Development of employees and workers through training and skill-building programs can lead to increased productivity and operational efficiency. Well-trained employees/ workers are better equipped to maintain quality standards and adhere to safety protocols, reducing the risk of product defects, recalls, and related expenses.	Not Applicable	<b>Positive</b>
9	Climate Risk	Risk	Climate Change can have adverse impact on our business and not having a correct strategy or its right implementation will severely affect the business continuity.	Though, we do not have any mitigation measures to tackle climate change related risk. However, we make sure that our production process is not hampered, and timely production and delivery of products is ensured.	<b>Negative</b> Substantial Impact on profitability of the company.
10	Energy & Emissions	Opportunity	Processes and Systems are in place to ensure maximum energy efficiency and reducing emissions. This will also result in reduce its operational costs, improve its environmental impact, and potentially benefit from incentives and carbon credits.	At Uttam, we have taken various steps to reduce the greenhouse gas emissions (GHG) and increase usage of Solar panels, LEDs etc. to manage energy efficiently. Additionally, under the power purchase agreement we are generating revenue by selling excess energy back to the grid.	<b>Positive</b> Any cost, put for improving the energy management and processes to reduce the GHG Emissions will fetch positive outcomes and reduced cost in the long run.

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
11	Regulatory Compliance	Opportunity	Regulatory compliance provides, an increase in the efficiency of products, reduce risks, enables competitive advantage, and creates new business opportunities. Regulatory compliant businesses are less likely to face legal or regulatory action, and damage to reputation.	Not Applicable.	<b>Positive</b> We at Uttam, make sure that our Company shall be a regulatory compliant Company. Regulatory compliant businesses are less likely to face legal or regulatory action, and damage to reputation.
12	Corporate Governance	Risk	The Indian Sugar industry is highly regulated, with policies related to pricing, export, and import. Therefore, Good corporate governance practices ensures that the company avoiding legal issues and penalties.	To strengthen our governance framework, we have developed and implemented internal SOPs across all functional areas, tailored to meet the specific needs of our industry. We at Uttam always ensures transparency and compliance. We regularly provide training sessions for employees and workers on ethical conduct, code of conduct of the Company.	<b>Negative</b>
13	CSR	Opportunity	Need Assessment done prior to project execution gives us the voice and stance of the community along with their consent to operate.	Uttam Sugar is taking all the possible steps in respect of Uttam's CSR initiatives.	<b>Positive</b> The benefits of our CSR endeavors bring to the community generates goodwill and enhances our reputation thereby having long term financial benefits.
