Sub: **Approval and Bulk manufacturing of Automotive Blade-Fuse**

Dear Sir / Madam,

We are pleased to inform that Automotive Research Association of India (ARAI) has approved our Ultra make range of 'Blade-Fuse' ratings from 5 Amps to 40 Amps.

Now, we are going to start Bulk Manufacturing of Blade-Fuse which are high-on-demand for all Cars, Trucks, Buses etc. and best suitable for All-Electric cars, Hybrid Cars and other 4-wheelers.

Since, presently in India, major share of Blade Fuse are imported from Japan, China and Taiwan, approval to Ultra Blade Fuse will be a big step towards 'Make-in-India' initiative.

Please take a note of the above.

Thanking you.

For Ultra Wiring Connectivity System Ltd.

Sanjay Mathur
(Managing Director)
