Vedanta Limited
Restart of certain units of Power plants at Jharsuguda

Subsequent to our announcement dated September 14, 2017, w.r.t the order dated September 13, 2017 directing temporary closure of the five power plant units (three units of 135 MW each of the 1215 MW power plant, and two units of 600 MW each of the 2400 MW power plant), the State Pollution Control Board, Odisha ('SPCB') has revoked closure of three units (two units of 135 MW each and one unit of 600 MW) on September 20, 2017.

The revocation order will help the Company get complete reliable power generation back in place, satisfying the current requirement for Smelter operations and will not need to purchase the 200 MW stated in the release dated September 14, 2017.
