Dear Sir/Madam,

Sub: Intimation under Regulation 30 of SEBI (LODR) Regulations, 2015 – Formation of a New Strategic Venture for Manufacturing of High Voltage Bushings.

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we are pleased to inform the Exchange that Vilas Transcore Limited has decided to enter into a strategic partnership with its Promoters to form a new company dedicated to the manufacturing of High Voltage Bushings.

This proposed venture will mark the Company's entry into a niche, high-entry-barrier segment of the electrical infrastructure industry. The entity will focus on the design, development, and manufacturing of high-end bushings ranging from 12kV to 400kV.

To facilitate potential global collaborations and maintain strategic agility, the Company will initially hold a 25% equity stake in the new entity. The remaining balance will be held by the existing Promoters of the Company.

The inaugural phase will focus on intensive Research & Development (R&D), Design, and Product Development. The entity has a clear roadmap toward commercialization, with a phased product rollout expected to commence in approximately one year.

We request you to take the above information on record.

Thanking you,

Yours faithfully,

For Vilas Transcore Limited,

Gandhali Gurunath Paluskar

Company Secretary & Compliance Officer
