CONCESSIONAL-DUTY IMPORTS OF 20K UK-BUILT CARS IN 1ST YEAR

# DGFT notifies quota norms for UK car imports under FTA

AKBAR MERCHANT  
Mumbai, July 10

OPERATIONALISING IMPORTS

- Only OEM, or dealers and channel partners authorised by UK vehicle manufacturers, will be eligible to apply for quota
- Applicants will have to submit a pre-purchase pact issued by the OEM specifying the proposed import quantity
- The allocation mechanism will depend on overall demand

- If demand exceeds the notified limit, allocations will be made on a pro-rata basis
- The annual quota for conventional-engine passenger cars will gradually increase to 37,000 units by the fifth year

The Directorate General of Foreign Trade (DGFT) has operationalised the automotive import provisions under the India-UK Comprehensive Economic and Trade Agreement (CETA), enabling imports of up to 20,000 UK-built internal combustion engine (ICE) passenger vehicles at concessional customs duty in the first year through a tariff rate quota (TRQ) mechanism.

The public notice completes the operational framework for implementing the market access commitments under the trade agreement by prescribing the annual quota, eligibility conditions, quota allocation methodology, customs documentation and utilisation norms for importers seeking the lower tariff. The move is expected to facilitate imports of premium and luxury vehicles from the UK while ensuring that the concessional-duty regime remains tightly regulated.

Under the notification, only original equipment manufacturers (OEM), or dealers and channel partners authorised by UK vehicle manufacturers, will be eligible to apply for quota allocations. Applicants will have to submit a pre-purchase agreement issued by the OEM specifying the proposed import quantity, while every consignment must be accompanied by a valid UK Certificate of Origin. The conditions effectively bar unauthorised traders from accessing the concessional-duty quota. DGFT has also advised importers to endeavour to pass on the benefit of the lower customs duty to consumers.

The allocation mechanism will depend on overall demand. If applications remain within the annual quota, importers will receive the quantity sought. However, if demand exceeds the notified limit, allocations will be made on a pro-rata basis according to the quantities specified in the pre-purchase agreements. DGFT will issue TRQ certificates electronically and monitor cumulative utilisation, with fresh authorisations ceasing once the annual quota is exhausted.

To improve utilisation, the notification provides that importers failing to use significant portion of their allotted quota during a TRQ year may face lower allocations in the following year. The Directorate has also retained the flexibility to review the allocation methodology after two years based on utilisation trends.

TRQ authorisations will remain valid for 12 months from the date of issue or until the end of the relevant calendar year, whichever is earlier.

India will allow concessional-duty imports of 20,000 UK-built passenger cars in the first year, comprising 10,000 vehicles with petrol engines above 3,000 cc or diesel engines above 2,500 cc, 5,000 vehicles with petrol engines between 1,500 cc and 3,000 cc

(or diesel engines up to 2,500 cc), and another 5,000 vehicles with engines up to 1,500 cc. Under CETA, the annual quota for conventional-engine passenger cars will gradually increase to 37,000 units by the fifth year, while customs duty will eventually decline to 10%.

Separate TRQ schedules have also been notified for ICE goods vehicles. A dedicated quota regime for electric, hybrid and hydrogen-powered passenger vehicles will come into force from the sixth year of the agreement. The framework is expected to benefit UK premium and luxury vehicle makers such as Jaguar Land Rover, MINI, Bentley, Rolls-Royce, Aston Martin, McLaren and Lotus, while retaining annual quantitative limits and strict origin requirements.

Under the notification, only original equipment manufacturers (OEM), or dealers and channel partners authorised by UK vehicle manufacturers, will be eligible to apply for quota allocations. Applicants will have to submit a pre-purchase agreement issued by the OEM specifying the proposed import quantity, while every consignment must be accompanied by a valid UK Certificate of Origin. The conditions effectively bar unauthorised traders from accessing the concessional-duty quota. DGFT has also advised importers to endeavour to pass on the benefit of the lower customs duty to consumers.

The allocation mechanism will depend on overall demand. If applications remain within the annual quota, importers will receive the quantity sought. However, if demand exceeds the notified limit, allocations will be made on a pro-rata basis according to the quantities specified in the pre-purchase agreements. DGFT will issue TRQ certificates electronically and monitor cumulative utilisation, with fresh authorisations ceasing once the annual quota is exhausted.

## Vikram Solar to set up ₹15,000-cr TN battery unit

FE BUREAU  
Mumbai, July 10

VIKRAM SOLAR ON Friday signed a memorandum of understanding (MoU) to set up a battery energy storage systems (BESS) manufacturing facility at the SIPCOT Industrial Park at Gangaikondan in Tirunelveli district in Tamil Nadu for an investment of ₹15,037 crore. The unit is expected to generate 2,670 jobs.

The facility, spread across nearly 600,000 square feet, is designed to eventually house

module, cell, wafer and ingot production as part of the company's push towards a fully vertically integrated

manufacturing base. The battery storage plant extends that strategy into energy storage.

Vikram Solar already operates solar photovoltaic (PV) module manufacturing facilities at Oragadam and Vallam in Tamil Nadu. The company has also set up an integrated manufacturing facility for solar PV cells and modules at Gangaikondan, according to an official release.

Vikram Solar's subsidiary, VSL Powerhive, is separately developing a 5 GWh BESS manufacturing unit at Ora-

gadam under a board-approved Phase I capital outlay of roughly ₹4,371 crore, as part of a long-term plan for 30 GWh of combined battery cell, module and BESS capacity.

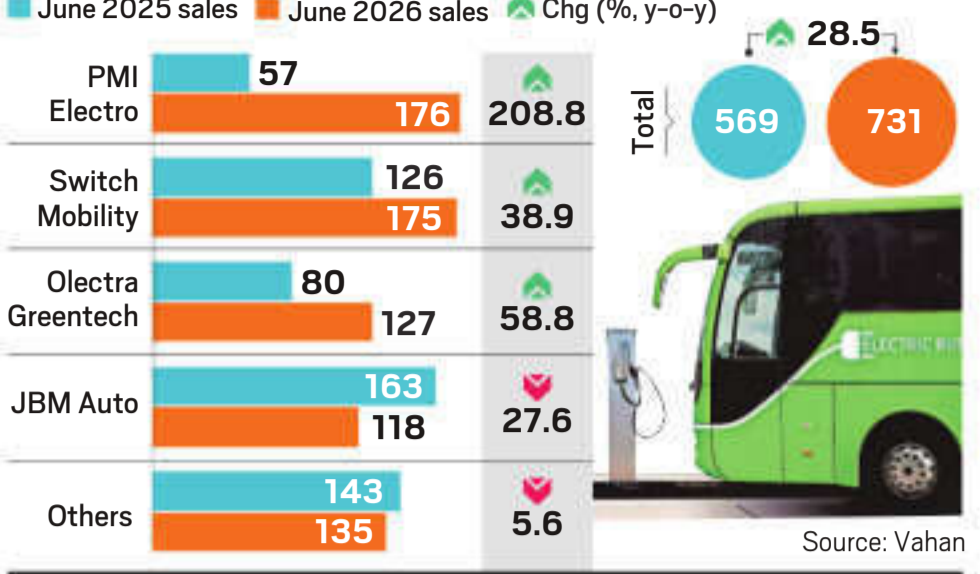

The MoU was signed between the industries, investment promotion and commerce department and Vikram Solar in the presence of Tamil Nadu Chief Minister C Joseph Vijay at the Secretariat in Chennai.

The company's stock rose 5.12% on Friday to close at ₹203.30 apiece on BSE.

# June e-bus registrations up 28.5%

NITIN KUMAR  
New Delhi, July 10

GATHERING MOMENTUM

ELECTRIC BUS REGISTRATIONS in the country rose 28.5% year-on-year to 731 units in June from 569 units in the corresponding month last year, as government-backed procurement gathered momentum, according to the Vahan registration data.

The data showed that electric buses accounted for 4.6% of the 15,751 buses registered during the month, up from a 4% share of the 14,292 buses registered in June 2025, signalling a gradual increase in electrification of the bus segment.

PMI Electro emerged as the market leader in the electric bus segment in June, registering 176 buses to capture around 24% of total registrations. PMI Electro's registrations more than tripled from 57 units in June last year. Switch Mobility followed closely with 175 registrations, up from 126 units a year earlier, while JBM Auto slipped to

fourth position with 118 registrations, down from 163 units in June 2025, when it was the market leader.

Olectra Greentech registered 127 buses during the month, while Volvo Eicher Commercial Vehicles and Tata Motors were distant contenders with 42 and 20 registrations, respectively.

The rise in registrations comes as deliveries under the Centre's PM E-Drive and PM e-

Bus Sewa schemes have begun gathering pace after the award of large procurement contracts over the past year. Together, the two schemes aim to deploy over 24,000 electric buses across cities, with tenders for around 20,000 buses already awarded. The remaining procurement for nearly 3,600 buses is currently under bidding.

The June registration figures reflect the early execution of these orders, with buses

beginning to enter service across state transport undertakings. Around 1,500 electric buses have been deployed since January across Delhi, Assam, Maharashtra, Gujarat and Odisha, while the country's largest-ever tender for 10,900 electric buses, awarded in December 2025, is now entering the delivery phase. Industry executives expect monthly registrations to accelerate as manufacturers ramp up supplies against the growing order book.

"The pace of electric bus penetration was relatively gradual in the initial phase, largely reflecting the time required to complete tendering and procurement processes. With tenders now concluded for approximately 80% of the e-buses under the two central government schemes, we expect deployment across public fleets to accelerate in the coming months," said Amit Bhatt, managing director-India, International Council on Clean Transportation (ICCT).

FROM THE FRONT PAGE

## FCNR(B) deposits: FM to meet banks

EXPERTS BELIEVE THE FCNR(B) scheme could bring in \$50-60 billion, with a significant portion expected through leveraged loans. The window for mobilising deposits remains open until September 30.

"Between August and September is when significant amounts should come in. Most of the preparatory work is now behind us," the official said, adding that there are no plans at present to extend the scheme beyond September.

According to another official, the mobilisation drive is expected to be led by State Bank of India, Bank of Baroda, Canara Bank, Punjab National Bank and, to some extent, Bank of India because of their overseas presence and large NRI customer base.

Although all banks are allowed to mop up FCNR(B) deposits, those without an extensive international network would need to team up with larger lenders that have

overseas operations to source deposits.

"No bank would want to remain outside the scheme. It is an opportunity that everyone would like to cash in on in some way," the official said.

Announced on June 5, the RBI package is aimed at boosting foreign exchange inflows, improving dollar liquidity and supporting the rupee. The measures remove interest rate caps on fresh FCNR(B) and NRE deposits until September 30, exempt FCNR(B) deposits from Cash Reserve Ratio (CRR) and Statutory Liquidity Ratio (SLR) requirements, and introduce a special swap facility under which the central bank bears the full hedging cost for fresh three- to five-year FCNR(B) deposits mobilised between June 8 and September 30.

The initiative is modelled on the FCNR(B) mobilisation scheme introduced during the 2013 external sector stress but has been adapted to current global market conditions.

## Oil reserve push amped up; ONGC clears \$1.6-bn plan

THE FACILITIES ARE operated by Indian Strategic Petroleum Reserves, a special purpose vehicle under the Oil Industry Development Board. The existing Mangaluru reserve has a capacity of 1.5 MT. Mangalore Refinery and Petrochemicals, an ONGC subsidiary, has leased half of the existing Mangaluru facility, while the remaining capacity is leased to Abu Dhabi National Oil Company.

India's reserve strategy is also being linked with wider energy cooperation. During Prime Minister Narendra Modi's visit to the UAE earlier this year, ADNOC announced plans to raise crude holdings in India's strategic reserves to up to 30 million barrels. Under a separate agreement, India will explore potential crude storage at Fujairah as part of its strategic reserves, while the two sides also agreed to collaborate on LPG and LNG storage facilities in

India. According to petroleum ministry data cited by S&P Global, India's SPRs currently provide coverage of about 9.5 days of net oil imports, while state-run oil companies hold crude and petroleum product storage equivalent to 64.5 days of net imports, taking total national storage capacity to about 74 days. International Energy Agency member countries are required to maintain oil stocks equivalent to at least 90 days of net imports.

Separately, the ministry of petroleum and natural gas has constituted a task force to assess India's strategic reserves of crude oil, liquefied petroleum gas and natural gas, and recommend measures to expand storage capacity in view of rising geopolitical risks. The government has also directed oil marketing companies to maintain at least 30 days' worth of LPG stocks to strengthen energy security.

**NOTICE OF 34TH ANNUAL GENERAL MEETING (AGM) AND REMOTE E-VOTING INFORMATION**

Notice is hereby given that the Thirty Fourth (34th) Annual General Meeting (AGM) of the Company will be held on **Monday, August 3, 2026 at 4.45 P.M.** at the Registered Office of the Company at Udyog Vihar, P.O. Chorchata, Rewa - 486 006 (M.P.).

The Annual Report for the Financial Year 2025-26, including Notice of AGM setting out the businesses to be transacted thereat, along with Proxy Form and Attendance Slip have been sent through electronic mode to all those Members whose e-mail address(es) are registered with the Company or Registrar and Share Transfer Agents (RTA) of the Company or respective Depository Participants (DPs). Further, in accordance with Regulation 36(1)(b) of the SEBI (Listing Obligations and Disclosure Requirements), Regulations, 2015, the Company has sent a letter providing the web-link, including the exact path, where complete details of the Annual Report 2025-26 including Notice of AGM are available on Company's website, to those Members who have not registered their e-mail address(es) with the Company/RTA/DPs.

The Annual Report 2025-26 including Notice of 34th AGM and other documents are available on the website of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at <https://www.bseindia.com> and <https://www.nseindia.com> respectively and are also available for inspection at the Registered Office of the Company during normal business hours on all working days except Saturday's upto and including the date of AGM.

The Company has fixed **July 27, 2026 as the "Record Date"** for the purposes of the 34th AGM and determining the names of members eligible for dividend on equity shares, if declared at the AGM. If the dividend on Equity Shares, as recommended by the Board of Directors, is declared at the 34th AGM, such dividend will be paid, subject to deduction of tax at source (TDS), as applicable, on or before August 31, 2026. In order to enable the Company to determine the appropriate tax rate at which tax has to be deducted at source under the respective provisions of the Income-Tax Act, 2025 and rules framed thereunder, eligible shareholders are requested to provide the requisite details and documents as applicable on or before July 27, 2026 at [bcldivtax@in.mfpm.mufg.com](mailto:bcldivtax@in.mfpm.mufg.com). For more details, please refer to the "Notes" given in the Notice of AGM. Members are requested to update their PAN and Bank Account details with Registrar and Share Transfer Agents (RTA) of the Company - MUFG Intime India Private Limited (Formerly known as Link Intime India Private Limited), by submitting Form ISR-1/ISR-2 along with necessary documents at their office located at C-101, Embassy 247, LBS Marg, Vikhroli (West), Mumbai - 400083 (in case of shares held in Physical mode) or with their respective Depository Participant(s) (in case of shares held in Demat mode).

**Remote e-Voting Information:**  
Pursuant to the provisions of Section 108 of the Companies Act, 2013 and Rule 20 of the Companies (Management and Administration) Rules, 2014 and Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company is pleased to provide to its members facility to exercise their right to vote by electronic means in respect of the businesses to be transacted at the AGM. The facility of casting votes by the members using an electronic voting system from a place other than venue of the AGM ("Remote e-Voting") will be provided by Central Depository Services (India) Limited (CDSL), <https://www.evotingindia.com> which would enable members to cast their vote electronically on all the items of businesses given in the Notice of AGM. The Remote e-Voting information has been provided in the Notice of AGM sent to the members of the Company. Please read carefully the instructions given in the Notice of AGM for voting through electronic means. The Notice of AGM is also disseminated on the website of CDSL.

**The Remote e-Voting period shall commence on Friday, July 31, 2026 at 9.00 A.M. and end on Sunday, August 2, 2026 at 5.00 P.M.** The Remote e-Voting shall not be allowed beyond the said date and time and shall be disabled by CDSL for voting thereafter.

Members whose name is recorded in the Register of Members or in the Register of Beneficial Owners maintained by Depositories as on **July 27, 2026 ("cut-off date")**, shall be entitled to avail the facility of Remote e-Voting and/or voting at the AGM. Any person who becomes a member of the Company after dispatch of the Notice of AGM and holding shares as on the cut-off date may obtain the User ID and Password by sending a request at [helpdesk.evoting@cdsindia.com](mailto:helpdesk.evoting@cdsindia.com).

The facility for voting through Ballot/Polling Paper shall be made available at the AGM. Members who have cast their vote by Remote e-Voting may attend the AGM but shall not be allowed/entitled to cast their vote again at the AGM.

In case of any queries relating to Remote e-Voting, the members may refer the Frequently Asked Questions ("FAQs") and e-Voting manual available under "Help" Section at <https://www.evotingindia.com>. All grievances connected with the facility for voting by electronic means may be addressed to Shri Rakesh Dalvi, Senior Manager, Central Depository Services (India) Limited, A Wing, 25th Floor, Marathon Futrex, Mafatal Mill Compounds, N. M. Joshi Marg, Lower Parel (E), Mumbai - 400013 or send an email to [helpdesk.evoting@cdsindia.com](mailto:helpdesk.evoting@cdsindia.com) or call at Toll Free No. 1800 2109 911.
