Dear Sir/Madam,

With reference to the Operational Highlights released by the Company, we wish to clarify the presentation of the revenue figures disclosed therein.

The Company's Revenue from Operations for the relevant period was ₹40.4 Crores. Of this, ₹39.4 Crores represents revenue generated from the sale of products and services.

The SaaS Services Revenue of ₹17.9 Crores forms part of the above-mentioned ₹39.4 Crores and has been disclosed separately only to provide an operational break-up of the Company's revenue streams and to highlight the contribution of its SaaS business segment.

Accordingly, the SaaS Services Revenue of ₹17.9 Crores should not be interpreted as additional revenue over and above the Revenue from Sale of Products and Services or the Revenue from Operations. It is already included in the Company's reported Revenue from Operations and has been presented separately solely for the purpose of providing greater transparency into the composition of the Company's operating revenue.

We submit this clarification for the information of the Exchange and stakeholders to facilitate a clear understanding of the revenue disclosures contained in the Operational Highlights.

You are requested to take the aforesaid on record.

Thanking You,

Yours Truly,

For **Virtual Galaxy Infotech Limited**
