**excluding Other Income*

Operational Highlights:

- **Revenue from Operations** increased by 25% year-on-year in Q1 FY27, reaching **₹62 crore** supported by new high-value order wins and their subsequent execution during the quarter

- **EBITDA** stood at **₹11 crore in Q1 FY27,** 8% Y-o-Y decline. The quarter saw the Hosur facility becoming fully operational; however, with capacity utilization still ramping up, the facility is yet to contribute to its full potential.

- **Profit After Tax** (PAT) grew by 103% year-on-year to ₹6 crore during Q1 FY27. The corresponding quarter last year was impacted by a higher tax outgo arising from certain tax adjustments.

- **Earnings Per Share** (EPS) for Q1 FY27 stood at ₹2.14

Management Commentary

Commenting on the performance, Mr. Sanal Kumar, Director and CEO said:

"We have started FY27 on a positive note, with consolidated revenue from operations growing 25% year-on-year to ₹62 crore and Profit After Tax increasing 116% to ₹6 crore. The quarter also reflects our continued focus on operational efficiency, with PAT margins improving to 9.5% compared to 5.5% in Q1 FY26.

During the quarter, certain project awards and fund allocations experienced a temporary deferment due to external factors, impacting the pace of order inflows and execution. However, this remains primarily a matter of timing rather than a change in the underlying opportunity pipeline, and the process is now progressing as expected, with improving visibility on project execution. We anticipate the deferred opportunities to progressively translate into order inflows and execution over the coming quarters.

The quarter also witnessed some supply-chain disruptions amid ongoing geopolitical developments, which had an impact on procurement timelines. However, our diversified supplier base and strong relationships with multiple vendors enabled us to manage the situation effectively and ensure continuity of operations, with limited impact on our overall execution.

With a healthy pipeline of opportunities and improving visibility on project activity, we remain confident of achieving our full-year objectives for FY27. As project activity gains momentum, we expect the deferred opportunities and increasing utilisation across our operations to support performance in the coming quarters. Going forward, our focus will remain on timely execution, strengthening our order pipeline and leveraging opportunities across our infrastructure segments. We remain confident in the underlying growth prospects of the business and our ability to deliver sustained performance through FY27."
