Dear Sir/Madam,

Sub: Submission of Investor Presentation Under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements), Regulations, 2015

With reference to Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we are pleased to submit the Investor Presentation as part of our commitment to transparent communication with our stakeholders.

Enclosed herewith is the comprehensive Investor Presentation, which provides a detailed overview of our company's achievements, financial performance, strategic initiatives for sustainable growth, and future plans. It encapsulates the key highlights of our journey, accomplishments, and outlook.

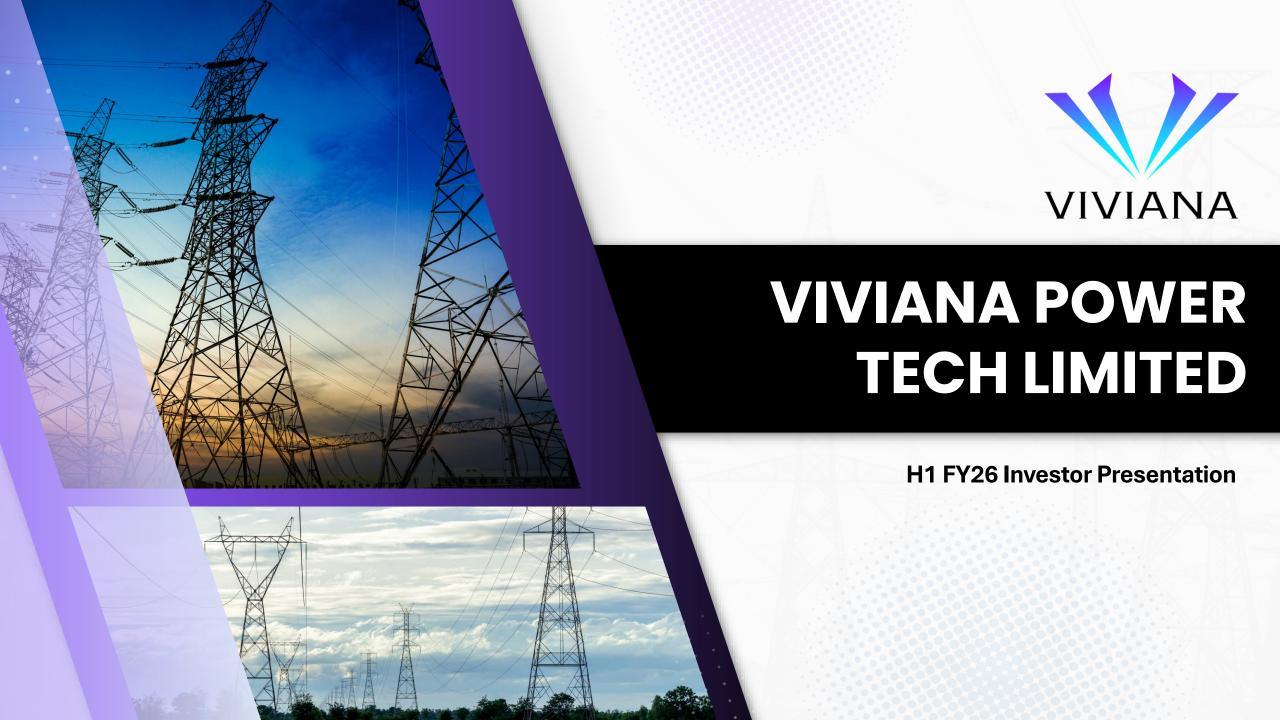

We request you to take the same on record.

Thanking you,

Yours faithfully, For Viviana Power Tech Limited

(Kavaljit Nishant Parmar) Company Secretary & Compliance Officer Mem. No. A53248

Enclosed: As above

SAFE HARBOUR STATEMENT

This presentation and its accompanying materials (collectively, the "Presentation") have been prepared by Viviana Power Tech Limited ("Viviana," "the Company," or "we") for informational and discussion purposes only. This Presentation does not constitute an offer to sell or solicitation of an offer to purchase any securities, investment advice, or recommendation, nor should it be relied upon as the basis for any investment decision or contractual commitment. Any securities offering by the Company will be made exclusively through formal offering documents containing complete information about the Company, its business, and associated risks.

While the information contained herein has been compiled from sources the Company believes to be reliable, the Company makes no representations or warranties, express or implied, regarding the accuracy, completeness, or fairness of the information presented. This Presentation may not include all material information concerning the Company, and any reliance on this information is entirely at the recipient's own risk. The Company expressly disclaims all liability for any errors, omissions, or inaccuracies contained herein.

This Presentation contains forward-looking statements concerning the Company's business prospects, market opportunities, and strategic outlook based on current expectations and assumptions. These statements are subject to significant risks and uncertainties, and actual results may differ materially from those expressed or implied. Various factors may cause actual outcomes to vary, including economic conditions in India and internationally, industry trends and competitive dynamics, execution of business strategies, technological developments, revenue variability, market acceptance, regulatory changes, and other business risks. The Company undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise.

Any forward-looking statements, projections, or opinions attributed to third parties included in this Presentation are not endorsed by the Company, and the Company assumes no responsibility for their accuracy or reliability. By reviewing this Presentation, recipients acknowledge that they have read, understood, and agree to be bound by the terms of this disclaimer.

ABOUT THE COMPANY

Viviana Power Tech Ltd. is engaged in the business of Power Transmission, Distribution, and Industrial Electrical EPC Projects. The company provides a comprehensive range of services, including:

- Supply, Erection, Testing & Commissioning of Power Transmission Lines
- Development of EHV Substations & Power Distribution Networks
- Underground Cable Laying
- Upgradation & Modernization of Existing Power Systems
- BESS Solutions and renewable energy infrastructure development enabling integrated multi-energy ecosystems

The projects executed by the company include ±500 KV HVDC and 400/220/132/66/33 KV Transmission Lines and Substations for both government utilities, private power entities, and industries.

The company caters to state power utilities, private power entities, and renewable energy developers, acquiring projects through open bidding as well as preferential contracts.

With an EPC-driven business model, Viviana Power Tech Ltd. structures its operations around two key verticals:

- Supply of high-quality materials and equipment
- Service excellence through engineering expertise

The company remains committed to delivering sustainable, reliable, and future-ready power infrastructure.

Mission

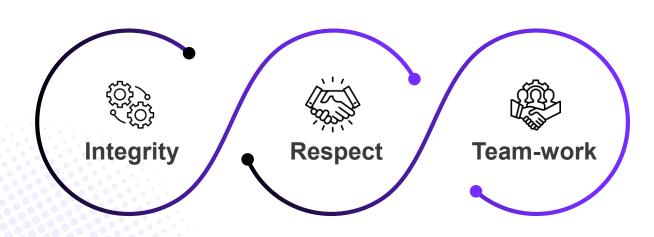

To consistently deliver excellence through unmatched quality, performance and technical know-how. .

Vision

To become the preferred choice of partner in power industry in India.

BOARD OF DIRECTORS

Mr. Nikesh Kishorchandra Choksi

Chairman & Managing Director

With over 41 years of experience in the power sector, the Chairman & Managing Director has worked with GETCO (21+ years), Torrent Power Ltd. (3 years), and Adani Transmission Ltd. (8+ years).

He brings deep expertise in Extra High Voltage (EHV) transmission system development and has successfully executed several large-scale projects, driving the company's expansion since 2016.

Mr. Richi Nikeshbhai Choksi

Whole-Time Director

Bringing more than 14 years of experience in the power sector, the Whole-Time Director began his career with Larsen & Toubro Ltd. (3+ years) before co-founding the company.

He specializes in project management and system development and has played a pivotal role in the company's growth since its inception in 2014.

Mrs. Priyanka Richi Choksi

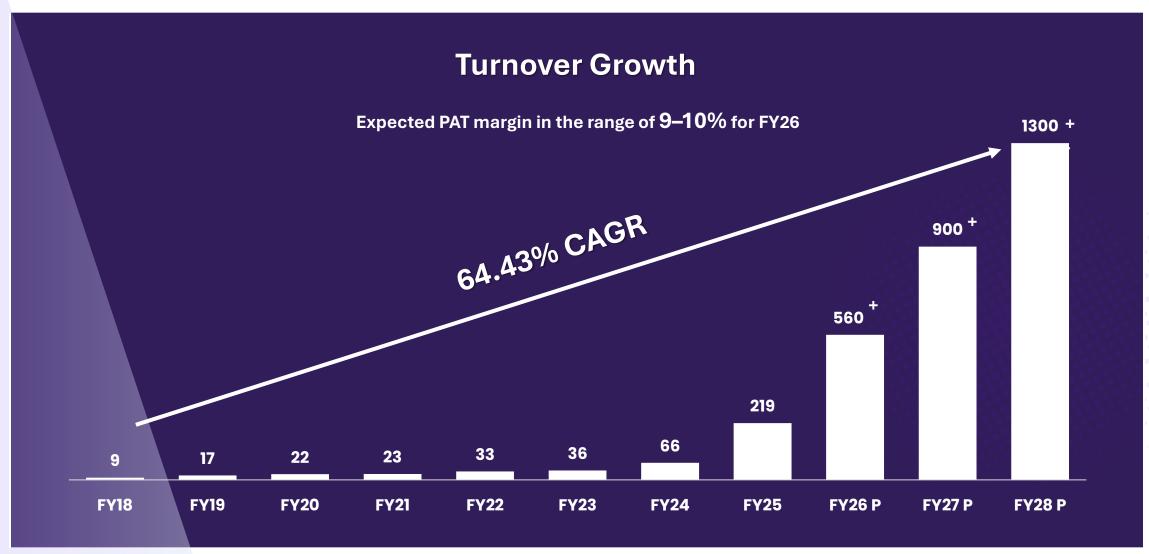

Whole-Time Director

Backed by strong experience in financial management, the Whole-Time Director initially joined as Chief Financial Officer (CFO) in 2014 and was designated as Director in August 2025.

She oversees administrative, financial, and risk management functions while contributing to strategic planning, KPI establishment, and the strengthening of financial systems.

REVENUE GROWTH PATHWAY

Note: Consolidated figures, Figures in ₹ crore, P - Projected

ESTABLISHING A STRONGHOLD IN THE EMERGING BESS SEGMENT

Entered the high-growth BESS segment with ₹511.20 Cr secured orders and strong momentum ahead.

100 MW / 200 MWh Battery Energy System - Rajasthan

• Client: RVUNL

 Scope: Standalone Battery Energy System under Tariff-Based Global Competitive Bidding with VGF support (BOO model)

Value: ₹302.46 Cr (including gst)

Status: LOA Received

Location: 220 kV Bhopalgarh, Jodhpur

65 MW / 130 MWh Battery Energy Storage Project – Gujarat

• Client: GUVNL

 Scope: Battery Energy Storage Systems under Tariff-Based Competitive Bidding with VGF (PSDF Phase-VII)

• Value: ₹208.74 Cr (including gst)

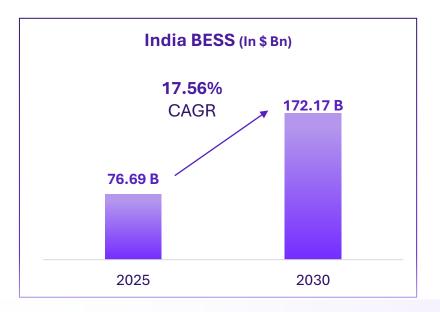

Status: L7 Declared

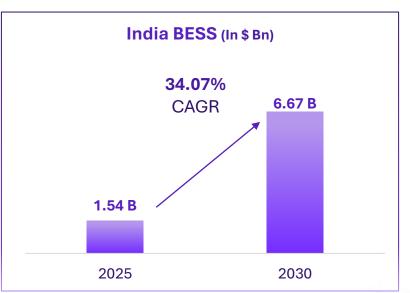

Location: 400 kV Asoj, Vadodara

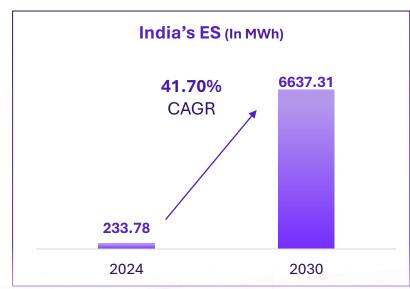

BESS Market Outllook

Government Policy Acceleration

- 4,000 MWh BESS VGF Scheme launched with up to 40% government funding support.
- Government approved a bigger 30 GWh national storage programme to scale grid-level storage.
- ISTS charges waived till 30 June 2028 for RE + Storage projects → major cost savings.
- Policies aim to support renewable integration, peak management, and grid stability.
- Strong push expected to attract large private investment and domestic manufacturing.

Key Drivers

- Renewable integration: Manages solar and wind intermittency, enabling RTC clean energy and grid stability.
- EV ecosystem growth: Supports charging infrastructure and peak load management.
- Grid stability: Provides frequency regulation, voltage support, and peak shaving to enhance grid reliability

CORE SERVICE OFFERINGS

Power Transmission Lines

EHV Substations

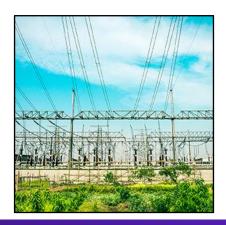

Power distribution network establishment

Underground cable laying

Modification and upgradation of system

Liasoning with govt.

Authorities and utilities

Manufacturing of Distribution Transformers.

Battery Energy Storage
Systems

9

STRATEGIC GROWTH ANCHORED BY EXECUTION EXCELLENCE

Expansion into Renewable EPC

Scaling our Engineering, Procurement & Construction (EPC) capabilities to capitalize on the accelerating demand for solar energy projects.

Robust Order Book = Revenue Visibility

A strong and diversified pipeline of order book ensures stable cash flows and long-term earnings predictability.

Geographic Diversification

Targeting strategic growth across underserved regions by the Company in India to mitigate risk and tap new revenue pools.

COMPELLING INVESTMENT PROPOSITION

Transformer Manufacturing Outlook

Current Manufacturing Facility

- ➤ Oil-Type Transformers:
- Rating capacity of 5,000kVA with an annual production capacity of up to 7,000 units p.a.

Strategic Growth Plan

- ➤ Capacity Expansion Roadmap:
- FY 25-26: Increase in rating capacity up to 7 MVA.
- FY 26-27: Increase in rating capacity up to 20.5 MVA
- > Production Volume Growth:
- FY 25-26: Increase up to 10,000 units p.a.
- FY 26-27: Increase up to 20,000 units p.a.

Pioneering in Energy Storage

Actively exploring utility-scale energy storage to strengthen grid resilience and support renewable integration.

MILESTONES & ACHIEVEMENTS

2023

Received Rs.93.94 Cr Projects from DGVCL for **RDSS** work

2024

· Achieved order booking of 260+ Cr. from Power **Distribution Utilities**

· Commencement of Distribution **Transformers** Manufacturing Unit. 2025

· Achieved order booking crossing 1,003+ Cr from Power Transmission and **Distribution Sector**
